JUNG'S SEED ANNUAL FOR 1939

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

✿ JUNG'S PREMIUM PAGE ✿

The Fine Flowers and Vegetables shown here are offered as Premiums to Jung Customers. Full details on opposite page.

Jung's Giant Fancy Iris

For size and beauty these fine Iris fairly rival orchids, they must be seen to be appreciated. They are easily grown and whether you order 3 or a dozen no two will be alike. 3 for 25c.; 6 for 40c.; 12 for 75c.; 25 for \$1.40. You may also have some of these fine Iris as a premium. See opposite page.

Jung's Giant Rainbow Gladioli

A superb mixture of truly fine "glads". We grow these grand flowers by the acre and want all of our customers to enjoy their rare beauty. You will be more than pleased with the size, beauty and glorious colors. Many of them will grow 3 to 4 ft. tall and produce flowers 4 to 5 in. across. 6 for 25c.; doz. 40c.; 25 for 75c.; 100 for \$2.75. You may also have some of these fine Gladioli as a Premium. See next page.

Penn State Ballhead Cabbage

One of the finest main-crop varieties. Produces large solid heads that are excellent keepers.

Best of All Carrot

Here is a carrot which is a leader for quality, size and yield. Grow 6 to 7 in. long, 1½ in. in diameter, very easy to dig. Flesh very crisp, tender and remarkably fine in quality.

Red Globe Tomato

A tomato which we want you to try. It is disease resistant, ripens early and bears a very heavy crop of large, smooth, globe shaped tomatoes. Truly an excellent all around variety.

Giant Fancy Snapdragons

A grand surprise is in store for you if you sow some of these fine new snapdragons. The size of the flowers and grand array of rich colors are remarkable.

Gloriana Dwarf Nasturtiums

A grand mixture of new single and double varieties, many of them are the sweet scented hybrids. Very easy to grow and remain in flower all summer.

Fantasy Zinnias

The petals of these beautiful Zinnias are twisted and curled like a Chrysanthemum. The flowers are of good size and being borne on long stems make wonderful bouquets well balanced mixture of attractive colors.

Instructions on Ordering

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same, together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 5.0c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

We will accept, at face value the same as cash, coupons for Seeds issued by any bonafide Federal, State or County Relief organization.

Please Use Order Sheet On Last Page

WE PREPAY DELIVERY CHARGES AS FOLLOWS:

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart; also on all bulbs and plants offered in quantities up to 1000. On plants in lots of 1,000 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds in quantities of over 3 pounds we do not pay charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

ORDERS ARE FILLED PROMPTLY

We usually fill orders the day they are received. This applies to orders for seeds that can be sent at any time during the winter. If the order includes potatoes, onion sets, plants, etc., which cannot be safely sent in cold weather, we are obligated to hold the order until it is safe to ship.

OUR RESPONSIBILITY

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

We refer you to any commercial agency, the Dairyman's State Bank or the postmaster at Randolph, Wisconsin.

DISCLAIMER

The J. W. Jung Seed Co. gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants it sells and will not be responsible for the crop.

C. O. D. ORDERS

We do not advise shipping orders C. O. D., as there is an extra charge of 15c on each order. However, if wanted we will ship orders C. O. D. if 25 per cent of the amount is enclosed when goods are ordered.

Errors or Mistakes

We are only human and will make errors, however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some items which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

Gardening Instructions Free

We are not satisfied to only sell you good seeds, we also want to see you have the finest garden in your neighborhood as this is the best "ad" we can have. At considerable expense we have gotten up complete cultural instructions for both Vegetables and Flowers which we send free when requested with every order. You will get much valuable information from these instructions.

FREE SEEDS

As has been our custom for many years we will include free with every order of 25c or more some choice Garden and Flower Seeds. The varieties are shown on opposite page and also listed below. You may select 1 pkt. for each 25c worth of seeds and plants ordered but not more than 6 pkts. to a customer.

LIST OF FREE SEEDS

CABBAGE—Penn State Ballhead
CARROT—Best of All
TOMATO—Red Globe
MASTURTIUM—Gloriana Dwarf Mixed
SNAPDRAGON—Giant Fancy
ZINNIA—Fantasy Mixed

NOTE—Free Seeds must be selected from list given above and positively cannot be selected from any part of catalog. Free Seeds wanted must be stated on your order.

PREMIUMS

On the opposite page we offer some very fine plants and bulbs which will delight any flower lover.

As a special inducement to have you order from Jung's this year you may have some of these choice bulbs or plants as a Premium if you enclose the coupon printed below with your order.

If your order amounts to \$1.50 or more you are entitled to 3 of the Gladioli. If it amounts to \$3.00 or over you may have either 6 Gladioli or 3 Iris, while if it amounts to \$5.00 or more you may have your choice of 12 Gladioli, 6 Iris or a Rosy Plume Spirea shown on page 36. Each order is entitled to only one of these Premiums and the coupon must be enclosed with the order.

Special Premium Coupon

This Coupon entitles you to select, absolutely free of charge, the following Premium:

- 1—With an order of \$1.50 or more 3 Rainbow Gladioli.
- 2—With an order of \$3.00 or more 6 Gladioli or 3 Iris.
- 3—With an order of \$5.00 or more 12 Gladioli or 6 Iris or 1 Rosy Plume Spirea.

PREMIUM SELECTED (Select only one.)

This Coupon must be enclosed with the order and only one Premium will be allowed on any one order.

J. W. JUNG SEED CO., Randolph, Wis.

10c Cash Coupon for Early Orders

As a special inducement to have you send in your order early, before our rush season, this Coupon will be accepted the same as 10c CASH on any order for seeds amounting to 50c or more if sent in on or before March 20, 1939. This Coupon does not apply on Plants or Shrubs.

J. W. JUNG SEED CO., Randolph, Wis.

Jung's Wholesale Prices on Garden Seeds

As is the custom with most seedsmen we make special prices to market gardeners or those planters requiring seeds in large quantities. These seeds are of the highest quality being grown by us or growers who have made a specialty of producing high grade pedigreed seeds. Quality considered we believe you will find our prices very reasonable. Remember it costs more to produce good seeds but they are also worth more when the resulting crop is taken into consideration. Without good seed the

best land and cultivation cannot yield you a profitable crop.

Please Notice At the prices quoted on this page we do not pay shipping charges, please state on your order whether we should ship by freight or express. We cannot fill any orders at these prices unless it amounts to \$3.00 or more. All prices subject to change.

NOTE—Half bushels may be ordered at bushel rates, half lbs. at lb. rates.

NOTICE- If Your Garden Seed Requirements amount to \$50.00 or more send us a list of your needs for Special Prices

What Our Customers Say:

Below we print a few of the unsolicited letters received from our customers. Our only regret is that we do not have space to print all of them.

C. E. Small, New York.—Had a wonderful good garden from your seeds last year. Had Spanish onions weighing a pound each—and did they sell!

Hallie Marshall, Wisconsin.—We have planted Jung's seeds for many years and usually have one of the finest gardens in our community.

Arthur C. Weber, Wash.—Have had many years of good successful gardening with your seeds.

Earl P. Greenland, Ind.—Last year I used your White Evergreen Corn and Tendergreen Beans. They were the best seed I ever used.

M. Clyde Ford, Mich.—I have found your seeds highly satisfactory and your premiums very generous.

George Lord, Iowa.—We got some of your Coreless Carrot last year and they were the best we ever had.

Walter H. Graf, Wisconsin.—I have used your seeds for the last few years and I have always had a wonderful garden. I am very well pleased.

Martin Mueller, Mo.—We had the best results with JUNG'S Wayahead Tomato; we had our first ripe one July 4th. We found they produced more than any other.

Randolph, Wis., Jan. 1, 1939

It will be but a short time when those of us who plant will turn our thoughts to gardens, fields and flowers and the question arises as to where to purchase your seeds and plants.

Purchasing seeds is entirely a matter of confidence as no one can tell by looking at seed whether they will grow or what kind of crop they will produce, therefore, you must rely upon the reputation of the firm from whom you purchase.

We Grow and Sell Seeds and Plants of the Highest Quality at Reasonable Prices.

We have been growing and selling Seeds and Plants for over 32 years and during this time have built up an enviable reputation for **QUALITY**. At no time will we jeopardize this record by sending out inferior merchandise.

We own and operate over 800 acres of land where we grow the greater part of the seeds we sell while at our nurseries, Shrubs, Plants and Bulbs are propagated and grown in large quantities.

The growing, harvesting and storing of our seeds and plants is under the care of men who have had many years of experience in this work. Our instructions to these men are "You are to supply Jung's Customers the Best Seeds, Plants and Shrubs that Mother Nature and Human Effort can Produce."

This past year has been one of bountiful harvest and in looking through our catalog you will find that a great many prices have been reduced.

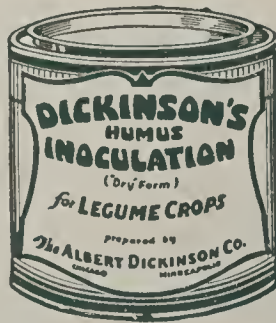

This message would not be complete without our expression of thanks for the many thousands of orders which we received this past year.

J. W. JUNG SEED CO.

Dickinson's Humus Inoculation

**Will Increase your crops of
Beans, Peas and Sweet Peas**

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size will treat up to 15 lbs. of seed. Each 20c.; 3 for 50c. Bu. size for Beans or Peas 50c. Special pkt. for small gardens 10c.

Dickinson's Inoculation for Field Crops

Legume field crops like Alfalfa, Clovers, Field Beans and Peas and Soy Beans are greatly benefited by inoculating the seed and at the reasonable prices at which inoculation is now sold you can hardly afford to take a chance on not inoculating the seed. Dickinson's Inoculation has been on the market for many years and is recognized as one of the standard reliable brands.

1/2 Bu. Size 35c 1 Bu. Size 50c
5 Bu. Size \$1.75

Special Notice

When ordering always state for what kind of seed or crop inoculation is wanted. Full instructions are always sent with each can or bottle.

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. FEED-EM is sure to bring forth healthy plants and lots of flowers. 2 oz. pkt. makes 5 gal. 15c.; 8 oz. can makes 20 gal. 40c.; 2 cans 75c.

HITOX PLANT SPRAY

On our Seed Farms and Nursery we have tried out many different Plant Sprays and we find "Hitox" has given us by far the best results, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves or tender flowers.

Easy to use as all that is necessary is to add water. Full instructions with each bottle or can.

"Hitox" costs a little more than many other sprays but you will find it the cheapest when results are compared.

1 Oz. Bottle (makes 3 gals. Spray)35
1 Pt Can (makes 20 gals. Spray) \$1.75
1 Qt. Can (makes 40 gals. Spray) \$3.00

Protect Your Shrubs and Plants

Protect Your Trees, Shrubs and Plants from Dogs and Animals by using Dogs-Za-Way"—See Page 66.

A Field of Hybrid Corn at our Floradell Seed Farms.
Notice How Hybrid Corn Stands Up.

Not All Hybrid Corn is Good

The value of Hybrid Corn depends entirely on how the inbreds were selected and crossed and how carefully the detasseling was done in the crossing fields. Unless this work is properly done poor results will be had from planting such seed.

The state of Wisconsin has, very wisely, set up very strict regulations on Hybrid Corn and as a result Wis. Certified Hybrid Corn is considered to be very superior. All of our Hybrid Corn is grown on our farms under the supervision of the State of Wis., and meets with all their requirements as to purity, germination and grading.

WIS. HYBRID NO. 455

Roots of Hybrid Corn Plant.

CERTIFIED Wisconsin Grown HYBRID CORN

HYBRID CORN has made another fine record this past season and a larger acreage than ever before will be planted in 1939.

HYBRID CORN will yield from 10 to 30 per cent over ordinary varieties, this is due to practically every stalk producing a large, well developed ear, practically no barren stalks or nubbins.

HYBRID CORN has a wonderfully strong root system. It will stand up where ordinary varieties lodge. This feature alone is worth many times what it costs to plant Hybrid Corn; this corn is remarkably free from smut and root and ear rot.

HYBRID CORN grows strong and vigorous even in dry seasons. The stalks and leaves remain green until the ear is ripe.

A Field of Hybrid Corn on One of Our Farms

Wis. Hybrid No. 455-100 day

This Hybrid is about the same maturity as early strains of Golden Glow and is especially suited for central Wis., Minn., and similar latitudes. If you wish to shred your corn you will find this variety will mature early and the stalks will cure out properly. Even though it ripens early it is a remarkably heavy yielder. Ears are $7\frac{1}{2}$ to $8\frac{1}{2}$ in. long, deep golden yellow color and have 14 to 16 rows of deep kernels. It grows a strong vigorous stalk, 8 to 9 ft. tall, well supplied with foliage and has a strong root system, it will stand up and produce a fine crop even in hot dry seasons. For Prices See Next Page.

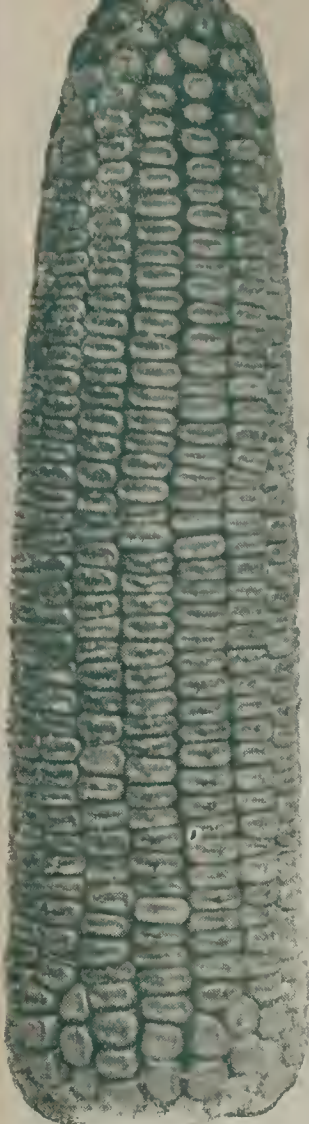

Wonderful Wis. Hybrid Ensilage Corn - See Page 67

G. W. Myers, O.—Have been using your Hybrid Corn the past two years and am highly pleased, yields much above any others around here.

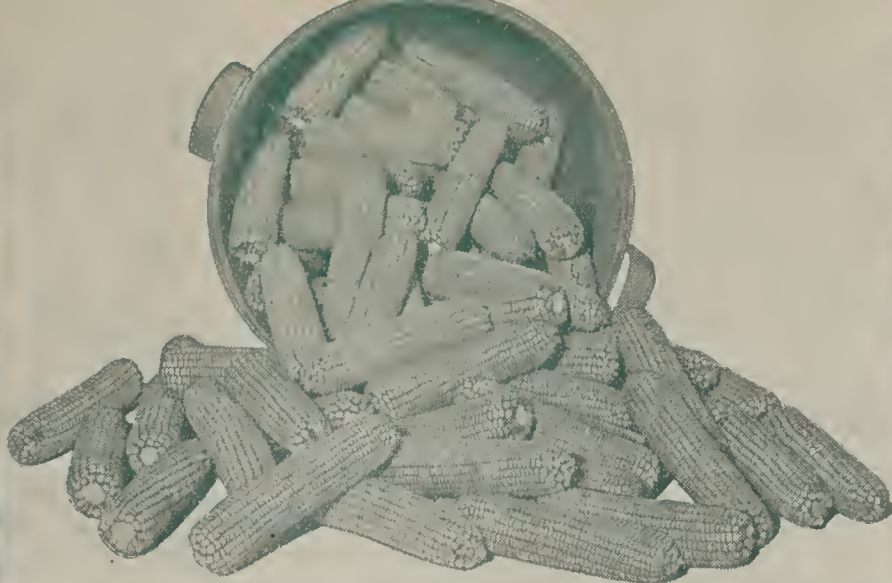

Geo. Oedsma, Wis.—We sure had good results with your Hybrid Corn last year and hope to have the same satisfactory yields this season.

Notice difference in yield between Hybrid (left) and open pollinated Corn (right). Notice also how Hybrid Corn stands up. Photograph courtesy of Wis. College of Agriculture.

WIS. HYBRID NO. 404

WIS. HYBRID NO. 525

Hybrid Corn is Graded and Certified

All of our Hybrid Corn was grown on our own farms here in Columbia Co., Wis. It was all in our warehouse before hard frosts, it was thoroughly fire-dried and is very high in germination. For your protection all of this seed in lots of 1 bu. or more is put up in state sealed bags.

"Graded Flats". These are the kernels from the middle part of the ears, uniform in size and shape.

"Smalls". Slightly smaller than Graded Flats but uniformly graded. A bushel of this seed will plant 8 to 9 acres, 3 to 4 kernels to a hill. Will grow just as fine a crop as other grades.

"Rounds". Round kernels that are carefully graded and by using a large plate most corn planters will drop them very evenly. Will produce just as fine a crop as any other grade.

Beware of Hybrid Corn that was not properly grown. Our Hybrid is all Wis. Grown Certified Seed.

Wis. Hybrid No. 404-95 day

Here is another unusually fine Wis. Hybrid suited for sections that must have an early maturing corn or in many cases there are fields where for some reason planting is delayed until late in the season an early variety must be used. It is one of the best early maturing hybrids, ears are deep yellow, fine in appearance and remarkably large for so early a corn. Stalks grow 7 to 8 ft. tall, are very leafy and like all good hybrids stand up straight.

Wis. Hybrid No. 525-105 day

This remarkably fine yellow dent was grown on our own farms from seed stock obtained direct from the Wis. Experiment Station. It will ripen at the same time as regular Golden Glow. Ears are fully as large as Golden Glow, symmetrical in shape, uniform and handsome in appearance. Stalks grow 8-9 ft. tall, stand up straight and practically every stalk bears a large ear.

Wis. Hybrid Corn Prices for 1939

Prices are for any variety. Supply is limited and we advise ordering early.

Lb. 40c.; 3 lbs. \$1.00; 7 lbs. (enough for 1 acre) \$1.75, postpaid.

NOT PREPAID.

Graded Flats: Pk. \$1.70; Bu. \$6.00; 5 bu. \$28.75.

Smalls: (In bu. bags only) Bu. \$4.50.

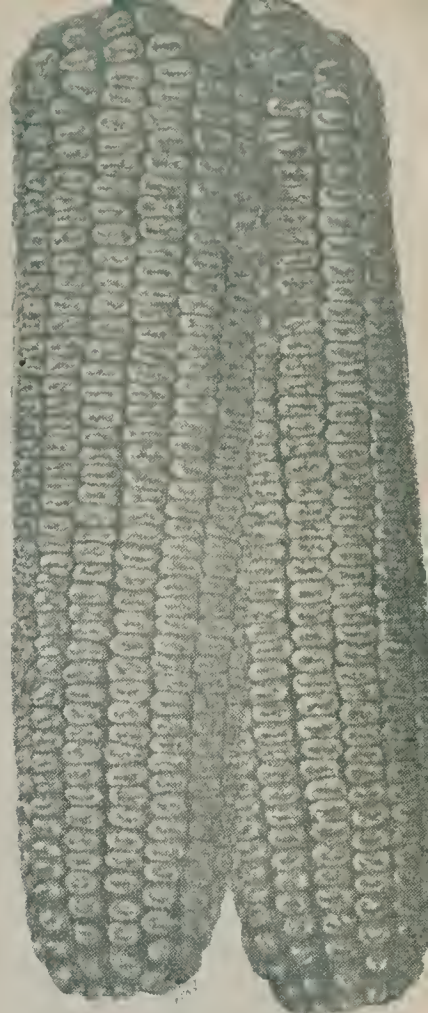

Rounds: (In bu. bags only) Bu. \$4.00; 5 bu. \$19.50.

PRICES SUBJECT TO CHANGE

Please Note!

Do not make the mistake of planting Hybrid Corn too thick. You will get larger ears and more bu. per acre if planted 3 kernels in a hill. You can plant 8 to 9 acres with a bu. of this corn so the cost per acre is very little compared to the crop it will produce.

John A. Stark, III.—I purchased Hybrid Corn from you the last two years and certainly am well pleased.

WIS. HYBRID NO. 570

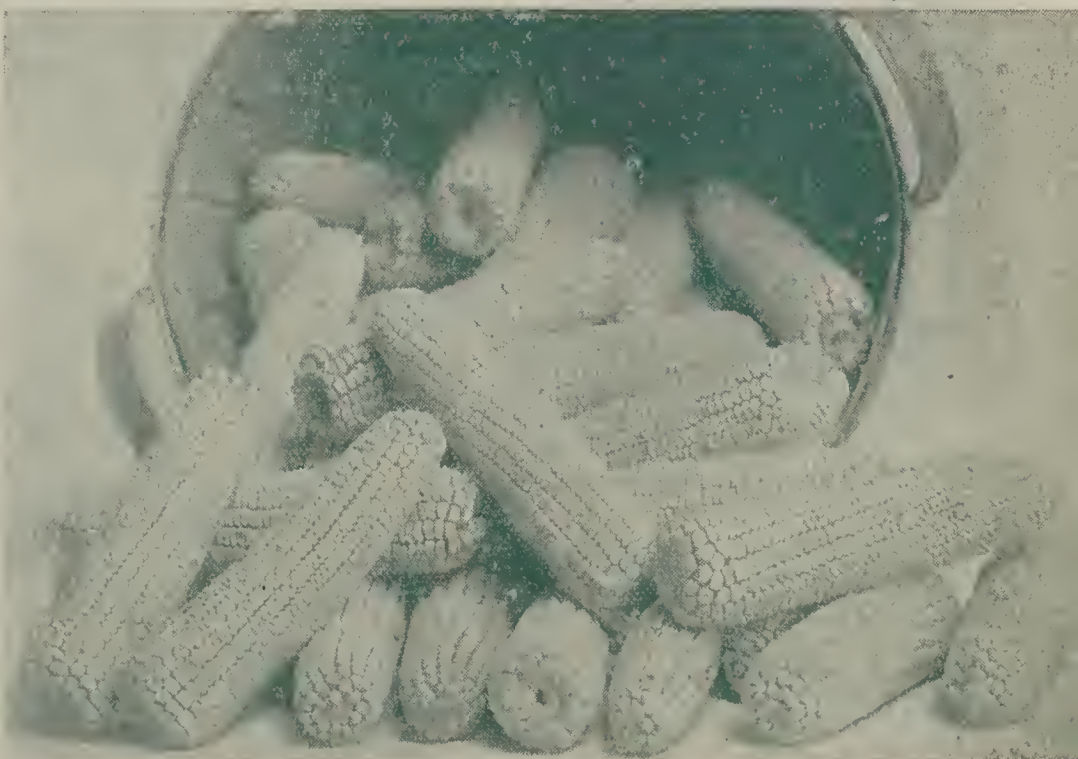

Wis. Hybrid No. 570-110 day

An excellent 110 day Hybrid suitable for Southern Wis., Southern Minn., Northern Ill., Iowa and similar latitudes. Produces large long ears well filled with deep yellow kernels, in fact one of our most beautiful Hybrid Corns. The heavy yield of large, handsome and symmetrical ears will delight every farmer who plants this corn. Grows a strong heavily leaved stalk 8 to 10 ft. tall and always stands up. This seed was grown on our own farms.

Wis. Hybrid No. 645-115 day

This is our largest and heaviest yielding Hybrid. It grows a strong tall stalk, 9 to 10 ft. high, well supplied with heavy leaves. Each stalk will produce a large handsome ear and it does not take many of them to fill a bushel basket. Especially suitable for Southern Wis., Southern Minn., and all parts of Ill., Iowa and similar latitudes. This seed was grown on our own farms here in Wis. and made a yield of 65 bu. per acre.

Jung's Certified Hybrid Corn is Properly Grown, Properly Dried and Properly Graded. It meets with the strict requirements of the Wis. Dept. of Agriculture.

WIS. HYBRID NO. 645

JUNG QUALITY GARDEN SEEDS

In the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered you will find our prices very reasonable.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.25.

For prices on Asparagus Roots see page 30.

WASHINGTON ASPARAGUS

GIANT STRINGLESS GREEN POD

Giant Stringless Green Pod Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 55c.

Giant Tendergreen Immense Yielder. Giant Tender Pods. Absolutely Stringless.

A new green podded bush bean, very productive, absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, free from strings and of finest flavor. Bushes are unusually strong and vigorous; this variety easily ranks as the most desirable green podded bush bean. Pkt. 8c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

GIANT TENDERGREEN

Top Notch Golden Wax

A great improvement on the old Golden Wax as it produces pods that are larger and also of better quality. It is one of the earliest varieties. Bushes grow 12 to 15 in. tall, very robust and free from disease; a sure cropper even under unfavorable conditions. Pods 4 1/2 to 5 in. long, one-half inch broad, very fleshy, tender and stringless. It combines earliness, hardness and productiveness. Pkt. 6c.; 1/2 pt. 17c.; pt. 28c.; qt. 50c.

Do Not Overlook Special Premiums on Inside Front Cover.

TOP NOTCH GOLDEN WAX

Brittle Wax

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "best of all".

The plants are very hardy and vigorous, of true bush growth, about fifteen inches high and heavily laden with the long, straight, round and very solid pods, from five to seven inches long. The pods are of a rich, golden color, very tender and entirely free from strings at all stages of its growth. It will stand longer than any other bean without becoming hard. The pods are unexcelled for snapshorts, having seeds showing only a black dot at the eye. Any pods allowed to ripen will be readily saleable as winter beans. Include this great bean in your order. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 65c.

Special Offer No. 1

You can assure yourself a continuous supply of crisp and tender beans by planting the following:

Giant Stringless Green Pod	Fairfield Wonder Wax
Imp. Kentucky Wonder	Refugee Butter Wax
1 Pkt. of each for 25c.	1/2 Pt. of each for 80c.
1 Pint of each for \$1.25.	1 Qt. of each for \$2.25.

BRITTLE WAX

FAIRFIELD WONDER WAX

WAX BUSH BEANS-- Continued

Jung's Fairfield Wonder Wax

Without a Doubt the Finest Wax or Butter Bean Ever Introduced.

It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods, which are from 6 to 9 inches long, one-half inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

PENCIL POD WAX

**LIMA BEANS
Henderson's Bush Lima**

The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost; they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 55c.

HENDERSON'S BUSH LIMA

Rev. C. A. J. Buck, Ind.—Your seed gave us a crop as we have not seen for years. Everything was of extra quality.

Fordhook Bush Lima

Fordhook is the big, almost round, seeded bush lima that bears its pods in clusters of four to six. Each pod contains from three to five large plump beans that are so tightly packed that the ends of the beans are flattened. Of true bush type, the plants grow 16 to 20 in. tall, are well supplied with foliage, the pods are abundantly produced. The most popular of all Bush Limas, both for the family and market gardens. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 65c.

FORDHOOK BUSH LIMA

Wonder Bush Lima

Wonder Bush Lima

A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 55c.

Do Not Overlook the Fine Premiums on Inside Front Cover.

Best of All Butter Wax

One of the heaviest yielding wax Bush Beans, also one of the surest croppers. Many times when other varieties were a failure Best of All yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 inches long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. Pkt. 7c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Pencil Pod Wax

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Mrs. Leo C. Marsk, Ill.—We are so well pleased with the Kentucky Wonder Wax beans; had the largest crop of beans around here, in fact everything we ever bought from you has been fine.

Carl Sullivan, Calif.—Want to say that your Fairfield Wax Beans were the best I ever raised. We were very pleased with our Black Raspberry plants we got from you last year.

KY. WONDER WAX

HENDERSON'S LEVIATHAN

IMP. KEN. WONDER

EARLY IDEAL

POLE BEANS

Kentucky Wonder Wax

The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower,

one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

Early Ideal

A new pole bean that will please you in every way. Fully a week earlier than the Old Homestead and one of the heaviest yielders. Pods are 5 to 6 in. long, round, slightly curved, stringless when young and are borne in clusters of 5 to 6 pods; very tender, meaty and of excellent quality. You will be delighted with the earliness, quality and productiveness of this fine pole bean. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

Improved Kentucky Wonder

One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. Pkt. 7c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Henderson's Early Leviathan Lima

This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 7c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

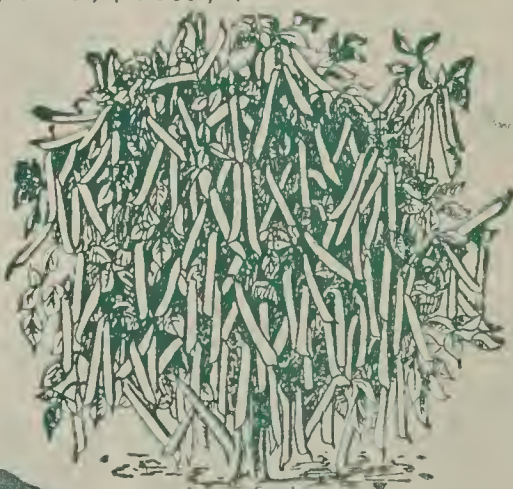

Brussels Sprouts

Long Island Improved

The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage. Hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.

BRUSSELS SPROUTS

SNOWFLAKE FIELD BEANS

FIELD BEANS

Snowflake or 1200 to 1

Ripens Early. Immense Yields. Handsome Appearance. Unequalled for Soups or Baking. We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c.; 1/2 pt. 17c.; pt. 25c.; qt. 45c.

Borecole or Kale

Dwarf Curled

Useful for furnishing greens or boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the quality is improved by freezing. Pkt. 5c.; oz. 10c.

BORECOLE or KALE

EARLY EXPRESS

GOLDEN ACRE

SUREHEAD

Jung's Select Cabbage Seed

Extra Early Express

POSITIVELY THE EARLIEST CABBAGE ON EARTH

There are few loose leaves and it forms a head of good size and fine quality. It can be planted close; always yields a large crop. A fine variety for shipping as the heads remain solid for a long time. It is a beautiful appearing cabbage, being of fine color and general uniformity. Also called "Lightning" and other fancy names by some seedsmen. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 85c.

Jung's Select

Early Jersey Wakefield

The standard pointed-headed Cabbage throughout the United States. The heads are uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. The outside leaves are unusually thick and heavy and it is thereby enabled to withstand more cold weather without injury when carried through the winter. Having but few outside leaves it may be planted close so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and as a cropper no early cabbage can approach it. Size is ideal for marketing. Pkt. 5c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 75c.

Allhead Early

This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully one thousand more than is usual with large cabbage can be grown to the acre. Pkt. 5c.; 1/2 oz. 12c.; oz. 25c.; 1/4 lb. 60c.

Protect your Cabbage from worms, bugs and plant lice by using "Hitox". See page 1.

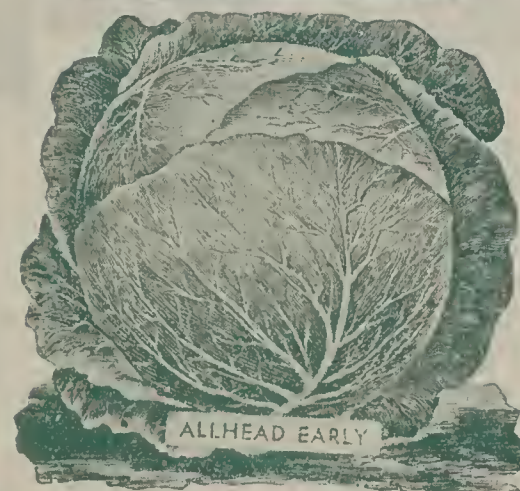

SELECT FLAT DUTCH

Surehead

Sureness in heading and regularity in growth have placed this at the top of the list, and we have no fear in using words of praise too high for its merits. It forms large, hard, solid flattened heads, uniform in shape and color and of handsome appearance. It has a very short stem and is a compact grower. It is as natural for this cabbage to form a head as to form leaves and reports of 99 marketable heads from 100 plants are of frequent occurrence. Nobody will be disappointed in our strain. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

EARLY JERSEY WAKEFIELD

ALLHEAD EARLY

Disease Resistant Cabbage Seed

Ex. Early Golden Acre

An extra fine extra early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. Extra Select Seed: Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.

Jersey Queen

A select strain of Jersey Wakefield that is resistant to "yellows". You will find this to be the best "resistant" pointed variety. Pkt. 10c.; 1/2 oz. 18c.; oz. 30c.; 1/4 lb. \$1.00.

Marion Market

One of the most popular and widely grown "yellows" resistant, early, round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. Pkt. 8c.; 1/2 oz. 18c.; oz. 30c.; 1/4 lb. \$1.00.

Mrs. Frank Wickham, Mich.—I had grand vegetables from your seeds, the Cabbage and Onions were the best I have grown.

Resistant Ballhead

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 95c.

DISEASE RESISTANT BALLHEAD

Select Flat Dutch

It makes a large round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sort for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 65c.

DANISH BALL HEAD

PERFECTION SAVOY

RED DRUMHEAD

CABBAGE--Continued

Perfection Savoy

This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanching and of the finest flavor. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 60c.

Red Drumhead

This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 70c.

Jung's Select

Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

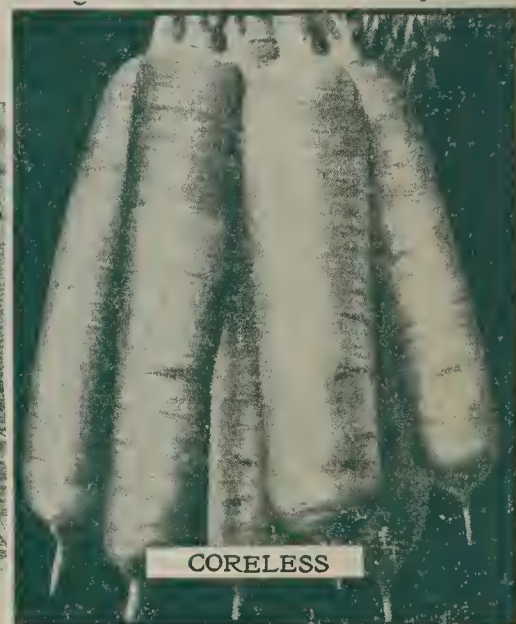

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.

JUNG'S FIRST OF ALL

DANVERS HALF LONG

CORELESS

CARROTS

Jung's First of All

A remarkable handsome Carrot that is ready for use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

Danvers Half Long

A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens; especially for hard or stiff soils where longer varieties will not thrive. Pkt. 5c.; oz. 12c.; 1/4 lb. 30c.

Coreless or Early Market

A handsome half-long cylindrical stump-rooted carrot of good size and of a rich orange color. It grows to a large size, is smooth and the flesh is very close in texture with little core and a small taproot. It is a good carrot for all soils and under good cultivation it has yielded 20 to 25 tons per acre. It is very easily harvested. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

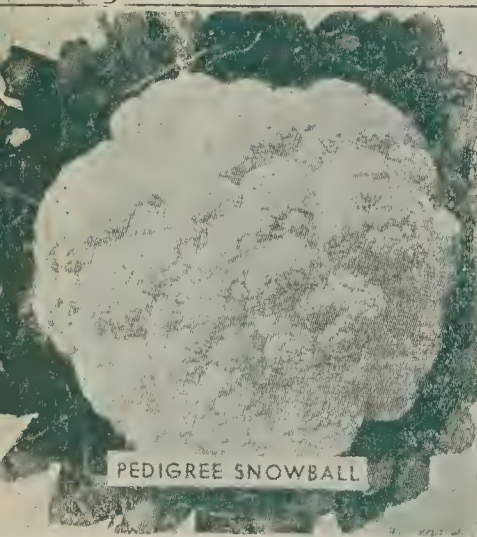

CAULIFLOWER

Pedigree Early Snowball

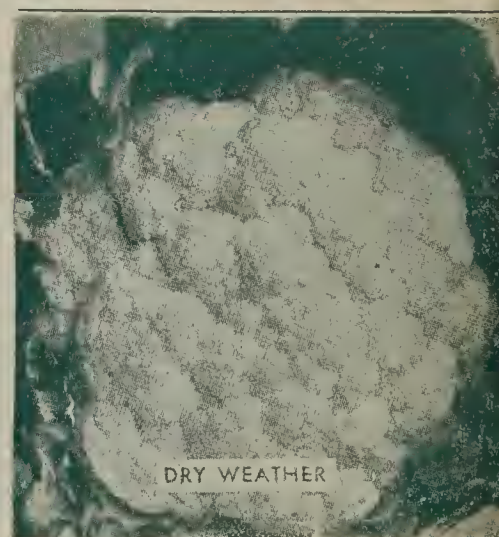

For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, six to ten inches in diameter, of good quality. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 15c.; 1/4 oz. 75c.; 1/2 oz. \$1.40; oz. \$2.25.

Dry Weather

Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 12c.; 1/4 oz. 75c.; 1/2 oz. \$1.25; oz. \$2.00.

PEDIGREE SNOWBALL

DRY WEATHER

GOLDEN ACRE

JUNG'S WAYAHEAD

JUNG'S IMPROVED Wayahead THE EARLIEST OF ALL TOMATOES
FIRST TO PRODUCE RIPE TOMATOES. GOOD SIZED FRUIT,
SMOOTH AND SOLID. BRIGHT RED COLOR.
FINE QUALITY

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plants; selections and is highly improved. Pkt. 15c.; 2 pkts. 25c.; 1/2 oz. 60c.; oz. \$1.00

Jung's Super Select Wayahead Tomato

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 35c.; 1/4 oz. \$1.50; 1/2 oz. \$2.75; oz. \$5.00.

HONEY ROCK

Honey Rock Musk Melon

SWEET AS SUGAR. SOLID AS A ROCK. HEAVY YIELDER.
HANDSOME APPEARANCE. RAPID SELLER.

Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is a main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.25.

Jung's Select Golden Acre Cabbage

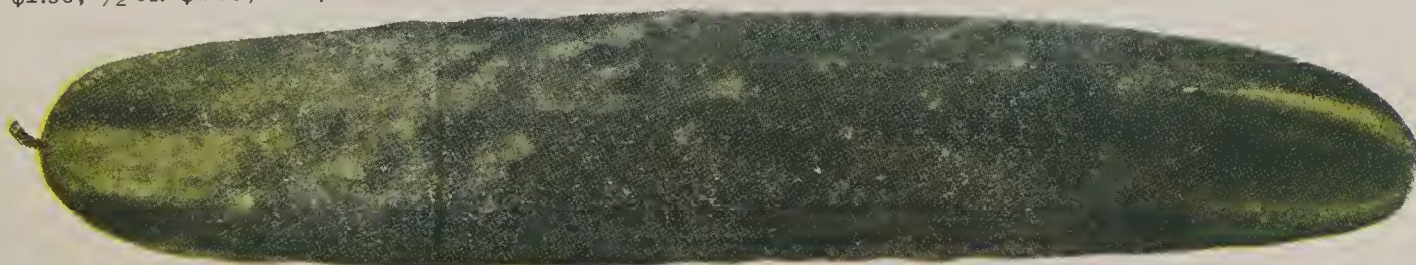

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and everyone just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. We offer an extra select stock of this finest extra early cabbage. Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 70c.

Mrs. C. H. Bell, Tenn.—I have tried many early Tomatoes, but I find your Wayahead beats them all.

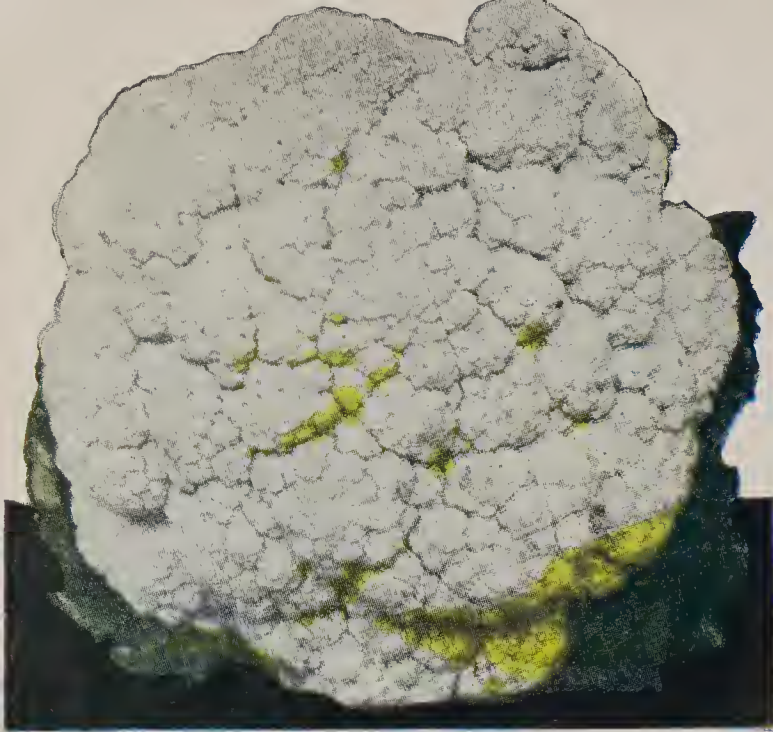

Mrs. Geo. Monroe, Okla.—I can truly say that the Wayahead Tomato is the earliest I ever raised, have used them now several years, had fruit ready for market by June 19th.

New Colorado Cucumber

An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong, rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.

COLORADO CUCUMBER

SUPER SNOWBALL

A Fine Main Crop Cabbage "SUREHEAD"

Forms large, solid, flattened heads, uniform in shape and color and of handsome appearance. It has a very short stem and is a compact grower. It is as natural for this cabbage to form a head as to form leaves and reports of 99 marketable heads from 100 plants are of frequent occurrence. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

BEST OF ALL WAX
BUSH BEAN

SUREHEAD LETTUCE

BUSH BEAN

Best of All Wax

We regard this as one of the surest cropping and heavy yielding wax bush beans. Many times when other varieties failed a fine crop was had from this splendid bean. Grows strong, robust bushes which are literally covered with fine round transparent yellow pods, 4 to 5 in. long, remarkably tender and brittle, and have no strings whatever. Pkt. 7c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

LETTUCE

Early Surehead

A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.

Super Snowball Cauliflower

Very Early. Sure to Head. The Leading Early Cauliflower.

Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed grown for us by the originator. Pkt. 20c.; 1/4 oz. \$1.00; 1/2 oz. \$1.50; oz. \$2.50; 1/4 lb. \$6.50.

Red Cored Chantenay Carrot

Fine Appearance. Ideal Quality. Heavy Yield.

A very desirable Carrot in every way, it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5 1/2 to 6 in. long, 2 1/4 in. thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield makes this one of the best carrots for either the home or market garden. Pkt. 5c.; oz. 12c.; 1/4 lb. 30c.

CHANTENAY

SUREHEAD

BEST OF ALL

Best of All Beet

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones. A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.25.

TOMATO

Jung's Supreme Early

Extra Early. Solid Smooth Fruits.

Resistant to Rust and Wilt

A wonderful new extra early tomato which we are pleased to offer to our customers. The vines are of medium growth, free from disease and bear over a long period. Fruits are of good size, globe shaped, very smooth and bright scarlet in color, ripening well to the stems. Fruits are very solid making it an excellent shipper. Select Seed of our own growing: Pkt. 10c.; 1/2 oz. 35c.; oz. 60c.; 1/4 lb. \$1.50.

SUPREME EARLY TOMATO

Ray Fleetwood, Mich.—I like your seeds. They are the best money can buy.

New Oxheart Tomato

THE LARGEST OF ALL TOMATOES

Superb in Quality. Firm, Solid Flesh.

If you wish to surprise your friends with truly large tomatoes plant Oxheart, single fruits have been grown weighing 2 lbs. each. The fruits are oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this fine tomato will delight and please you. Pkt. 10c.; $\frac{1}{2}$ oz. 35c.; oz. 60c.

Penn State Ballhead Cabbage

A special selection of Danish Ballhead made by the Penn. College of Agriculture with the aim of producing a cabbage that would increase the yield and also produce large, solid heads. It is a short stemmed variety, the heads are slightly flattened but are very solid and remarkably good keepers. This cabbage can be depended upon to produce a large tonnage per acre and keeps very well in storage. The seed we offer is a select strain and will produce fine heads true to type. Pkt. 7c.; $\frac{1}{2}$ oz. 12c.; oz. 20c.; $\frac{1}{4}$ lb. 65c.

Ex. Early Honey Cream Sweet Corn

Dwarf in Growth. Requires Little Space.

Deliciously Sweet and Tender.

By far the most tender and delicious of all Sweet Corns. Make a planting of this fine corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 53c.

Imperator or Golden Giant Carrot

GIANT SIZE. FINEST QUALITY. IMMENSE YIELDER.

This fine carrot combines large size, handsome appearance and superior quality. Planted in rich mellow soil they will grow to weigh 3 to 4 lbs. and although of such large size they are of the finest quality, tender and free from core and stringiness. They are of a deep orange color, show no green around the top and always command top prices. A very profitable market variety. Pkt. 6c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.10.

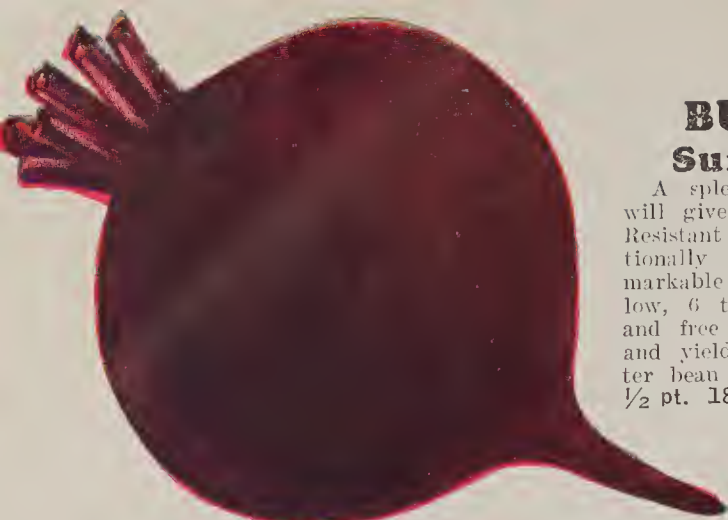

Giant Tendersweet Peas

Immense Sized Pods. Heavy Yielder. Superb Quality.

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to $5\frac{1}{2}$ in. in length and contain 8 to 12 large bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the size, yield and quality of this splendid new Pea. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 65c.

Special Offer No. 36

1 Pkt. of each of these five Superb Vegetables for 35c.

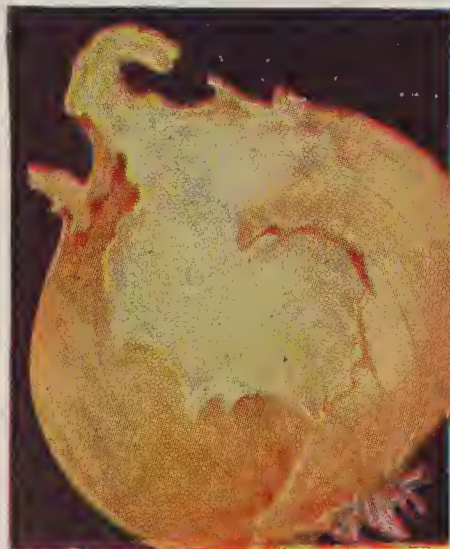

DETROIT DARK RED

BEET

Jung's Special Detroit Dark Red

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.; lb. \$1.00.

GIANT SWEET SPANISH

BUSH BEAN Sure Crop Wax

A splendid early wax bean that will give you quality and quantity. Resistant to blight and rust, exceptionally hardy and produces remarkable crops. Pods are bright yellow, 6 to 7 in. long, thick, fleshy and free from strings. The quality and yield of this fine wax or butter bean are "tops". Large pkt. 7c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Elmer Anderson, N. D.
—I had a wonderful garden from your seeds last year.

SURE CROP WAX

MUSK MELON

Pride of Wisconsin

A splendid new Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold and will ship well for long distances. The melons are oval in shape, weighing 3 to 4 lbs. The flesh is unusually thick, firm, deep orange colored, fine grained and remarkably sweet and sugary. The rind is very hard, of a pearly gray color and heavily covered with a distinct netting. If you wish to grow some fine melons either for home use or market you will make no mistake in planting this fine new melon. Extra Select Seed: Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.50.

PRIDE OF WISCONSIN

ONION

Giant Sweet Spanish

Giant in Size. Heavy Yielder. Sweet Mild Flavor.

Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions; seeds sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It is globe shaped, has a beautiful straw colored skin; flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt. 8c.; oz. 25c.; 1/4 lb. 65c.; lb. \$2.25.

BABY DELIGHT

Baby Delight or Climbing Water Melon

Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until end of the season. The melons weigh from 4 to 6 pounds, there are no misshapen melons on the vine, all running uniform and marketable. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 10c.; 3 pkts. 20c.; oz. 30c.; 1/4 lb. \$1.00.

Henderson's Bush Musk Melon

The Melon for Small Gardens; Require Little Space

The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c.; 3 pkts. 25c.

SPECIAL OFFER—1 Pkt. of each of the above two fine Melons for 15c.

HENDERSON'S BUSH

CELERY

Golden Plume

This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4 1/4 in. thick. Has been blanched in the remarkably short period of 5 days. Select Seed: Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.60.

WHITE PLUME

EGG PLANT

its fruits which weigh from one to three pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear eight to ten immense fruits before being killed by frost. Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.

True Yellow Ground Cherry

These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and makes delicious preserves as the fruit has a strawberry flavor. May also be dried in sugar like raisins and figs. Of easy culture and will succeed in most any garden. Pkt. 7c.; 2 pkts. 10c.

GOLDEN PLUME

EMPEROR

GOLDEN SELF BLANCHING

Golden Self Blanching

The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.

Emperor

An excellent celery for fall and winter use, of true dwarf growth, having a very large heart, solid and of finest nut flavor. Being of dwarf growth, 15 to 18 inches tall, it is much easier to blanch than the taller varieties. The stalks are smooth, very thick, round and crisp, blanching to a light golden color. An especially good keeper. Pkt. 8c.; 1/2 oz. 12c.; oz. 25c.; 1/4 lb. 90c.

White Plume

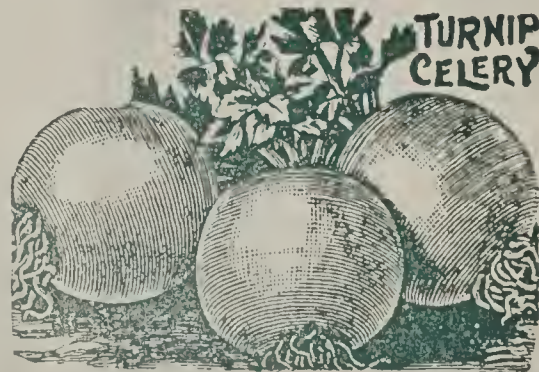

This is the earliest and most easily blanched celery. The plants grow rapidly and blanch easily during the summer months. Later in the fall the central stalks and leaves are of pure snowy whiteness even without earthing up; but stalks should be gathered together and earthed up as in the other varieties so as to produce close, attractive bunches. As for succulence, crispness and quality the White Plume is unequalled. Pkt. 5c.; 1/2 oz. 15c.; oz. 25c.

Turnip Celery

This is an excellent vegetable. It produces large turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

Black Beauty Egg Plant

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears

TURNIP CELERY

HERBS

ANISE—Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 5c.

DILL—This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 5c.; oz. 20c.

SAGE—Sow in rich ground and thin out the plants to 15 inches apart. Used for flavorings and dressings. Pkt. 5c.

SWEET MARJORAM—The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 5c.

SUMMER SAVORY—The leaves and flowers are used extensively for flavoring, particularly in soups and dressings. Pkt. 5c.

THYME—The leaves are used for seasoning. Pkt. 5c.

GROUND CHERRY

Vine Peach

Grows on a vine the same as a melon. The fruit has the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles, may also be sliced and fried like egg plant. Vines are quite hardy and productive. Fruit will keep a long time after picking. Pkt. 7c.; 2 pkts. 10c.

Gardening Instructions Free

At considerable expense we have prepared a booklet of complete planting instructions on Vegetables and Flowers. A copy will be sent free, when requested, with every order of 25c or more.

Endive Green Curled

Mostly sown in June or July for fall use; plant in rows about one foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled; easily blanched and becomes crisp, tender and very fine flavored. Pkt. 5c.; oz. 10c.; ¼ lb. 35c.

Broccoli Italian Green Sprouting

One of the newer vegetables that is rapidly gaining in popularity as its excellent qualities are becoming known. It is grown the same as cabbage or cauliflower and is ready for use in about 90 days after sowing. The head is a compact cluster of tightly closed flower buds somewhat like a cauliflower in shape only. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c.; ½ oz. 20c.; oz. 35c.

Swiss Chard Lucullus

Plants grow two feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 5c.; oz. 10c.; ¼ lb. 30c.

CRESS-Fine Curled

An annual, making a good salad. Leaves are finely cut and feathery like a good parsley. It is dwarf and compact in growth. Very ornamental, of quick growth, crisp and refreshing. Pkt. 5c.; oz. 10c.

Celery Cabbage

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp, celery-like stalks, beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c.; ½ oz. 12c.; oz. 20c.

CITRON

CITRON

Colorado Preserving

A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

MANGELS Mammoth Long Red

The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other Mangel, except it be the Half Long Sugar making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 8c.; 2 oz. 15c.; ¼ lb. 20c.; lb. 50c.

GOLDEN TANKARD

Golden Tankard

A smooth yellow-fleshed Mangel; roots are of large diameter, tapering quickly to the bottom which is quite broad with only a small taproot. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 8c.; ¼ lb. 20c.; lb. 50c.

LEEK

Large American

Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which blanch to a snowy whiteness. Cultivate the same as for onions. Pkt. 5c.; oz. 20c.

Jung's Fairfield Special Lawn Grass

ALWAYS GROWS. HARDY, DEEP VELVETY GREEN.

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is PURE AND HEAVY, and is especially cleaned. This mixture is of strong vitality and makes a quick, healthy growth. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. Lb. 40c.; 5 lbs. \$1.90, postpaid. See also Page 46.

CUCUMBERS

Earliest of All

By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are picked. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

EARLIEST OF ALL

EXTRA EARLY WHITE SPINE

Extra Early White Spine

A dark green handsome Cucumber, often attaining a length of 12 inches and straight and attractive in shape. It makes a hard, brittle pickle when small and a grand table variety when large. Excels in earliness, often ready for slicing when other crops are only pickles. Vines are vigorous growers and bear a large crop. It makes a valuable variety to plant for early markets. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

Chicago Pickling

The most popular and widely grown pickling variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness when pickled. Quality excellent. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

CHICAGO PICKLING

Rid your Cucumbers of Bugs by Using "Hytox". See page 1.

WHITE WONDER

White Wonder

A wonderfully good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long and is very uniform. In season almost the same as White Spine but keeps in eatable condition longer. Its smooth, clear surface makes this an ideal pickle. The firm, crisp flesh with its pleasing flavor is just right for slicing or in salads. WHITE WONDER furnishes you Quantity and Quality. A packet of seed yields Cucumbers in abundance for canning, pickling and slicing. Pkt. 8c.; oz. 15c.; ¼ lb. 40c.

Everbearing

This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing throughout the season. The fruits are of a rich, dark green color, average 4 to 5 inches in length. Owing to its productiveness it is a fine variety to plant for producing small pickles. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

EVERBEARING

Japanese Climbing

A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific, as many as 40 fruits having been grown on a single vine. Full grown fruits will measure 12 to 16 inches long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

JAPANESE CLIMBING

DILL

This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 5c.; oz. 20c.

W. R. Reed, Pa.—Your seeds are certainly wonderful. The Cucumbers and Peas are marvelous.

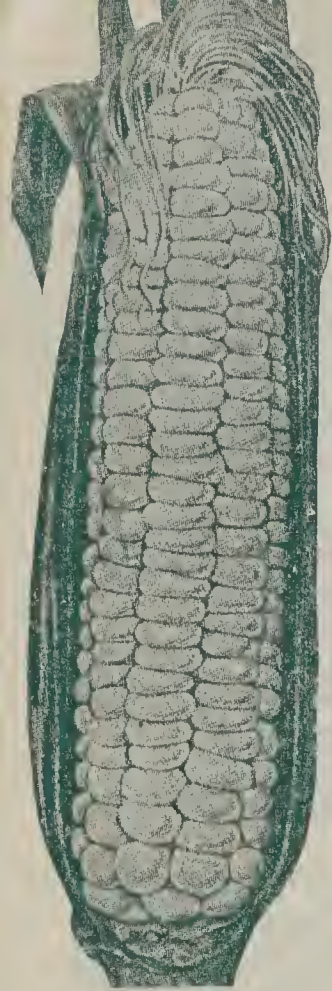

KOHL RABI Early Purple Vienna

This vegetable is grown for its turnip-shaped bulb which is grown above the ground. Excellent for soups or cooked in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 5c.; ½ oz. 12c.; oz. 20c.

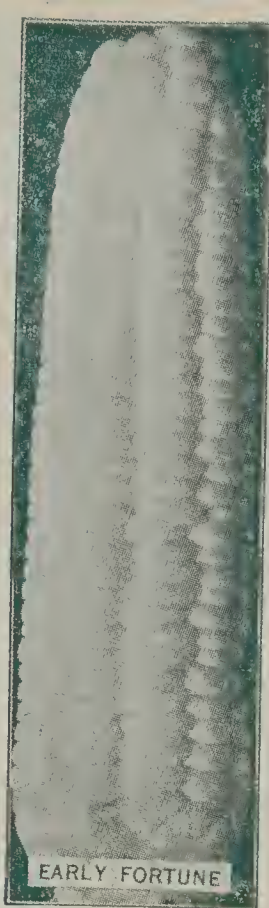

White Vienna

This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about two inches in diameter. Pkt. 5c.; ½ oz. 12c.; oz. 20c.

GOLDEN BANTAM

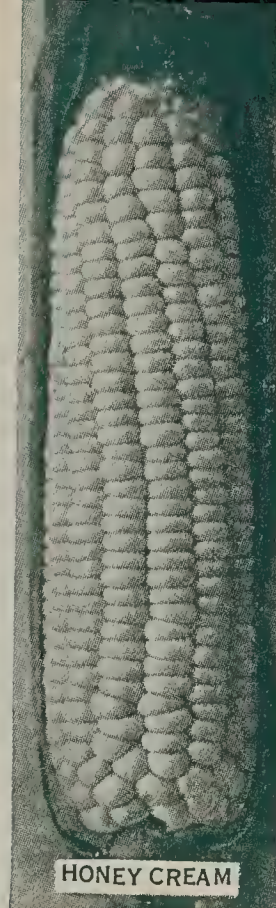

R. W. Wilder, Mich.—
I had wonderful results from your seed last year.

EARLY FORTUNE

BANTAM EVERGREEN

HONEY CREAM

WHITE EVERGREEN

Jung's Northern Grown Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and is of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality plant some of this seed.

Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

Jung's Extra Early Golden Bantam

The Best, the Largest of all Early Sweet Corns. Retaining its Delicate Tenderness Even When a Little Old. This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth averaging four feet in height. The ears are from 5 to 7 inches long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by every one admitted to be the richest flavored Sweet Corn. The small stalks can be planted closely together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 50c.

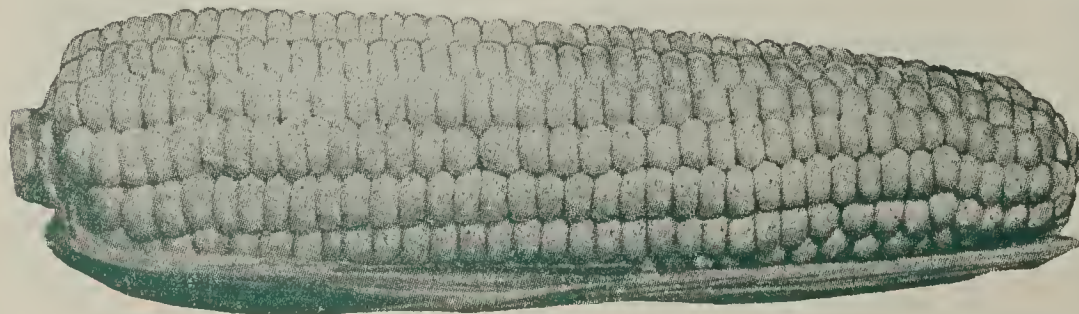

Jung's Extra Early Fortune

This variety originally came from Canada and at our Fair-field Farm trials it was the earliest of all. There is no product of the garden so eagerly waited for as the first sweet corn of the season. Early Fortune is the real tender, juicy sweet corn ready for use before the summer has really commenced. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other varieties fail entirely. The stalks do not grow very large but have two and often three unusually large ears. Ears are about seven inches long and well filled with sweet and tender grains. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 50c.

Early White Delicious

Large Ears. Early Maturity. Superb Quality.

One of the largest eared, sweetest flavored early varieties. Grows a strong, vigorous stalk, many producing two ears. Ears are 7 to 9 in. long and contain 12 to 14 rows of pearly white grains which are remarkably sweet and tender. Pkt. 7c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

EARLY WHITE DELICIOUS

Jung's Extra Early Honey Cream

Requires Little Space. Deliciously Sweet and Tender.

By far the most tender and delicious of all Sweet Corns. Make a planting of this corn and we are sure you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with delicious snowy white kernels. Pkt. 10c.; 1/2 pt. 25c.; pt. 35c.; qt. 55c.

Golden or Bantam Evergreen

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 50c.

White Evergreen

The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowells. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 7c.; 1/2 pt. 17c.; pt. 30c.; qt. 45c.

Special Offer No. 4

For a long supply of tender delicious Sweet Corn plant the following:

Jung's Ex. Early Golden Bantam
Jung's Ex. Early Fortune
Early White Delicious
Golden Evergreen
White Evergreen

1 Pkt. of each for 30c.
1/2 Pt. of each for 85c.
1 Pt. of each for \$1.40.
1 Qt. of each for \$2.40.

HYBRID BABY RICE

New Giant

This is the wonderful new pop corn that is so widely advertised and has taken the country by storm, it is outselling all other sorts at pop corn stands. When popped it is nearly twice the size of other sorts, pops out a rich creamy golden yellow and is truly rich and delicious in flavor. Grows a strong stalk, 7 to 9 ft. tall and often 2 ears to a stalk, ears are 7 to 9 in. long. We offer some fine seed grown here in Wis. which we know will please you in every way. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Jung's Best of All

A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 7c.; oz. 15c.; 1/4 lb. 40c.

Mrs. Fred Tiffany, Ill.—This is the 5th year I have ordered from you and liked everything fine.

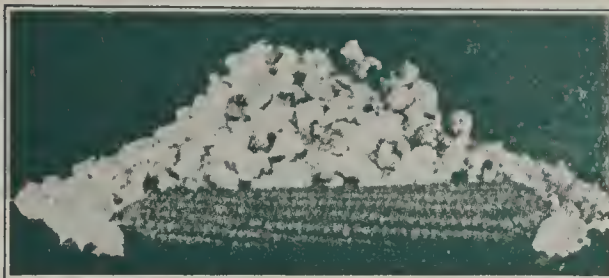

CHICKEN OR RABBIT LETTUCE

POP CORN

Hybrid Baby Rice

If you want the best Pop Corn plant this new Hybrid. It surpasses all others in yield, quality and popping expansion. A quart of this corn will make 30 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Large pkt. 10c.; 1/2 pt. 25c.; pt. 35c.; qt. 65c.

NEW GIANT POP CORN

Fancy Mixed Gourds

An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c.; 2 pkts. 10c.; 1/4 lb. 15c.

Early Virginia Peanuts

This splendid variety is very desirable because so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 5c.; pt. 25c.; qt. 45c.

LETTUCE

JUNG'S BEST OF ALL

Chicken or Rabbit Lettuce

Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.

J. R. Clark, Ill.—You have the best seeds I have ever grown.

BANTAM RICE

Bantam Rice

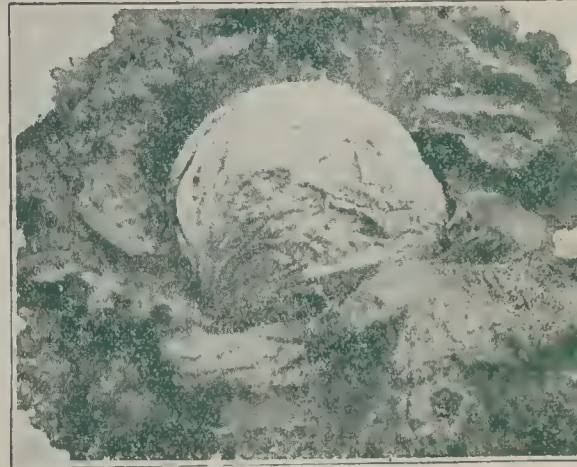

The Bantam Rice is a dwarf growing corn, a heavy yielder of attractive ears, which are very thick and yield an unusually large quantity of shelled corn. The kernels are similar to the best strains of White Rice only they are longer and slimmer and pearly white in color. Its greatest merit, however, lies in its superior popping qualities, there being hardly any hull or shell when popped. It is most tender and delicious as it fairly melts in your mouth. It combines both quality and quantity being a heavy yielder and superior in quality. Pkt. 7c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

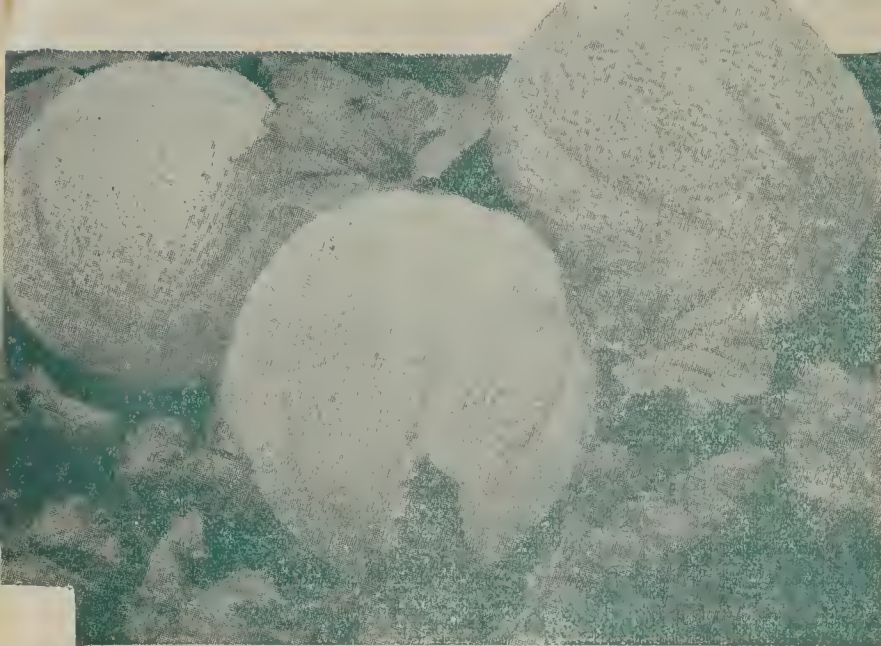

FANCY GOURDS

New York or Wonderful

Very crisp and tender. Produces immense heads as solid as a Cabbage. It blanches beautifully. Crisp, Tender and Delicious. Absolutely Free from Bitterness. The Largest Heading Lettuce of All. It frequently weighs two or three pounds. The head is very solid, of pleasing light green color. As an example of its "standing" properties perfect Lettuces were cut from the same bed for upwards of seven weeks. It is pronounced the finest in cultivation. Pkt. 7c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 45c.

N. Y. or WONDERFUL

HEARTS OF GOLD

Jung's Select Hearts of Gold

This is a melon of the highest quality, the deep golden salmon flesh is so sweet it will make your mouth water. It is an ideal shipping melon as it has a tough rind, also very desirable for the home garden. The melons are of medium size averaging 5 to 6 inches in diameter, yet they are very heavy because of the thick flesh and small seed cavity. The netting is heavy and dense, extending practically over the entire melon. The vines are vigorous, blight resisting and very productive. Ripens early. Our seed is extra select being saved only from the very best melons. Pkt. 8c.; oz. 12c.; 1/4 lb. 35c.; lb. \$1.25.

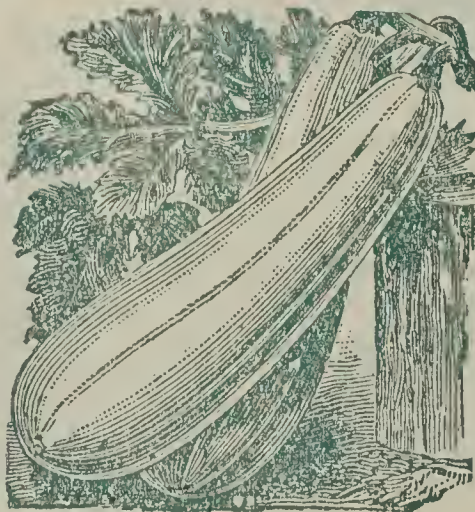

EXTRA EARLY KNIGHT

Jung's Special Extra Early Knight

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2 1/2 to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. If you want a firm, solid melon and the first on the market plant EARLY KNIGHT. Pkt. 7c.; oz. 12c.; 1/4 lb. 35c.

Banana Musk Melon

A remarkably fine melon that looks and tastes like a banana. The fruits grow 18 to 24 in. long, flesh is deep orange colored, solid and sweet and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 8c.; oz. 12c.; 1/4 lb. 35c.

BANANA MUSK MELON

Rid your Melons of bugs by using "Hytox". See page 1.

Special Prices on Seeds in Bulk. See Front Color Pages.

Other fine Melons on pages 9-10-12-24-25-29.

MUSK MELONS

You will find our melon seeds to be unusually fine and true to type. All of the melons are hand selected from crown set fruits and we are confident that better seed cannot be had at any price.

This seed will produce a very superior crop of melons that ripen evenly and are uniform in size and appearance. Try this seed we know you will be more than pleased; our sales of this select seed are increasing every year.

Mrs. Wilbur Lund, Mich.—Your Musk Melons are the best we have ever had, we had wonderful results with them.

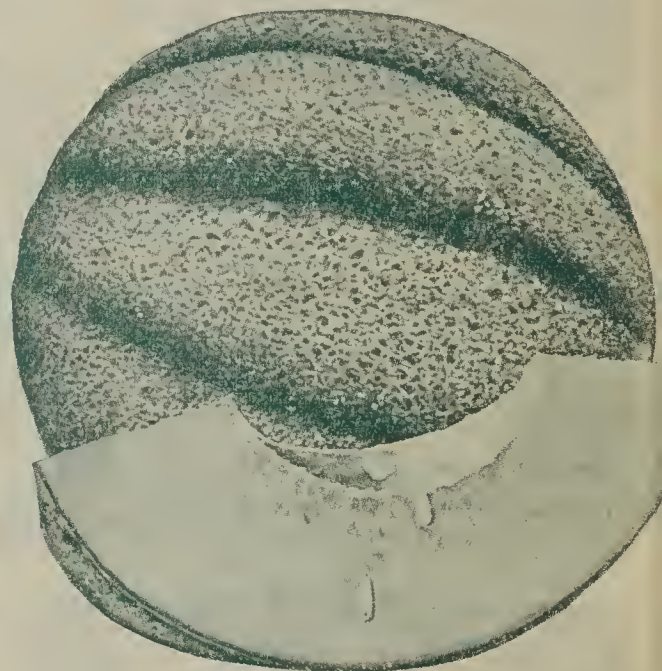

GIANT EARLY WONDER

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 10c.; oz. 20c.; 1/4 lb. 50c.; lb. \$1.75.

JUNG'S BIG PROFIT

Jung's Big Profit

An excellent main crop, medium to large, oval, salmon-fleshed melon. The vines are vigorous and productive. The fruits are slightly oval, dark green, slightly ribbed and partly covered with shallow gray netting. The flesh is rich orange-salmon, very thick and fine grained and highly flavored. Of vigorous growth, the foliage is of such firm texture that the vines resist the attack of insects and blight. The seed cavity is so small there is no tendency towards cracking open at the blossom end. Extra Select Seed: Pkt. 7c.; oz. 12c.; 1/4 lb. 35c.; lb. \$1.25.

THREE TRUE GLOBE ONIONS

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging nine or ten inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c.; oz. 20c.; ¼ lb. 55c.; lb. \$1.95.

White Silverskin

A leading white, flat onion. The bulbs attain a good size, ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. For a white variety it is not only early but also a good keeper. For slicing and boiling it is one of the best, the flesh being mild and tender. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. For the family garden it is one of the best. Pkt. 8c.; oz. 20c.; ¼ lb. 65c.; lb. \$2.25.

Large Red Wethersfield

The most popular red variety. It is very productive, having yielded over 1,000 bushels per acre. It is an early ripening sort but continues in growth throughout the season and consequently makes a very large onion; the bulbs are large though somewhat flattened as shown in the illustration. The outer skin is a deep purplish red, with white flesh slightly tinged with rose. It is a fine keeper, suitable for later markets. The flavor is good and mild, admirable for boiling. The best variety for poor or dry soil. You will make no mistake by giving this variety a trial. Pkt. 5c.; oz. 17c.; ¼ lb. 50c.; lb. \$1.80.

Select Yellow Globe Danvers

This is a standard yellow Onion and is more largely grown than any other variety. The bulbs grow to about 2½ inches in diameter, are nearly globe shape and of a light yellow color. The flesh is pure white and the bulb is extremely hard and solid, its handsome appearance has placed YELLOW GLOBE DANVERS among the leading varieties for the home and market garden. It forms a bulb very early in the season so that it may be used almost all summer and ripens crisp and solid in the fall. It is a very heavy cropper. Our strain of this variety is unsurpassed. Pkt. 8c.; oz. 20c.; ¼ lb. 55c.; lb. \$2.00.

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 8c.; oz. 25c.; ¼ lb. 75c.

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c.; oz. 18c.; ¼ lb. 50c.; lb. \$1.75.

We make a specialty of HIGH GRADE ONION SEED. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be by far the cheapest when you compare the resulting crop.

Jung's Select Prizetaker

The King of All Yellow Globe Onions

This is one of the largest Onions in cultivation. It is a large beautiful Spanish variety so often seen in the fruit stores and markets of the large cities. Bulbs are nearly globe shaped with bright colored skin growing to an immense size the first season from seed. They ripen up without stiff necks and present a very handsome appearance. The flesh is pure white, fine grained, delicious and mild in flavor; fine for fall and early winter use. Bulbs measure from 12 to 14 inches in circumference and with rich soil and under special cultivation specimens have been raised weighing two pounds each. In markets they sell rapidly at good prices. Pkt. 8c.; oz. 20c.; ¼ lb. 55c.; lb. \$1.90.

GIANT SWEET SPANISH ONION

Japanese Onion Sets

The finest thing ever offered in Onion sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed, these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Pt. 15c.; qt. 25c.; 4 qts. 90c., postpaid.

JAPANESE ONION SETS

ONION

Giant Sweet Spanish

THE GIANT OF ONIONS. A SURE PRIZE WINNER.
HANDSOME APPEARANCE. EXCELLENT KEEPER.

It is no longer necessary to pay high prices for large sized sweet onions when you can grow them in your own garden by planting Jung's Select strain of this popular onion. This onion grows to very large size, specimens having been grown weighing 2 lbs.

The bulbs are globe shaped and have a very small neck, a sure indication of fine quality. The skin is a beautiful light straw color; on account of their large size and handsome appearance they always sell at a premium over other varieties. The flesh is pure white, tender and very mild and of delicate flavor, can be eaten raw like an apple. An excellent keeper for such a large onion. If you wish to raise a fine crop of large onions you should plant our select strain of Giant Sweet Spanish. Pkt. 8c.; oz. 25c.; 1/4 lb. 65c.; lb. \$2.35.

Giant Sweet Spanish Onion Sets

We are now able to offer you "sets" of this popular giant sized onion. You will be surprised at the size and quality of the onions you can raise from these sets. Supply limited. Pt. 20c.; qt. 30c.; 4 qts. \$1.00, postpaid.

JUNG'S COUNTRY GARDEN SEED COLLECTION

A COMPLETE ASSORTMENT FOR A QUARTER ACRE GARDEN FOR ONLY \$2.75

Our Country Garden Collection contains an ideal selection of seeds for the average farm garden. These are all select varieties and will provide a continuous supply of fresh vegetables throughout the season besides a liberal supply for can-

ning and winter use. At our special price of \$2.75 it is one of the greatest seed bargains we have ever made, most seed dealers would charge you \$3.50 to \$5.00 for such an assortment.

THIS COLLECTION CONTAINS THE FOLLOWING:

1/2 pt. BEANS—Gt. Stringless Green Pod
1/2 pt. BEANS—Best of All Wax
1 pkt. BEANS—Wonder Bush Lima
1 oz. BEETS—Fireball
1 oz. CARROTS—Danvers Half Long
1 pkt. CABBAGE—Allhead Early
1 pkt. CABBAGE—Surehead
1 pkt. CABBAGE—Danish Ballhead
1 oz. CUCUMBER—Chicago Pickling
1 oz. CUCUMBER—Davis Perfect
1/2 pt. SWEET CORN—Golden Bantam
1 pkt. SWEET CORN—Early Fortune

1 pkt. SWEET CORN—Bantam Everg'n
1 pkt. LETTUCE—Jung's All Cream
1 pkt. LETTUCE—May King
1 pkt. LETTUCE—New Iceberg
1 pkt. MUSKMELON—Honey Rock
1 pkt. WATER MELON—Halbert Honey
1 pkt. ONION—Red Wethersfield
1 oz. ONION—Yellow Globe
1 pkt. CELERY—White Plume
1 pt. PEAS—Blue Bantam
1 pt. PEAS—Honey Sweet
1 pkt. PARSNIP—Jung's Private Stock

1 pkt. PARSLEY—Moss Curled
1 pkt. PUMPKIN—Luxury Pie
1 oz. RADISH—Scarlet Globe
1 oz. RADISH—Select White Icicle
1 pkt. SALSIFY—Sandwich Island
1 oz. SPINACH—King of Denmark
1 pkt. SQUASH—Mammoth White Bush
1 pkt. SQUASH—Improved Hubbard
1 pkt. TOMATO—John Baer
1 pkt. TOMATO—Giant Everbearing
1 pkt. RUTA BAGA—Perfect Model
1 pkt. TURNIP—Purple Top Wht. Globe

With each collection we will send free our booklet on growing vegetables and flowers. With this collection you will also be entitled to some of the free Premiums on inside front cover of our catalog—See coupon on first page. WE

GUARANTEE SATISFACTION OR REFUND YOUR MONEY.

NOTE—These collections are put up before the busy season and are offered at such a low price that no changes can be made.

IMPROVED BLOOD TURNIP

Improved Blood Turnip

Extremely Early, Deep Red, Tender and Sweet. A wonderful Beet for the home or market garden. Roots are remarkably uniform, very dark red; flesh deep purplish red with little tendency towards zoning. Tops are small which permits close planting and makes it very desirable for bunching. Pkt. 5c.; oz. 10c.; 1/4 lb. 30c.

BEETS

Fire Ball

Excellent for the Home Garden or Canning. This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 6c.; oz. 12c.; 1/4 lb. 30c.

FIREBALL

Jung's Select

Detroit Dark Red

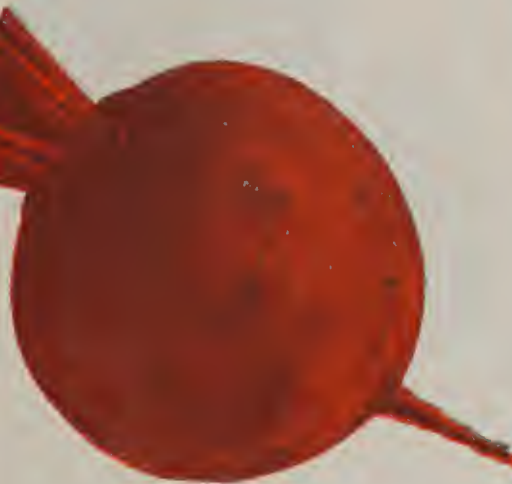

Detroit Dark Red beet has long been regarded as the standard of excellence. It is very early, nearly as early as Egyptian and greatly surpasses that variety in flavor. The color is rich, dark red and the shape is globular. It is fine grained in texture and has a small top. It is free from side or fibrous roots, being always smooth. It is excellent for forcing; for a main spring and summer crop or for use in winter as it is a good keeper. It cooks sweet, tender and crisp and it is in every way a standard sort for the market or home gardener. Has made a good crop in seven weeks from sowing. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.

DETROIT DARK RED

Early Wonder

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable

EARLY WONDER

shape. In quality and color it is peerless; very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 7c.; oz. 12c.; 1/4 lb. 30c.

Do not overlook the fine Flowers and Vegetables offered free with orders. Inside front cover.

Leslie E. White, Minn.—A fitting name for your Fireball beets would be Wayahead. They are way ahead of any other beets in maturity, productiveness and quality. Your Wayahead tomatoes are life savers for northern sections where summers are so short.

Jung's Earliest Garden Collection

14 Big Pkts. of the Earliest Vegetables for 85c

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Crown Seeds which are unexcelled for earliness, hardiness and productiveness. This collection contains 14 full sized packets as follows:

BEANS—Extra Early Wax
BEET—Early Wonder
CABBAGE—Golden Acre
CARROT—First of All
CUCUMBER—Earliest of All
SWEET CORN—Ex. Ea. Fortune
LETTUCE—Earliest Wayahead

ONION—Giant Sweet Spanish
PEAS—Extra Early Marvel
RADISH—Jung's Rapid Red
PARSNIP—Jung's Private Stock
SPINACH—King of Denmark
SQUASH—Table Queen
TOMATO—Jung's Wayahead

If bought at regular catalog prices the above would cost \$1.30 but as a special offer we will send the above 14 full sized packets of Earliest Seeds for 85c and in addition you may select 3 pkts. of the free specialties on inside front cover. Booklet of Culture Instructions free with each collection.

CUCUMBERS

Davis Perfect

A cucumber which for shape, quality, color and forcing indoors or growing outside is unexcelled. The type is perfectly fixed and has an ideal shape, slim and symmetrical. The eating qualities surpass all other varieties. The seeds that are contained in it when ready for slicing are so small and tender that they are unnoticed. The vines are very strong and rampant growers, the fruit resembles the hot-house product so closely that dealers cannot detect the difference. The most nearly perfect Cucumber yet introduced. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

CHICAGO PICKLING

DILL

This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 5c.; oz. 20c.

Rid your Cucumbers of Bugs by Using "Hytox" See page 1.

STRAIGHT-EIGHT

DAVIS PERFECT

IMP. LONG GREEN

Improved Long Green

Deep Green Color. Fine for Pickling or Slicing.

This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and for making sweet pickles when the fruits are ripe and yellow. Pkt. 8c.; oz. 15c.; ¼ lb. 40c.

CHICAGO PICKLING The most popular and widely grown pickling variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness when pickled. Quality excellent. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

STRAIGHT EIGHT Unexcelled for Shipping, Slicing or Pickling

This fine new Cucumber received the 1935 All America Gold Medal for one of the most outstanding vegetables of the year.

It is one of the finest shipping cucumbers as the fruits are deep green, free from objectionable light striping and is very productive. The cucumbers run very uniform in size, usually about 8 in. long, 1½ in. in diameter, well rounded but not tapered ends. A fine cucumber for either the home or market garden as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

NEW COLORADO An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong, rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 8c.; oz. 20c.; ½ lb. 45c.

Jung's Fairfield Giant or Longfellow

The Darkest Green Cucumber in Cultivation

The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color and grow from 12 to 18 inches long, being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. As shown in the illustration the fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 8c.; oz. 15c.; ¼ lb. 45c.

We spare no effort or expense to produce Seeds of the Highest Quality. With us "Quality" and not low price is always our first consideration.

Special Offer No. 3

These five splendid cucumbers will supply you with an abundance of cucumbers for slicing and pickling:

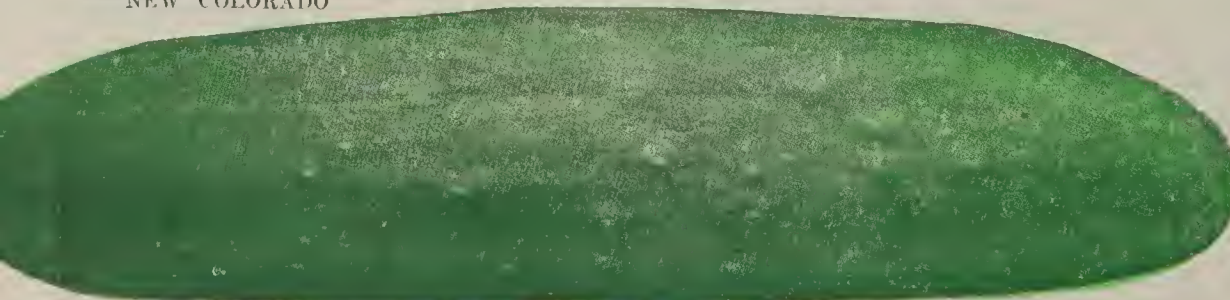

CHICAGO PICKLING
STRAIGHT EIGHT
DAVIS PERFECT
WHITE WONDER
JUNG'S FAIRFIELD GIANT

1 Pkt. of each for 25c.

1 Oz. of each for 60c.

NEW COLORADO

JUNG'S FAIRFIELD GIANT

LETTUCE

Allheart

This magnificent lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The head are light green outside while the inner blanched portion is creamy yellow and of a delicious rich buttery flavor. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

ALLHEART

EARLIEST WAYAHEAD

Special Offer No. 5

In order to have a long supply of crisp, tender Lettuce plant the following varieties and make a sowing once each week.

Jung's All Cream

Jung's Best of All

New Iceberg

Earliest Wayahead

1 Pkt. of each 25c.

1 Oz. of each 65c.

Earliest Wayahead

This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the heads is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequaled among the early sorts. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

SUREHEAD

Jung's All Cream

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c.; oz. 20c.; ¼ lb. 50c.

May King

May King is not in the least affected by wet or cold weather but produces large, solid heads 10 to 14 days ahead of most other varieties. The plants grow from 6 to 7 inches in diameter with the outer leaves folding closely to form the plant into a solid head. The outer leaves are light green slightly tinged with brown; the inner leaves are light yellow and of a rich buttery flavor. Pkt. 5c.; oz. 15c.; ¼ lb. 40c.

JUNG'S ALL CREAM

Select Grand Rapids

A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 5c.; oz. 15c.; ¼ lb. 45c.

CELERY OR COS LETTUCE

Early Surehead

A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 7c.; ½ oz. 12c.; oz. 20c.

Celery or Cos Lettuce

Celery or Cos Lettuce is highly esteemed for its crispness and mild flavor. This variety grows compact, upright plants 10 in. tall which will head without tying. Hearts bleach to a rich creamy color and are of remarkable fine quality. Give the plants plenty of room so they can form heads. Pkt. 5c.; ½ oz. 10c.; oz. 15c.; ¼ lb. 35c.

New Iceberg

The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender, whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

SELECT GRAND RAPIDS

MAY KING

ICEBERG

WATER MELONS

Northern Sweet

A new extra early water melon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Can., has been grown to maturity in 75 days. Not only is it the earliest variety but is also of very good quality; flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 8c.; oz. 15c.; ¼ lb. 45c. lb. \$1.50.

FORDHOOK EARLY

Fordhook Early

This is an extra early watermelon that is of good size and quality. The fruits are of large size, rather short and blocky in form with large diameters. Flesh is bright red, crisp, sweet, and of splendid quality and continues to improve after ripening. The heart is large, there is no seed cavity and very few seeds. The vines are of strong, vigorous growth, setting large melons in good numbers. Skin is dark green with occasional faint stripes of light green. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

O. G. Westphal, Mich.
—Your melons are the finest I have ever raised and all of the seed I ordered is good. That is why I am ordering them again.

NORTHERN SWEET

Dixie Queen

LARGE IN SIZE, SUPERB IN QUALITY, HANDSOME IN APPEARANCE

A superb new Water Melon that will delight the most critical grower, has been one of the most popular shipping melons for the past few years. The fruits are almost round in shape, of good size (30 to 40 lbs.), rind is tough which makes it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart as the seeds are small. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 8c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.10.

Do not overlook the Special Offers on inside front cover.

DIXIE QUEEN

Halbert Honey

The very finest melon in cultivation for home use or nearby markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 inches long and 6 to 8 inches in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within half an inch of the rind which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

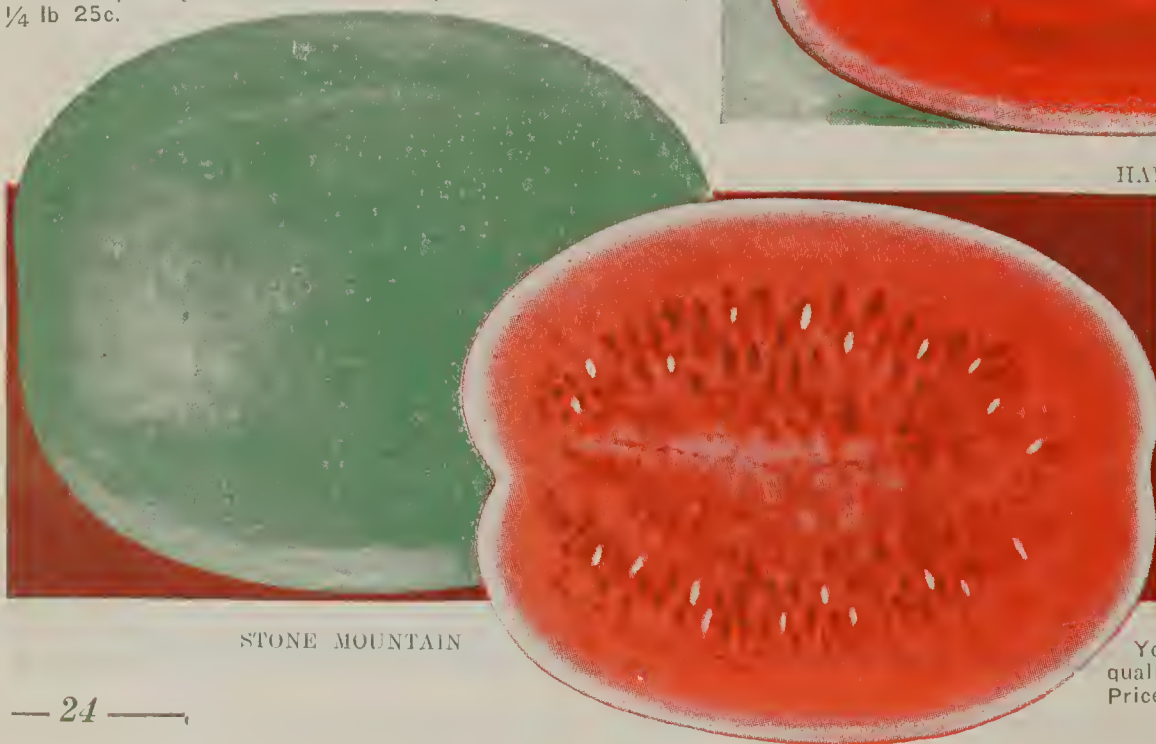

HALBERT HONEY

Stone Mountain

Giant Size—Superb Quality

A new, very large, rich green round melon of wonderful quality. The flesh is bright scarlet, extremely sweet, solid through, almost all heart and but very few seeds. Anyone after eating this melon will invariably call for it again. It ripens early for so large a melon, vines are vigorous growers and bear abundantly. You will make no mistake when you plant Stone Mountain. Pkt. 7c.; oz. 10c.; ¼ lb. 25c.; lb. 95c.

STONE MOUNTAIN

You will be delighted with the high quality of Jung's Melon Seed. Special Prices will be found on wholesale page.

IMPROVED PEERLESS

WATER MELON--Continued Jung's Improved Peerless

We offer a highly improved strain of this popular melon; you will find it to be earlier and of much better quality than the seed usually offered. The melons are oblong and often attain a weight of 25 lbs., rind is light green with darker markings. Flesh is brilliant red, deliciously sweet and melting. Its handsome appearance makes it a rapid seller and for the home garden it is hard to beat. Our strain will ripen very early, you will make no mistake by planting it. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.

KING WINTER MELON

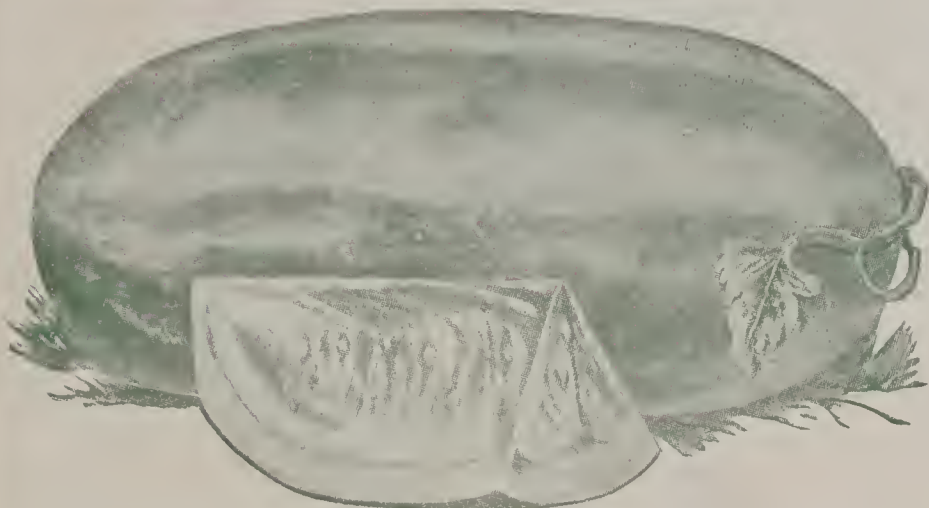

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin, hard rind and are very solid; they are from 8 to 12 inches in diameter and sell well at all seasons. Flesh is bright red and very sweet. Vines are very vigorous growers, very productive and will ripen quite early. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

Golden Honey Sweet

A Delicious Yellow-Fleshed Water Melon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 8c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.

GOLDEN HONEY SWEET

Special Offer No. 6

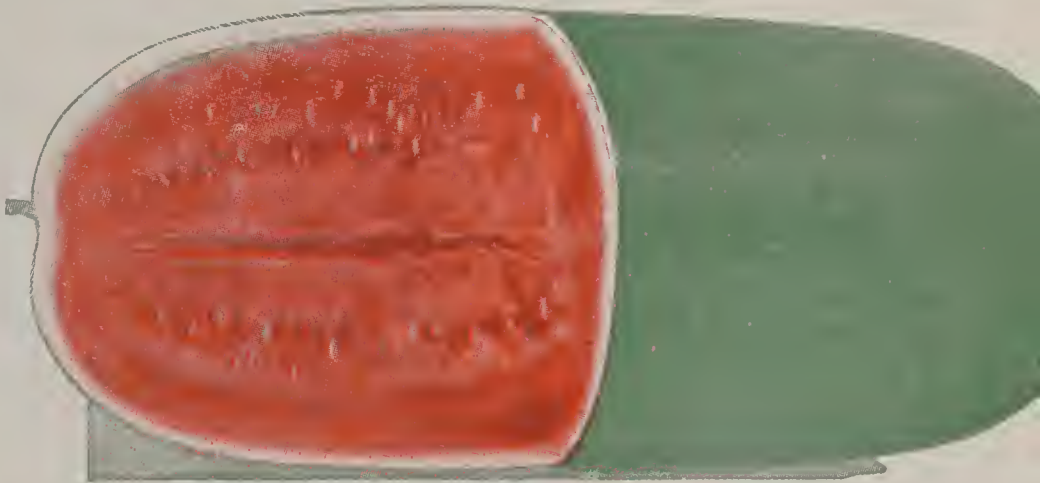

If you wish to raise a fine lot of choice melons plant the following:

HALE'S BEST
JUNG'S BIG PROFIT
FORDHOOK EARLY
HALBERT HONEY
KING WINTER MELON.

1 Pkt. of each for 25c.
1 Ounce of each for 65c.

Mrs. E. O. Enerson, No. Dak.—Have planted your seeds for years and they are just grand. From 1 pkt. of your Fordhook Early Water Melon seed I grew 30 large melons all of which ripened on the vines.

Mrs. Anna Pitney, Ore.—I could not garden without your wonderful seeds.

IMP. KLECKLEY SWEETS NO. 6

DISEASE RESISTANT WATER MELONS

In many sections of our country ordinary strains of Water Melons often fail due to fusarium wilt. This destructive plant disease may be present in the soil for many years and so far as is known cannot be successfully controlled. To combat this disease State Colleges have developed strains that are resistant to this ailment. For a number of years, Pride of Muscatine, an Iowa development was used. While this was resistant to disease it lacked edible quality and color of flesh. In the last few years much work has been done by the Iowa Experiment Station in developing water melons that are of high quality and also resistant to wilt.

IMPROVED KLECKLEY SWEETS NO. 6 (Wilt Resistant)—A great improvement on the old Pride of Muscatine. It has the resistant qualities of the Pride of Muscatine and the quality of the best strains of Kleckley Sweets; in addition it is also a splendid shipper as the rind is tough. The melons are oblong in shape, about 22 inches long and 10 to 12 inches in diameter. Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25.

IMPROVED STONE MOUNTAIN NO. 5 (Wilt Resistant)—A highly improved strain of Stone Mountain, it retains all the good qualities of this popular variety and in addition is resistant to wilt. Unusually early for a large melon. Deep red flesh which is firm and crisp, free from stringiness and very sweet. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 30c.; lb. 95c.

IMP STONE MOUNTAIN NO. 5

CALIFORNIA WONDER

Oshkosh

The Best Yellow Pepper

A very distinct and desirable large fruited pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers". The flavor is mild and exceptionally sweet. Fruits average $4\frac{1}{2}$ in. in length by $3\frac{1}{2}$ in. in diameter, broad at base and taper slightly to a blunt point; plants grow compact and are very productive. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.

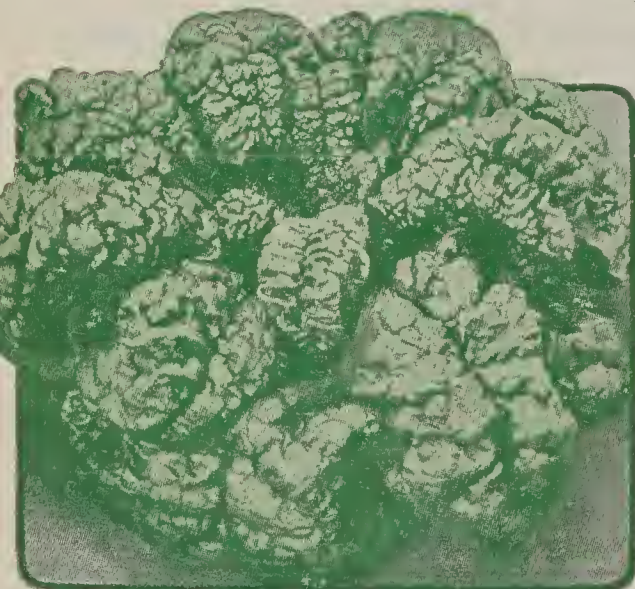

World Beater

The very best extra large pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 inches long by $3\frac{1}{2}$ to 4 inches in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c.; $\frac{1}{2}$ oz. 25c.; oz. 40c.

SPINACH

Long Standing Bloomsdale

A remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 25c.; lb. 60c.

LONG STANDING BLOOMSDALE

PEPPER

California Wonder

A magnificent pepper resembling Chinese Giant in its large size and "blocky" form of fruits, full grown peppers will measure $4\frac{1}{2}$ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardeners. Pkt. 10c.; $\frac{1}{2}$ oz. 30c.; oz. 50c.

OSHKOSH

WORLD BEATER

King of Denmark

This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 20c.; lb. 50c.

KING OF DENMARK

EARLY GIANT

Early Giant

By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. It ripens right after Harris Earliest, which is the earliest pepper grown; fruits average 5 in. long by $3\frac{1}{2}$ in. in diameter, of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.

Long Red Cayenne

This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.

Pimiento Pepper

This variety grows peppers that are of large size and is largely used for mangoes, salads and stuffing. Flesh is very thick, mild and sweet; color bright red when ripe. Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.

Mrs. Goins, Kans. — Every seed, plant and shrub from you has been absolutely satisfactory in every way.

Jung's Northern Grown Tomato Seed

We take special pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solid-er fruit and healthier plants than seed grown further south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

Jung's Private Stock "John Baer"

We are offering seed of our own growing which for earliness, freedom from all disease, great productiveness and solidity of fruits is unexcelled.

Here are a few reasons why you should plant this excellent variety:

1. It is one of the first to ripen.
2. It produces the smoothest fruits of any extra early variety.
3. It is enormously productive, bearing throughout the season.
4. The fruits ripen evenly up to the stem; no cripples, cracked, blighted or wrinkled fruit. A very good shipper as it will not burst.
5. It is of the most brilliant red color and the flavor is deliciously sweet.
6. It produces an enormous crop, 50 to 100 fruits to each plant.
7. In shape and form exactly like the photograph.

Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown further south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.; lb. \$4.75, postpaid.

Penn State Tomato

Won 1936 All-America Award

A new extra-early tomato that well deserves its wide popularity. It is the result of 7 years of intensive breeding work by Dr. Meyers of the Penn. State College. It is very early, many growers report it ripened even earlier than Earliana. The plants grow very compact or bushy and can be set in rows 3 ft. apart and plants 2 1/2 ft. apart in the rows. The bushy plants are well supplied with foliage which protect the fruits from sun-scall. As the plants can be set so close larger yields per sq. ft. of ground can be obtained from Penn State than any other variety. The fruits are almost globe shaped, 3 to 3 1/2 in. in diameter, and are of a rich scarlet color. The flesh is dark red, of excellent quality, has very little core and few seeds, almost solid flesh.

Whether you grow tomatoes in the home garden or for market we know you will be highly pleased with "Penn State" in every way. Pkt. 12c.; 1/2 oz. 50c.; oz. 90c.

OXHEART

JOHN BAER

Super Select John Baer

For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest or crown-set fruits, sure to please. Pkt. 15c.; 1/2 oz. \$1.00; oz. \$1.75; 1/4 lb. \$4.50

Disease Resistant Tomato

"Marglobe or Coreless"

LARGE SIZE. GLOBE SHAPED.
BRIGHT RED.

We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet, globe-shaped tomato, fruits are very smooth, free from core and often weigh one pound each. We offer extra select seed of our own growing. Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.; 1/4 lb. \$1.25.

Super Select

"Marglobe or Coreless"

This seed has been saved only from the first or crown-set fruits. The plants were especially selected for producing large early ripening tomatoes. Pkt. 15c.; 1/2 oz. \$1.25; oz. \$2.00; 1/4 lb. \$4.50.

PENN STATE

Super Select Penn State

This seed is saved only from select plants. You will be delighted with this fine tomato. Pkt. 20c.; 1/2 oz. \$1.50; oz. \$2.75.

Early Oxheart

We have spent several years in developing this extra early strain of the famous Oxheart tomato. It grows a very compact plant and ripens two to three weeks earlier. The fruits are of good size and fine quality. It will produce an even heavier crop than the regular Oxheart. Pkt. 8c.; 1/2 oz. 35c.; oz. 60c.

MARGLOBE or CORELESS

GIANT EVERBEARING

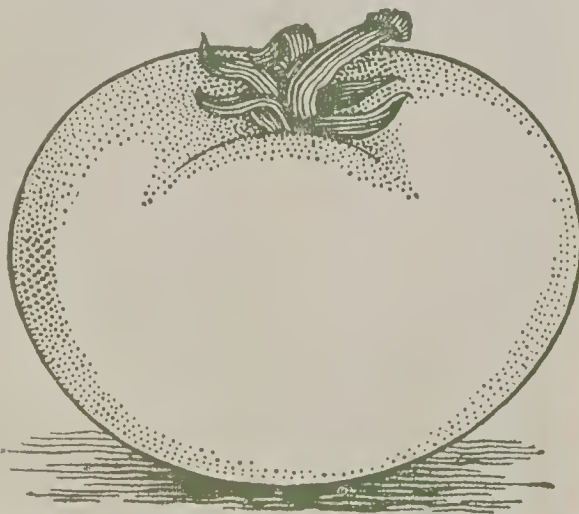

Trucker's Favorite

Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop pink Tomato Trucker's Favorite can not be beat. Pkt. 7c.; 1/2 oz. 20c.; oz. 30c.; 1/4 lb. \$1.10.

HUNDREDFOLD

Helen Weston, N. Y.—I like your Hundredfold Tomato; they produced an amazing number of fruits. It is excellent for canning, the fruits remaining whole and tender.

WHITE WONDER

Giant Everbearing

A wonderful tomato that commences to ripen early and continues to bear throughout the season, the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S., and on different soils and always proved successful. The plants root very well from the start and make strong vines that produce surprisingly large number of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem; easily prepared for market on account of its perfection. Fruits are a bright glossy red, flesh is solid, contain few seeds, and are of exceptionally fine flavor. Choice seed of our own growing: Pkt. 7c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.25.

Mrs. G. Disch, Wis.—Have used JUNG'S seeds for 7 years and sure like them, they produce for me a wonderful garden always.

TRUCKER'S FAVORITE

Hundredfold

A remarkably fine tomato that will be sure to surprise you for quality, yield and fine, smooth fruit; it commences to ripen very early and will keep on bearing until frost. Fruits will average good size and are borne in clusters, often 12 to 15 in a bunch, color bright red, fruits are always smooth and of the finest flavor; as it is globe shaped it is splendid for slicing. As it is so productive a dozen plants will supply fruit for an ordinary family. Choicest seed of our own growing: Pkt. 7c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.25.

White Wonder

A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seed of our own growing. Pkt. 8c.; 3 pkts. 20c.

Special Offer No. 9

One pkt. of each of the following Tomatoes for only 30c:

GOLDEN DWARF CHAMPION
HUNDREDFOLD
GIANT EVERBEARING
JOHN BAER
PRITCHARD

FANCY MIXED PRESERVING

Fancy Mixed Preserving

An interesting packet comprising a mixture of the different small fruited varieties such as Red and Yellow Pear, Plum, Peach and Cherry. These varieties are all of unusually sweet, rich flavor and excellent for preserves. May also be dried in the sun and packed in sugar thus making an excellent substitute for figs. Pkt. 7c.; 2 pkts. 10c.

HALE'S BEST

Golden Gem Sweet Corn

Extra Early. Luscious Quality. Heavy Yields. Very Profitable for Early Markets.

A wonderful new sweet corn that will appeal to all lovers of truly delicious corn. It has the luscious sweet flavor of Golden Bantam and is fully a week earlier. Although extremely early the ears are of good size, 6 to 7 in. long and contain 8 rows of delicious, tender kernels. The stalks grow only 2½ to 3 ft. tall and often bear two ears. As the stalks are dwarf it can be planted quite close and a great many ears grown on a small piece of ground. Pkt. 8c.; ½ pt. 20c.; pt. 35c.; qt. 60c.

Hale's Best Cantaloupe

A select strain of this fine extra early melon of which we are very proud. One of the earliest salmon fleshed cantaloupes. Melons are nearly round, 6 to 6½ in. long, densely covered with heavy netting. The flesh is very thick and fine grained, unusually sweet and tasty. The best extra early melon for either the home garden or shipping. Extra select seed saved only from selected melons: Pkt. 8c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.25.

Jung's Super Select Hale's Best

Extra Early. Superb Quality. Very Productive.

Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed: Pkt. 8c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.50.

Superb Early Tomato "Pritchard"

RESISTANT TO RUST AND WILT. GLOBE SHAPED. ALWAYS SMOOTH

This new early tomato is the best of the disease resistant varieties. The vines are of rugged growth, with abundant foliage to protect the fruits, but do not require pruning or staking. The tomatoes are large in size, very smooth, globe shaped, solid and meaty, deep red in color with an elegant flavor. An excellent tomato for the home garden, shipper or canner. We offer extra select seed of our own growing. Pkt. 8c.; ½ oz. 25c.; oz. 45c.; ¼ lb. \$1.50.

Jung's Super Select Pritchard Tomato

For planters who demand something extra special we offer seed of this tomato that was saved from special plants. This seed is only from the earliest or crown set fruits, nothing better can be had. Pkt. 15c.; ½ oz. \$1.25; oz. \$2.25.

CARROT

Coreless or Early Market

A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 inches in length by 1½ inches in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.

GOLDEN GEM

PRITCHARD TOMATO

CORELESS

GIANT SWEET SUMMER

Giant Sweet Summer Radish

The ideal radish for spring and summer planting. The radishes are almost round in shape with small tops and of a beautiful clear white color. It is of remarkably fine quality, always tender and sweet, grows to large size and remains in edible condition for a very long time. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

Jung's Earliest Tree Tomato

Enormous Yields. Bright Red. Early and Large

A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about two feet and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of three to five and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid, meaty center and no hard core and produces but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 8c.; ½ oz. 20c.; oz. 35c.

Jung's Earliest Tree Tomato

TOMATO

Golden Dwarf Champion

The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous, upright growth, smooth fruit, fine color and to the earliness with which it reaches maturity. Plants are bushy and compact, with heavy dark green foliage.

The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 7c.; ½ oz. 20c.; oz. 35c.

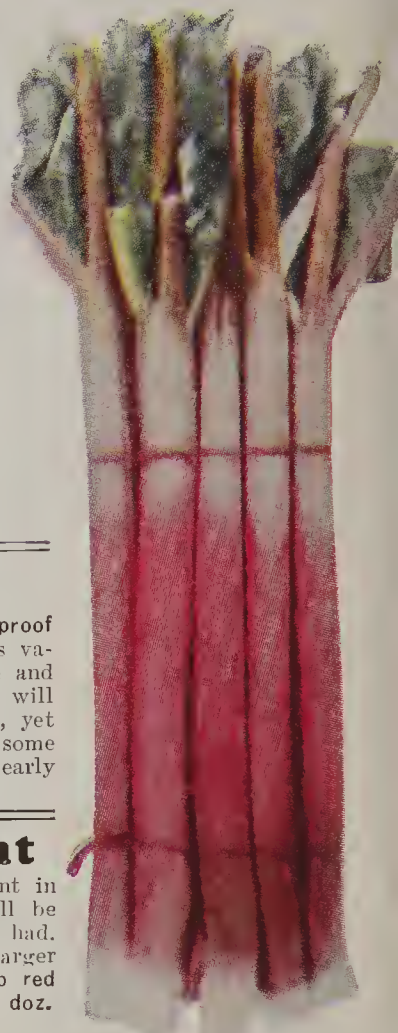

GOLDEN DWARF CHAMPION

WASHINGTON ASPARAGUS

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some very choice, strong 1 yr. old roots of our own growing but advise early orders. 25 for 40c.; 50 for 75c.; 100 for \$1.25; 1000 for \$7.50.

CRIMSON GIANT

Crimson Giant Rhubarb or Pie Plant

A few Rhubarb plants should be in every garden as it is the first plant in the spring to produce material for pies, sauces and canning. They will be highly appreciated as at this time of year no other fresh fruit can be had. Will grow in any good garden soil, the more mature it is given the larger and finer the stalks are. You will be delighted with the fine large deep red stalks of this new Pie Plant. Strong divisions: Each 25c.; 3 for 65c.; doz. \$2.50.

CALIFORNIA POPPY

California Poppy

GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to Oct. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow, height 12 in. Pkt. 7c.; 2 pkts. 10c.

NASTURTIUMS New Double Hybrid

Now you may have these wonderful sweet scented double nasturtiums in a wide range of colors in true bush form. The plants grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well-formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Your flower garden will not be complete without some of these wonderful new nasturtiums. Pkt. 7c.; ½ oz. 12c.; oz. 20c.

DWARF DOUBLE HYBRID NASTURTIUMS

Jung's Superb Asters

We make a specialty of Asters and for size and perfection of flowers our strains are unexcelled. No other flower can approach the Aster for beauty, color, form or profusion of bloom. They are hardy and may be had in flower from early summer until in the fall.

JUNG'S AMERICAN BEAUTY—Giant rose-pink flowers produced on long stems. Pkt. 10c.; $\frac{1}{4}$ oz. 45c.
JUNG'S CHRYSANTHEMUM — Immense shell-pink flowers that rival chrysanthemums in size and beauty. Pkt. 10c.; $\frac{1}{4}$ oz. 50c.

ROYAL LAVENDER—Large charming soft lavender flowers; come into flower early. Pkt. 8c.; $\frac{1}{4}$ oz. 40c.
GIANT BRANCHING WHITE—The largest and best pure white. Flowers often 4 in. across and very double. Pkt. 8c.; $\frac{1}{4}$ oz. 40c.

JUNG'S SCARLET GEM—The most showy Aster. Rich fiery red, splendid for beds or cut flowers. Pkt. 10c.; $\frac{1}{4}$ oz. 50c.

JUNG'S GIANT PURPLE—Deep purple, extra long stems each carrying one of the giant flowers. The best purple to be had. Pkt. 8c.; $\frac{1}{4}$ oz. 40c.

JUNG'S EARLY INNOCENCE—The earliest Aster, blossoms in July and produces a large number of fine flowers to each plant. All colors mixed. Pkt. 8c.; $\frac{1}{4}$ oz. 35c.

YELLOW CHRYSANTHEMUM—The newest Aster. Delicate canary yellow, flowers of good size and bloom profusely. Pkt. 10c.

JUNG'S SPECIAL ASTER OFFER

One Pkt of each of the above eight Superb Asters for 50c.

With each collection we send FREE INSTRUCTIONS on how to grow the large fancy flowers.

New Snapdragon

RUST-PROOF MIXED—In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. Pkt. 10c.; 3 pkts. 25c.

Gaillardia

FINEST ANNUAL MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 inches across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 7c.; 2 pkts. 10c.

Carnation Centaurea

CARNATION FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 inches across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. Pkt. 8c.; 2 pkts. 15c.

JUNG'S SUPERB ASTERS

Lloyd Stonebraker, Pa.
 —We planted your Superb aster collection last year. They were certainly beautiful and perfect flowers.

RUSTPROOF SNAPDRAGON

Jung's Giant Fancy Mixed Asters

This is the highest grade of mixed Asters it is possible to produce. It contains all of the colors shown above and is made up of only giant flowered varieties. Most seedsmen do not put out such a mixture as the seed costs too much but as we grow our own seed it is possible for us to do this. Many of these flowers will be 5 in. across and are borne on stems 2 to 3 ft. long. Pkt. 10c.; 3 pkts. 20c.; $\frac{1}{8}$ oz. 30c.

Portulaca

GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 10c.; 3 pkts. 20c.

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

CALENDULA

DWARF MARIGOLD

BRIILLIANT BEAUTY PETUNIAS

ORANGE FLARE COSMOS

EVERLASTING FLOWERS

Orange King Calendula

One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture blooming freely in winter. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 5c.; 1/8 oz. 15c.

Orange Flare Cosmos

A new type of early flowering Cosmos which remains in full bloom over a long period. Flowers are a deep rich orange and a bush in bloom is like a bouquet of gold. Bushes grow 2 to 3 ft. tall; flowers are borne on long stems and being large size are ideal for cutting. Pkt. 7c.; 3 pkts. 15c.

Everlasting Flowers

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants row about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 7c.; 2 pkts. 10c.

James A. Bettis, Ind.—Have been receiving shrubs and seeds from you for the past four years and consider them the best to be had at any price.

Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seed of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c.; 3 pkts. 20c.

Scabiosa or Mourning Bride

GIANT FANCY MIXED—A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 8c.; 2 pkts. 15c.

Mrs. D. F. Keating, N. Y.—Your seeds are a grand success with us.

Petunias

BRIILLIANT BEAUTIES

A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive in heat and dry weather plant some of these grand Petunias. Pkt. 8c.; 2 pkts. 15c.; 1/8 oz. 25c.

Dwarf Marigolds

FANCY DWARF MIXED—There are few, if any, of the low growing annuals that produce such a profusion of flowers for a long period of time. They form dense, attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

Mrs. Tillie Hart, Ind.—We have lovely gardens with your seeds I think this will be four years we used them

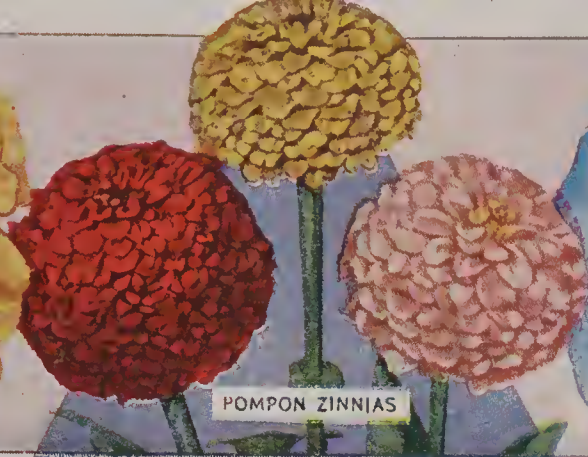

SCABIOSA

GIANT FANCY MARIGOLDS

GUINEAU GOLD

POMPON ZINNIAS

HEAVENLY BLUE MORNING GLORY

BUSH BALSAM

GOLDEN GLEAM

A Page of Beautiful Flowers

Carnation Flowered Marigold

GUINEAU GOLD—Another new flower of rare beauty and deserving a place in every flower garden. The plants grow to a height of 2½ ft. and when in full bloom are a solid golden dome. Flowers are large in size, very double and a brilliant orange color overlaid with gold. As the flowers are borne on long stems they are admirably suited for cut flowers. Pkt. 7c.; 2 pkts. 10c.

Heavenly Blue Morning Glory

A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3½ to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 8c.; 2 pkts. 15c.; ¼ oz. 25c.

New Double Bush Balsam

A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 10c.; 3 pkts. 25c.

Fancy Pompon Zinnias

These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact, and bushy and are loaded with the beautiful, perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnias has been greatly improved and is becoming very popular. Pkt. 7c.; 2 pkts. 10c.

Fragrant Double Nasturtium

GOLDEN GLEAM—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth, they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2½ to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c.; ½ oz. 10c.; oz. 15c.

Superb Double Stocks

JUNG'S FANCY DOUBLE MIXED—One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 feet and produce long spikes of double flowers, many of them 2 inches across. Colors include white, rose, blue, crimson and yellow. Our seed is a superb select strain. Pkt. 8c.; 3 pkts. 20c.

New Giant Double Larkspur

EXQUISITE MIXED—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. Pkt. 8c.; ½ oz. 20c.

Centaurea or Bachelor's Button

JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. Pkt. 7c.; 2 pkts. 10c.; ½ oz. 15c.

Mrs. C. W. Dohm, Madison, Wis.—Have always ordered my seeds from you and my garden is the pride of the neighborhood.

STOCKS

LARKSPUR

Special Offer No. 40

One pkt. of each of these eight Superb Flowers for 55c. If bought separately would cost 70c.

Do Not Overlook Premiums on Inside Front Cover.

CENTAUREA OR BACHELOR'S BUTTON

CARNATION PINKS

Carnation Pinks

FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 8c.; 2 pkts. 15c.; $\frac{1}{8}$ oz. 20c.

ANNUAL DAISIES

Mrs. R. J. Shaw, N. Y.—Last year we planted some of your Sweet Peas, they bloomed wonderfully and everyone said they were the loveliest they had ever seen.

TULIP POPPY

JUBILEE GEM

Centaurea

JUBILEE GEM—A new type of the popular "cornflower" or bachelor button. Grows only 8 to 10 in. tall, the deep blue flowers fairly cover the bushes. Unexcelled for borders as they commence to flower very early and continue in bloom for weeks. Pkt. 7c.; $\frac{1}{8}$ oz. 15c.

Marigold

CROWN OF GOLD—The Golden Medal winner of 1936 and one of the most popular flowers ever introduced. Plants grow 18 to 24 in. tall, they come into flower early and are a solid mass of bright gold until frost. Flowers are a bright golden color, large in size and make splendid cut flowers. Does not have the objectionable odor of the ordinary Marigolds. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

New!

COLLALETTE MARIGOLD
CROWN OF GOLD

VELVET FLOWER

Annual Daisies

FANCY MIXED—Plants of very neat branching habit, grow about twelve to fifteen inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. Seed may be started under glass or sown in the open ground. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned. Certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.; 2 pkts. 10c.

Velvet Flower or Salpiglosis

GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 7c.; 2 pkts. 10c.

Mastodon Snapdragons

Snapdragon

MASTADON MIXED—These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1½ in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers throughout the summer and fall. Pkt. 8c.; 3 pkts. 20c.

Tulip Poppy

A very desirable hardy annual, seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 7c.; 2 pkts. 10c.

Giant Early Sweet Peas

EARLY SPENCERS MIXED—A new type of Sweet Peas having the large waved flowers of the Giant Spencers but coming into flower fully three weeks earlier and will then continue to blossom for a long time. The vines are vigorous growers and produce a mass of flowers on long stems, often 3 to 4 flowers on each stem. Our mixture contains all the finest colors of the large ruffled strains. Pkt. 10c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.

Early Spencer Sweet Peas

Jung's Super Giant Zinnias

Our sales on the truly Giant flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—A lovely shade of primrose or lemon, very large flowers and holds its color for a long time. Pkt. 10c.

DREAM—A very attractive and desirable shade. Light lavender, changing to purple. Pkt. 10c.

EXQUISITE—One of the most pleasing as regards form and size. Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense, orange and gold bicolor flowers but changing as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIAS OFFER

1 Pkt. of each of these 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

This is one of the finest Mixtures of Zinnia seed to be had. It contains seed of all of those shown above besides many other colors. If you want glorious color around your house from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 8c.; 3 pkts. 20c.; 1/4 oz. 40c.

Everblooming Zinnias

This is a special strain of these popular annuals that produces masses of brightly colored flowers and the plants remain in full bloom from early summer until frost. Flowers are of good size, very double and all bright colors.

Especially fine for a showy bed or border and also for bouquets. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 20c.

Mrs. P. Diedrich, Wis.
—The Zinnias grown from your seed were beautiful.

EVERBLOOMING ZINNIAS

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2 1/2 inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

AUSTIN FREDERICK—A magnificent flower of a pleasing shade of bright lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

PINKIE—The largest flowered rich rose-pink. Long stems often bearing four flowers. One of the best.

KING WHITE—The grandest of all white Sweet Peas, remarkable for its glistening whiteness and large size.

MARY PICKFORD—Appropriately named, as it is one of the most beautiful, giant flowered sweet peas. Color is a dainty cream-pink blending towards salmon. Grows vigorous vines and blooms very profusely.

ROYAL PURPLE—A beautiful rich deep purple and the best in its class. Flowers of large size borne on long stems and produced in great profusion.

ROYAL RED—The flowers of this grand variety are of heavy texture, of grand size and beautifully waved. Flowers are a rich scarlet that glistens in bright sunlight.

WARRIOR—Beautiful fluted maroon flowers of large size and true waved or fluted style. Very vigorous growers.

PRICE of any above Sweet Peas: Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 45c.

Special Sweet Pea Offer

One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed on this page for only 25c.

Mrs. J. W. Francis, N. S., Canada—Enclosing another order. The sweet peas from you were the best I ever had. My word was doubted when told where the seed was grown, but the seeds spoke for themselves, the stems were 15 inches in length and flowers very fine.

ROSY PLUME SPIREA

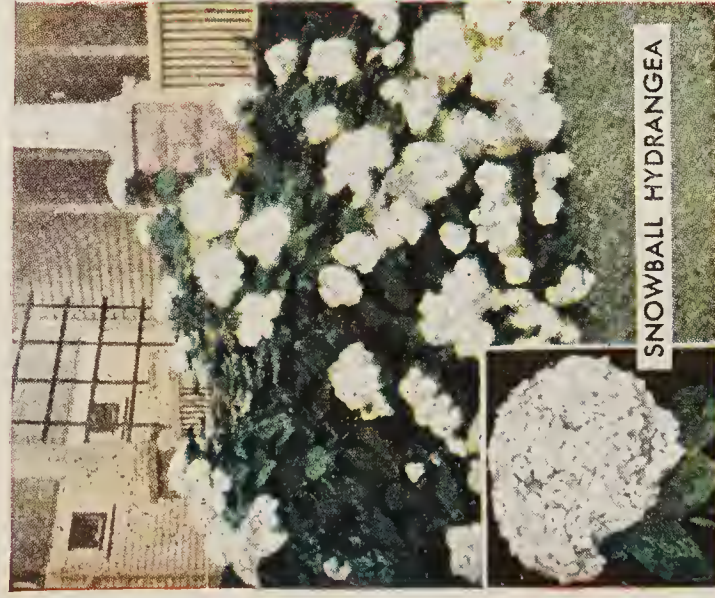

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. Strong 2 yr. plants: Each 20c.; 3 for 50c.. 12 for \$1.65.

Mrs. Ella J. Schrader, Ill.—Well pleased with the shrubs received from you, they are doing nicely.

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilies and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Each 25c.; 3 for \$5c.

SNOWBALL HYDRANGEA

FORSYTHIA

Golden Bell Forsythia

A handsome hardy shrub that grows 5 to 6 ft. tall. Few, if any of the early flowering shrubs can surpass the splendor and brilliancy of a Forsythia in full bloom. Flowers are a bright golden yellow and completely cover the bush. One of the first shrubs to blossom, after the first few days of spring they break forth in full flower which remain for weeks. Each 25c.; 3 for 60c.; doz. \$2.25.

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted with a background of green shrubs; may also be planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Select 2 yr. plants: Each 25c.; 3 for 65c.; 12 for \$2.45.

Beautiful Hardy Shrubs

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1 yr. rooted cuttings that are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Bush Honeysuckle Tartarian Rose

A large handsome bush, especially useful as a background for lower shrubs or hiding unsightly buildings or fences. Will thrive in partial shade. The bushes are loaded with bright pink flowers in May and June followed by red berries in the summer and fall. It is very hardy and one of the first shrubs to leaf out in the spring. Each 20c.; 3 for 50c.; doz. \$1.75.

Regal or Fern Privet

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, drooping gently at the ends, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations and entrances. Each 20c.; 3 for 50c.; 12 for \$1.75.

Snow Garland Deutzia

A valuable and beautiful shrub, it grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. Each 25c.; 3 for 60c.; doz. \$2.00.

Scarlet Flowering Quince

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. Each 25c.; 3 for 55c.; doz. \$1.90.

FLOWERING QUINCE

RED BARBERRY

Jung's Shrubs are Properly Handled

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

Do not compare our shrubs with those offered as bargains, usually they are inferior in size and often stand around stores or counters for many days and the life is gone.

HONEYSUCKLE

REGEL PRIVET

We guarantee all our Shrubs and Plants to reach you in first class condition.

WIEGELA RUBRA

SPIREA

Anthony Waterer
THE BEST EVERBLOOMING RED SHRUB

A popular and handsome shrub forming round bushes $2\frac{1}{2}$ to 3 ft. in height and width, widely used for border planting in front of tall shrubs. Produces wide heads or clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2 yr. plants: Each 20c.; 3 for 50c.

Wiegela Rubra

A very desirable and easily grown shrub that is gaining in popularity every year. Forms neat heavily leaved shrubs 5 to 6 ft. high and during June the bushes are covered with an abundance of the bright rose colored flowers. May be used with other shrubs or planted alone, will bloom in partially shaded locations. Each 25c.; 3 for 65c.; doz. \$2.25.

Persian Lilac

One of our most beautiful Lilacs. Of slender, graceful growth and a very profuse bloomer. Flower heads are very large, bright purple and very fragrant. Sturdy well rooted bushes: Each 25c.; 3 for 65c.

H. A. Krueger, Wis.—Received my order of shrubs and am very much pleased with the quality of this stock.

Mrs. D. A. Turner, Ga.—Received my order of plants and all are very nice. I am sending a second order.

E. B. Guilford, Ill.—Shrubs arrived very fine, all that anyone could ask for.

Hydrangea

Paniculata Grandiflora

The Most Satisfactory Ornamental Shrub.

Very Hardy. Easy to Grow. Sure to Bloom. Very Showy and Attractive. If you have but one shrub let it be one of these Hydrangeas, you will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white later changing to pink. We offer only field grown plants of the true Giant Flowered type. Each 25c.; 3 for 65c.; doz. \$2.45.

Bridal Wreath or Spirea--V. H.

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow-white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Extra Strong plants each 20c.; 3 for 50c.; 6 for 95c.; doz. \$1.60.

Vibirnum

Giant Red Berried

One of our hardy useful and beautiful shrubs growing to a height of 5 to 6 ft. They have handsome brilliant green foliage which forms a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. Extra Strong 2 yr. Plants: Each 25c.; 3 for 65c.; doz. \$2.40.

Special Prices

We make special prices to Cemetery Assns., Churches, Parks and Public Institutions. Send us a list of your requirements. We can supply you with first class plants direct from our nurseries at most reasonable prices.

HYDRANGEA PAN. GRANDIFLORA

BEAUTY BUSH

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are deep pink and the flowers are produced in such profusion that the branches droop gracefully like a Bridal

Wreath. Be sure to plant one or more of these fine shrubs. Strong 2 yr. field grown plants: Each 30c.; 3 for 75c.

Special Notice

At prices quoted on these pages we pay all delivery charges but nursery orders must amount to 50c or more.

GOLDEN ELDER

Golden Elder

A valuable plant for producing contrast when planted with other shrubs as it has bright golden yellow foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Each 25c.; 3 for 65c.

PHILADELPHUS

AMOOR RIVER PRIVET

New Butterfly Bush Isle de France

This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bears a spike of flowers 9 to 12 in. long. Blooms from July until hard frosts. Strong plants that will bloom this year: Each 30c.; 3 for 75c.

Philadelphus Virginalis

This may be classed as one of our most beautiful hardy shrubs; if you can have but one shrub let it be one of these. Grows to a height of 4 to 5 ft., they come into full bloom in June and when in full flower resemble a huge bouquet being completely covered with clusters of large, double, pure white, sweet-scented flowers and remain in flower for 3 to 4 weeks. Extra strong 3 yr. plants: Each 25c.; 3 for 65c.; doz. \$2.40.

HARDY ORNAMENTAL SHRUBS

We offer a list of the most popular and highly desirable ornamental shrubs and vines. They are all strong 2 and 3 year old field grown plants and should not be compared to small 1 year plants that are often offered at low prices. We guarantee them to reach you in fresh, live condition, entirely different than shrubs or plants that have stood around stores for a long time and dried out.

JAPANESE BARBERRY

Japanese Barberry

Perfectly Hardy. Colors Wonderfully in the Fall.

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold while during the winter they are covered with bright, red berries. This variety does not spread rust. Strong bushy 2 yr. plants: Each 20c.; 3 for 45c.; 12 for \$1.40; 25 for \$2.65.

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plants until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings, can be pruned or sheared to suit your fancy, the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong heavy 2 yr. transplanted plants of our own growing. 3 for 35c.; 12 for 95c.; 50 for \$3.25; 100 for \$5.95.

ISLE DE FRANCE

CHINA ROSE TREE

FRENCH LILAC

RED LEAVED PLUM

China Rose Tree

This distinct and handsome little tree is a native of China but perfectly hardy in the U. S. It grows to a height of 5 to 7 ft. and is very well suited for planting on a lawn as a specimen or in the rear of shrub planting. It bears a wealth of large double flowers, very much like a rose and of a delicate pink color. The flowers are thickly set along the branches, commences to bloom very early in spring before even the leaves start. **Strong 2 to 3 ft. trees:** Each 45c.; 3 for \$1.25.

French Lilac

The French Lilacs have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of this fine Lilac. **EXTRA STRONG PLANTS.** Each: 35c.; 3 for 85c.

Red Leaved Plum

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest color. Perfectly hardy and will grow 6 to 8 ft. tall. **Strong 2-3 ft. plants:** Each 45c.; 3 for \$1.25.

GIANT BRIDAL WREATH

Tree Hydrangea

We know of no other shrub or tree that will equal the tree Hydrangea for the length of time they are in flower and rare beauty of flowers. It is unsurpassed as a specimen shrub for lawns. We offer the giant flowered type, they will bloom the first year and on rich soil the flower heads will be of immense size. The flowers open up a pure white and later change to pink, commences to bloom in July and remain in flower until winter. **Each 50c.; 3 for \$1.25.**

TREE HYDRANGEA

Special Offer No. 1

One strong plant of each of the following fine tree shrubs for only \$1.50

RED LEAVED PLUM CHINA ROSE TREE
TREE HYDRANGEA FRENCH LILAC

Giant Bridal Wreath

The finest of all Spireas. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers. A very hardy attractive shrub that is sure to please. **Each 20c.; 3 for 50c.**

Golden Wiegela

A dwarf and very useful shrub which grows 3 to 4 ft. tall. The leaves are margined creamy white and are splendid for planting among shrubs or used as specimen plants around the house or lawn. Flowers rose colored and produced in greatest profusion. A shrub of rare beauty from early spring until late fall; sure to please. **Each 25c.; 3 for 65c.; 12 for \$2.25.**

Chinese Elm

A new elm which is becoming very popular as it is one of the most rapid growing shade trees. It is a fine shaped tree, extremely hardy and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted, plenty roots, sturdy trees, not spindling seedlings as are often offered at low prices. **Strong transplanted 3 to 4 ft. trees.** Each 35c.; 3 for 90c.; 12 for \$3.25.

Mrs. A. B. Browning, Okla.—Received my seeds and shrubs and was so well pleased that I am ordering more.

GOLDEN WIEGELA

CHINESE ELM

WISTERIA

WISTERIA

HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age, doing as well in the city under unfavorable conditions as in the country. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. Strong 2 yr. old plants: Each 25c.; 3 for 65c.

SILVER LACE VINE

HARDY CLIMBERS

SILVER LACE VINE

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will quickly cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during Aug. and Sept. the vines are a fleecy cloud of bloom of ivory white color. Planting one of these fine vines will prove to be a source of joy and pride. Select 2 yr. plants: Each 30c.; 3 for 75c.

TRUMPET VINE

TRUMPET VINE

A vigorous growing, hardy vine that will climb high and twine itself tightly with numerous tendrils along the stems. The vines are well supplied with heavy fern-like foliage and remain in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. Strong plants: Each 25c.; 3 for 65c.

SCARLET HONEYSUCKLE

ENGELMAN'S IVY

A very desirable variety as it is much hardier than Boston Ivy withstanding heat and severe cold much better. It is a type of Ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. If you wish a beautiful rapid growing vine you will not be disappointed with this variety. Each 20c.; 3 for 50c.; 12 for \$1.75.

ENGELSMAN'S IVY

HONEYSUCKLE

Scarlet Climbing

One of our finest and most satisfactory climbing plants. The foliage is showy and attractive and the bright red, fragrant, trumpet-shaped flowers are produced in great profusion and over a long period of time. A splendid vine for porches or trellises as it makes a rapid growth and often blooms the same year it is planted. Each 25c.; 3 for 65c.

Special Offer No. 75

One strong 2 yr. plant of each of the above 5 Hardy Vines for \$1.10, Postpaid.

CLEMATIS - Jackmanni

One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. Strong 2 yr. field grown plants: Each 45c.; 3 for \$1.25.

Hardy Rose "Dr. Eckener"

One of the newest and most beautiful hardy Rugosa Roses. Flowers are of good size, double, of a wonderful buff-pink color, overlaid with a rich, golden sheen. One of the most fragrant roses. Strong 2 yr. field grown plants: Each 35c.; 3 for \$1.00; 12 for \$3.50.

DR. ECKENER

CLEMATIS

For other Fine Roses see Inside Back Cover.

CLARKIA

Clarkia

GIANT FANCY MIXED—For rare gracefulness and beauty few annuals will surpass Clarkias, suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c.; 1/8 oz. 25c.

BRILLIANT BEAUTIES

Dwarf Nasturtiums

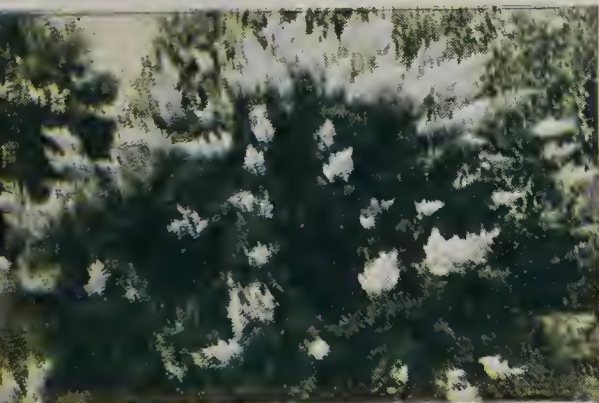

BRILLIANT BEAUTIES MIXED—The plants are of vigorous growth, erect habit and beautiful rounded form. They are of quick growth, begin to bloom early in the summer and continue to bloom until killed by frost. So greatly diversified are the colorings that it seems almost impossible to find two plants bearing flowers alike. The flowers are not only wonderfully brilliant but also of large size. Pkt. 5c.; 1/2 oz. 10c.; oz. 15c.

PORTULACA

Portulaca

GIANT FLOWERED MIXED—Will grow and bloom in hot, dry locations where almost any other plant would die. Blooms profusely from early summer until autumn. For brilliant color a bed of these easy growing flowers is a sight to behold. Pkt. 7c.; 2 pkts. 10c.

FERN LEAVED SPIREA

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs.

It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy and grows to a height of 4 to 5 ft. Each 30c.; 3 for 75c.

GOLDEN MOCK ORANGE

MEXICAN LILY

Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers for several weeks. Our strain produces flowers 3 to 4 in. across in a wide range of colors from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 35c.; 6 for 60c.; doz. \$1.00.

MEXICAN LILY

TRITOMA

Bfitzeri or Red Hot Poker

Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2 1/2 to 3 ft. tall and bloom from Aug. to Oct. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants: 3 for 35c.; 6 for 65c.; doz. \$1.25; 100 for \$6.50.

BUSH BITTERSWEET

Bush Bittersweet

A beautiful hardy shrub which will grow 6 to 8 ft. tall. In spring it is covered with a mass of bright yellow flowers, followed by brilliant red colored berries (like bittersweet) which remain on the plants until midwinter. Leaves color up beautifully in the fall. Strong 2 yr. plants: Each 30c.; 3 for 75c.

TRITOMA

Jung's Select Gladioli

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

Seven Prize Winning Gladioli

AIDA—One of the best rich blue shades. Large, well placed flowers and very showy. 3 for 25c.; doz. 65c.

BAGDAD—Rich old rose with ruby throat. Flowers 5 to 6 in. across borne on very tall, straight spikes. Each 10c.; 3 for 25c.; doz. 75c.

DUNA—Another new beauty, being a very delicate apricot-buff. Large well placed flowers. One of the best for baskets and bouquets. Each 10c.; 3 for 25c.; doz. 95c.

FLAMING METEOR—Immense bright red flowers produced on tall heavy spikes. One of the most spectacular glads grown. 3 for 35c.; doz. \$1.25.

MARGARET FULTON—Superb early, rich salmon, very desirable. Great favorite with florists on account of its rich color and fine spikes. 3 for 25c.; doz. 60c.; 100 for \$3.50.

Special Gladioli Collection No. 1

One select bulb of each of the above 10 select new Gladioli, each labeled separately for 75c. 5 of each for \$3.50.

Jung's Ruffled Giant Gladioli

Bigger and Better Than Ever Before.

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered ruffled "glads". Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 inches across. Large Select Bulbs: 6 for 30c.; 12 for 50c.; 50 for \$1.65; 100 for \$3.05. Postpaid.

Miss Myrtle M. Jones, Ind.—I wish to thank you for the extra large Gladioli bulbs you sent me last year, they all bloomed beautifully.

Mrs. Geo. R. Gard, Nebraska—I had a hundred of your gladioli last year and they were the loveliest I ever saw.

Mrs. Chester L. Sheets, Iowa—We certainly do like your gladioli. They are so large and nice.

10 Beautiful "Glads"

ANNA EBERIUS—A beautiful dark velvety purple-rose. Wonderful spikes of large, well arranged flowers. Must be seen to be appreciated. 3 for 20c.; doz. 60c.; 100 for \$4.00.

ANNIE LAURIE—Heavily ruffled delicate apple-blossom pink, overlaid with light rose. Sure to please. 3 for 20c.; doz. 60c.

GOLDEN DREAM—One of the best clear deep, yet soft, yellows, probably one of the best. A very tall straight spike. 3 for 20c.; doz. 65c.; 100 for \$3.00.

JOE COLEMAN—Rich bright red with beautifully ruffled petals. Flowers are large and produced on long straight spikes. Very satisfactory. 3 for 15c.; doz. 50c.; 100 for \$3.00.

LE MARECHAL FOCH—A superb variety, the best delicate shell pink ever developed. Single flowers 5 in. across and produced on long straight spikes. Very early. 3 for 15c.; doz. 50c.; 100 for \$2.75.

LOS ANGELES—The everblooming "glad" as each spike will produce 2 and 3 spikes of beautiful flowers. Giant flowers of rich salmon-pink produced on long straight spikes. One of the best for cut flowers. 3 for 20c.; doz. 65c.; 100 for \$4.25.

MARY PICKFORD—Sweet and beautiful as "Mary" herself. Soft, creamy white with sulphur yellow throat. Blooms early and many flowers open at same time. 3 for 20c.; doz. 50c.; 100 for \$4.00.

BRIGHTSIDES—Beautiful combination of bright orange and red. Early bloomer, bright and showy. 3 for 15c.; doz. 50c.

MRS. FRANK PENDLETON—One of the most beautiful glads. Flowers are enormous and their color is a lovely salmon pink with deep red blotches in the throat. Be sure to order it. 3 for 20c.; doz. 60c.; 100 for \$3.75.

VIRGINIA—One of the best bright red varieties. Flowers of large size, 5 to 6 open at once, well arranged on tall, straight spikes. 3 for 20c.; doz. 60c.; 100 for \$4.25.

Special Gladioli Collection No. 6

The above varieties are all splendid varieties. One strong bulb of each for 45c. 5 bulbs of each for \$2.00.

JUNG'S RUFFLED GIANT GLADIOLI

GIANT MIXED PEONIES

Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for 65c.; 6 for \$1.00; 12 for \$1.75.

Select Peonies

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall. The plants we offer are strong divisions and should not be compared with light plants that are often offered at low prices. Planting instructions are sent with all plants.

EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows a strong sturdy plant and blooms profusely. Each 30c.; 3 for 75c.

KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. Each 30c.; 3 for 75c.

FESTIVA MAXIMA—This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. Each 30c.; 3 for 75c.

FESTIVA MAXIMA EDULIS SUPERBA KARL ROSENFELD

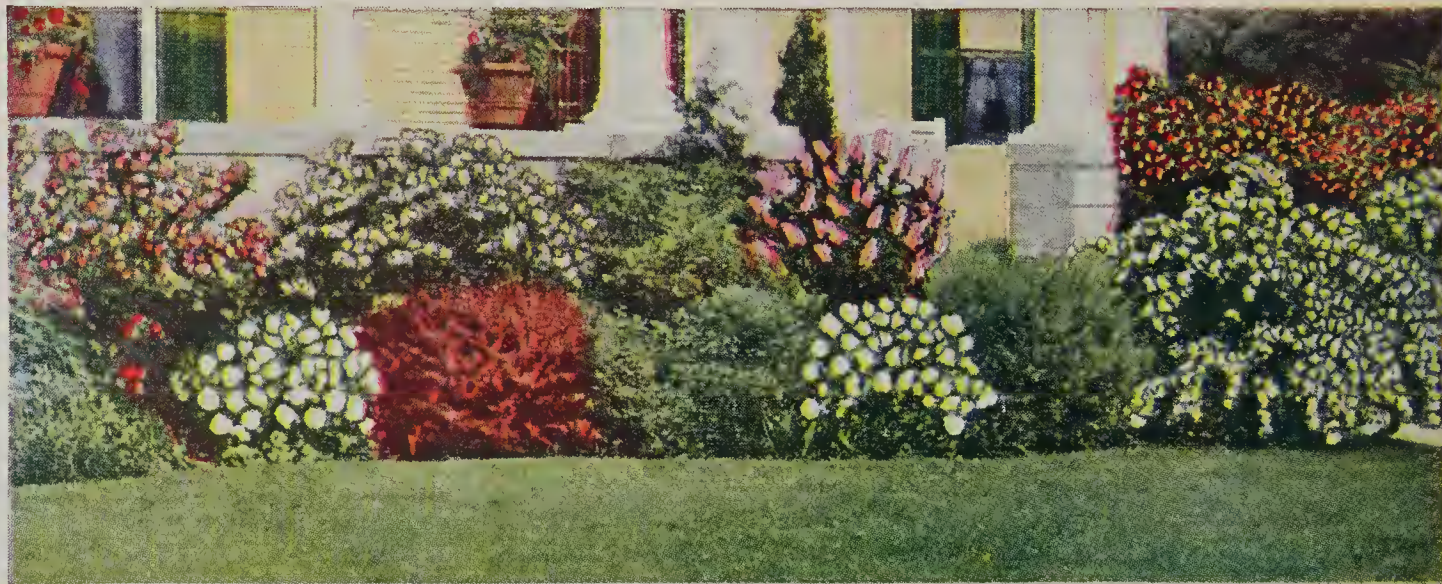

MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. Each 35c.; 3 for 90c.

THERESA—One of the highest rated Peonies and considered the world's best pink Flowers of enormous size, rich satiny pink, rose type, with a delightful fragrance. Equally fine for landscape or show, a regal beauty sure to please. Each 40c.; 3 for \$1.00.

Special Peony Offer

One strong plant of each of these 5 Superb Peonies for only \$1.50.

Jeannette Anderson, Ore.—Have been very much pleased with the collections of bulbs, shrubs and seed from you, they all bloomed the first year and were gorgeous in colors and size.

Improve Your Home Like This By Planting Jung's Shrub Collection

JUNG'S IDEAL SHRUB COLLECTION

27 Strong 2 Yr. Field Grown Shrubs and Plants for \$3.95 Postpaid

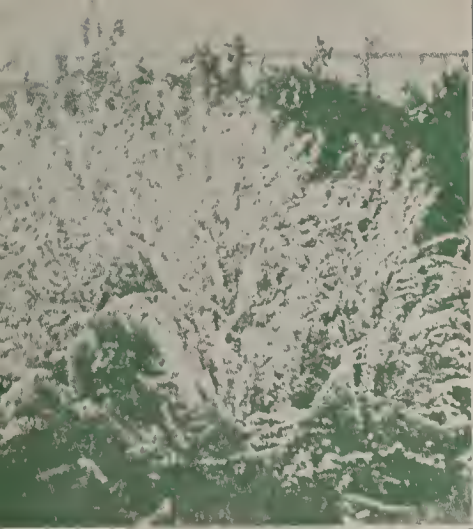

- | | |
|------------------------------|-------------------------|
| 2 FORSYTHIA—Golden Bell | 4 SPIREA—Van Houttei |
| 3 HYDRANGEA—Pan. Grandiflora | 2 SPIREA—Rosy Plume |
| 2 PERSIAN LILAC | 3 SPIREA—Anth. Waterer |
| 2 ROSES—Everblooming | 2 GOLDEN ELDER |
| 2 RED LEAVED BARBERRY | 2 REGEL PRIVET |
| 1 BUSH HONEYSUCKLE | 1 WISTERIA—Hardy Purple |
| 1 FIRE BUSH | |

These are all strong 2 yr. old field grown shrubs and vines. At catalog prices they would cost \$6.00 but as a special offer they will be sent to you all charges prepaid for only \$3.95.

Mrs. Glenn Miller, Mich. — I am very pleased with the shrub collection we had from you, all the shrubs lived and are doing fine.

This collection of shrubs planted around any home will greatly increase its beauty and value. Never before could you plant shrubs for so small a cost.

Mrs. Geo. Aguillard, La.—I wish to take this means of telling you how extremely satisfied I was with Your Ideal Shrub Collection.

FIRE BUSH

An unusually handsome shrub, growing to a height of 5 to 6 ft.; most regular in outline and well suited for planting with other shrubs or as specimen plants on the lawn. The bright glossy green leaves change in the fall to a deep rose color, particularly handsome in fall with its brilliant foliage and scarlet berries. Each 30c.; 3 for 75c.

FIRE BUSH

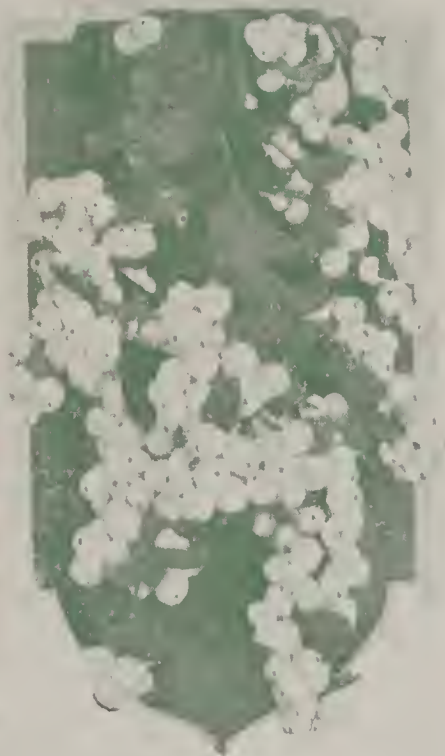

SPIREA ARGUTA

(Garland Spirea) The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes it a beautiful scrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. Strong bushy plants each 25c.; 3 for 65c.

SPIREA ARGUTA

SNOWBERRY

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grow 2 to 4 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong bushy plants each 20c.; 3 for 50c.; 12 for \$1.75.

SNOWBERRY

TAMARIX

TAMARIX

HISPIDA—This is the hardiest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery-blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. Strong 18-24 in. plants: 25c each; 3 for 60c.

BLEEDING HEART

Giant Bleeding Heart

An improved type of the popular old fashioned favorite. The beautiful finer, cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery, also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 25c.; 3 for 60c.

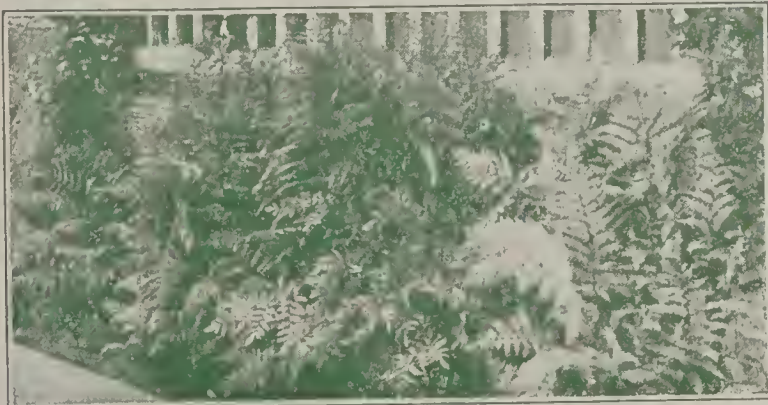

Lily of the Valley

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 35c.; 12 for 60c.; 100 for \$3.50.

YUCCA

July and may be classed as one of the best hardy ornamental plants. Does well even on poor, dry soil; a very fine plant for cemeteries. Each 20c.; 3 for 50c.

HARDY FERNS

YUCCA

A tropical looking plant with long, narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk, 4 to 5 ft. tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 flowers on a spike. It remains in bloom a long time during June and

HARDY FERNS

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown and are especially adapted for shady places where other plants or shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. 3 for 40c.; 6 for 75c.; doz. \$1.25, postpaid.

LILY OF THE VALLEY

LAWN GRASS

Jung's Fairfield Special

ALWAYS GROWS, ALWAYS THRIVES,
HARDY, DEEP VELVETY GREEN,
SURE TO PLEASE

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. Lb. 40c.; 5 lbs. \$1.90. postpaid. Not prepaid: 25 lbs. \$6.25; 50 lbs. \$12.25; 100 lbs. \$24.00.

Shady Spot Lawn Grass

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. 50c.; 5 lbs. \$2.25, postpaid.

Jung's Select Flower Seed

BETTY JUNG ASTER

Corey D. Scrimsher, Wash. — The Betty Jung Asters are the best Asters I have ever seen.

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

Our Giant Flowered Aster "Betty Jung"

This new Aster outrivals anything we have seen yet in Asters and we have been growing and improving them for 24 years. The plants are very vigorous growers and instead of producing a large number of lateral stems the entire strength seem to go toward producing from 6 to 10 long main stems, each of which is crowned with one of the mammoth flowers. The flowers are giant in size, very full and double and of very lasting quality; the type of flower is well shown in the illustration. White, Bright Rose, Shell-pink, Deep Purple and Mixed. Pkt. 15c.; ¼ oz. 50c. Pkt of each color for 35c.

Christmas Kochia

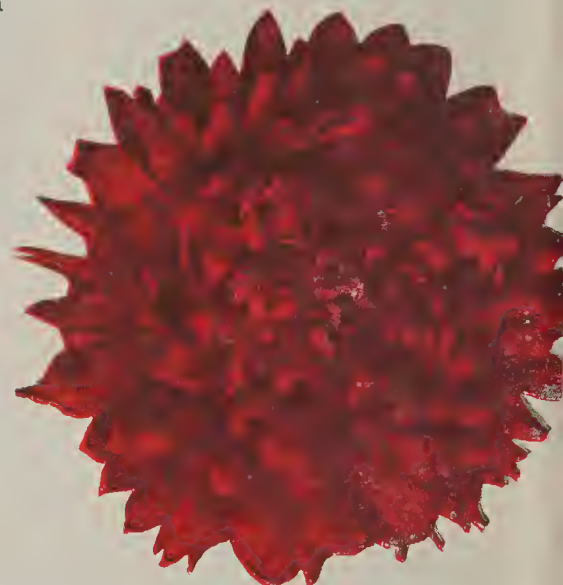

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost it turns to rosy claret red and is highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. Pkt. 7c.; 2 pkts. 10c.; ¼ oz. 15c.

LAVATERA

ROSY MORN—These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 7c.; 2 pkts. 10c.; ⅓ oz. 15c.

GROWING FLOWERS

A booklet of valuable instructions on growing vegetables and flowers will be sent free. See inside cover.

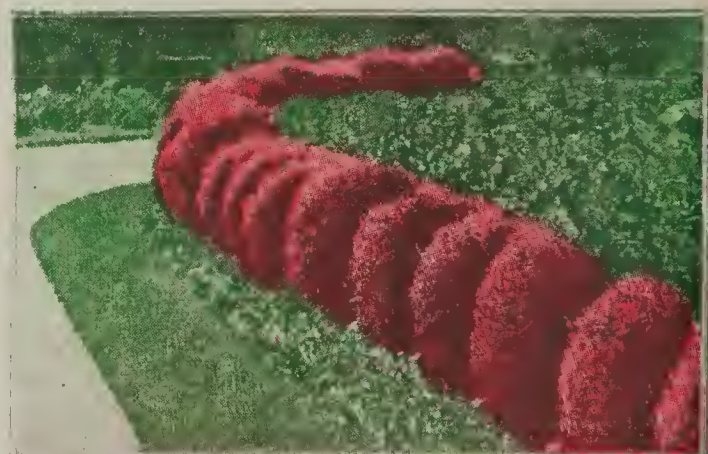

JUNG'S SCARLET GEM

Jung's Scarlet Gem

The most attractive of all Asters, being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 8c.; ¼ oz. 50c.

LAVATERA

CHRISTMAS KOCHIA

CARDINAL CLIMBER

SCARLET RUNNER BEAN

DAHLIAS

CARNATIONS

FANCY MIXED CANDYTUFT

COCKSCORN

SCARLET RUNNER BEAN

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 8c.; 3 pkts. 20c.

CARDINAL CLIMBER

One of the most beautiful climbing annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green, with fringed edges against which the brilliant scarlet flowers, about one inch across show off beautifully. In a warm sunny location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 8c.; 3 pkts. 20c.

DAHLIAS

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king" of all outdoor autumn flowers and they may be grown to the greatest perfection from seed, blooming the first summer. As easy to grow from the seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c.; 3 pkts. 20c.

CARNATION

GIANT MARGUERITE—These lovely fragrant Carnations produce fine double flowers. The flowers of this wonderful strain often measure three inches across and have a variety of colors including white, blush, deep pink, salmon, scarlet, maroon, and many variegated flowers. Most of them have lovely fringed petals. The great merit of these Carnations is that they begin to flower in about 13 weeks time from seed sown in the spring. Pkt. 8c.; 3 pkts. 20c.

CANDYTUFT

FANCY MIXED—These Candytufts are of fine habit and very profuse bloomers. They come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Also very useful for cutting. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

COCKSCORN

GIANT PRIZE MIXED—Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 8c.; 2 pkts. 15c.; 1/8 oz. 25c.

MOLTEN FIRE

TRICOLOR—A wonderfully fine ornamental plant that is sure to attract attention wherever grown on account of its brilliant color. Plants grow rapidly and have bronze colored foliage until the plants attain a height of about 2 ft. when the tips of the branches open up like gigantic poinsettias taking on a bright scarlet and gold color. Pkt. 10c.; 3 pkts. 20c.

GEUM

GEUM

MRS. BRADSHAW—A very handsome hardy plant that deserves the widest popularity, as the profuse flowering attractive plants are a valuable addition to any hardy garden. Easy to grow and will bloom the first year if started early. This variety bears red flowers on stems 15 to 18 in. long. Pkt. 8c.; 2 pkts. 15c.

MOLTEN FIRE

Plant some of our Hardy Roses.
See Inside Back Cover.

COSMOS

COSMOS

GIANT EARLY FLOWERING MIXED—Grace and brilliancy are the characteristics of this pretty annual. The beautiful flowers with their deep broad petals rise from a cloud of fine feathery foliage. They are of compact, bushy growth about four feet high with flowers fully as large as the old variety. Flowers are of various shades, ranging from pure white to purplish crimson. Pkt. 5c.; 3 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

GARDEN PINKS

FAIRFIELD FINEST MIXED—These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. The plants spread rapidly and make ornamental masses of growth. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. Pkt. 7c.; 2 pkts. 12c.; $\frac{1}{8}$ oz. 20c.

GARDEN PINKS

CHINESE WOOLFLOWER

Most Magnificent Garden Annual Ever Introduced. The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall until severe frosts destroy them. A rare novelty. Fresh cut flowers when dried are very much used for winter decoration. Pkt. 8c.; 3 pkts. 20c.

JAPANESE MORNING GLORY

JAPANESE MORNING GLORIES

GIANT JAPANESE MIXED—The robust vines attain a height of from 15 to 20 feet. Their charm lies in the entrancing beauty and large size of the flowers; they measure from 3 to 4 inches across. Some flowers are of deep, rich, velvety colors, others daintily tinted and shaded. There are reds from soft rose to crimson and garnet; daintiest blue to purple; snow-white to silver gray. They are easy to grow and quick to come into bloom. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{4}$ oz. 15c.

CHINESE WOOLFLOWER

DWARF PHLOX

NANA COMPACTA MIXED—This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. They succeed everywhere and are in universal favor for summer growing flowering purposes. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. Pkt. 8c.; 2 pkts. 15c.; $\frac{1}{8}$ oz. 25c.

DWARF PHLOX

SWEET WILLIAM

HARDY ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 15c.

ANNUAL SWEET WILLIAM

PHLOX DRUMMONDII

GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. For a mass of splendid colors no flower will give a more satisfactory return for so little cost. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

BRILLIANT SALVIA

BONFIRE—One of the finest Salvias and the grandest bedding plant known. The plants grow very bushy attaining a height of about 30 inches and single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they first begin to flower the plants are a continuous blaze of color until killed by frost. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a pkt. of our seed. Pkt. 8c.; 3 pkts. 20c.; $\frac{1}{8}$ oz. 35c.

SALVIA

PHLOX DRUMMONDI

GERANIUMS

GIANT DOUBLE POPPIES

SWEET ALYSSUM

VERBENA

GERANIUMS

GIANT ZONALE HYBRIDS—It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 10c.; 3 pkts. 20c.

PANSIES

JUNG'S GIANT FANCY MIXED—This "Fancy Mixture" contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white cream, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. The compactly rounded plants are of sturdy habit and bear gigantic flowers profusely and continuously. Pkt. 20c.; 1/8 oz. 75c.

PETUNIAS

DEFIANCE MIXED—This strain bears grand, substantial flowers of the largest size in profusion. The flowers frequently measure five inches across; the colors are indescribably rich and varied. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined, especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. Pkt. 20c.; 3 pkts. 50c.

POPPY

GIANT DOUBLE MIXED—These double fringed annual Poppies are very beautiful; they belong to the carnation-flowered type, the large flowers having the same globe formation with gracefully fringed petals. Plants are of branching, stocky growth, 15 to 18 inches high, each plant carrying several of these exquisite flowers. The great variety of fine color ranges from the most gorgeous shades down to pure white. They are of the easiest culture. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

SWEET ALYSSUM

Free flowering handsome annuals for beds, edging, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure snowy whiteness throughout the summer. Excellent for either beds, borders or edgings; try it once and you will always want it. Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 25c.

Growing Flowers

and all other Vegetables and Flowers is written in our booklet on Vegetables and Flowers. A copy is sent free, if asked for with every order of 25c or more.

SUMMER POINSETTIA

GIANT FANCY PANSIES

DEFIANCE PETUNIAS

SUMMER POINSETTIA

An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 7c.; 2 pkts. 10c.

Extra! Extra!

Turn to Inside Front Cover and note the fine Vegetables, Flowers, Bulbs and Plants that are sent FREE to Jung's customers. Do not overlook these fine Premiums. You always get full value when you send us your orders.

Summer Azalea or Satin Flower

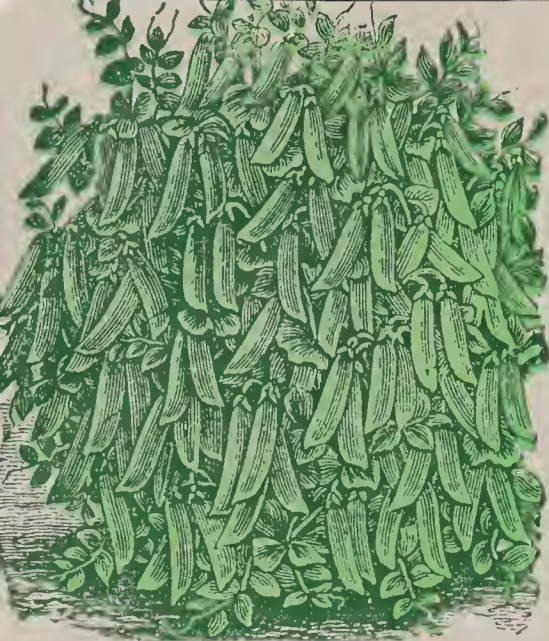

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 7c.; 2 pkts. 10c.

VERBENAS

FAIRFIELD FAMOUS MIXED—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c.; 1/8 oz. 25c.

SATIN FLOWER

LITTLE MARVEL

Little Marvel

A New Extra Early Dwarf Pea.

The vines are of dwarf even growth, averaging fifteen inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about four inches in length, are square at the bottom and well filled with six to seven large, deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

GARDEN PEAS

Our PEAS are northern grown and free from bugs. They are the earliest, hardiest and most productive. They were grown from the finest selected stock, are bright, handsome, of perfect growth, were critically rogued and carefully hand picked. We advise our friends and customers to send their orders early so they may be filled before our stocks are exhausted.

Giant Podded Early

An exceptionally early pea, as early as Alaska with pods one fourth larger. Vines grow medium height, very robust and productive. Pods 3 1/2 to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

You can grow more and better Peas by Inoculating the seed—See Page 1.

BLUE BANTAM

Blue Bantam

A splendid new pea of sturdy, dwarf growth, one of the best of the large podded early dwarf peas. The vines grow 14 to 16 inches tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4 1/2 in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying them out. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

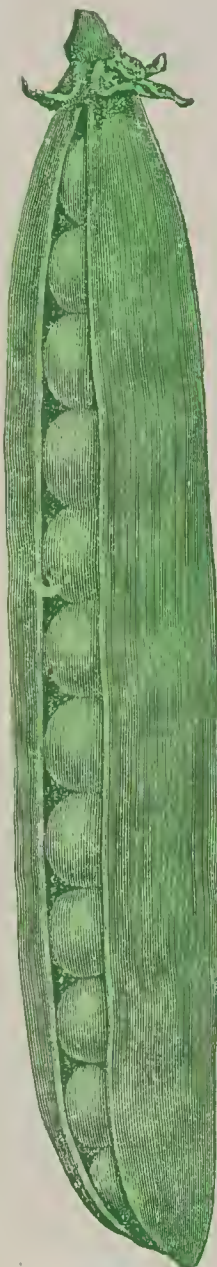

MAM. MELTING SUGAR

EDIBLE PODDED PEAS

Mammoth Melting Sugar

This variety is far superior to all others of the edible class of garden peas, not only in size of pods but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the ordinary kinds. The pods are used the same as snap or string beans and will also make excellent pickles. The vines grow about four feet tall and are very productive. Full grown pods measure five inches long and are so tender and brittle that they snap like glass; they have no strings. The sweetness and tenderness of this edible podded pea is unsurpassed. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

W. L. Garnett, Okla.—We were delighted with your seeds last spring. Every seed grew. The drought scared us, but the Wayhead and John Baer Tomato lived thru it all. Your Little Gem Peas are marvelous.

LORD LEICESTER

LORD LEICESTER The Giant Podded Pea

This is one of the largest podded varieties in cultivation and also a sure cropper. We have grown it for six years and it has never failed to produce a good crop. The plant is of branching habit, growing about five feet in height with dark foliage. It is of very vigorous and robust constitution which enables it to withstand drought and mildew. The pods are produced in profusion, mostly in pairs, some measuring 6 inches in length and contain 9 to 12 peas. You will be delighted to show your friends such enormous pods which in addition to large size, combine rich and succulent flavor not surpassed by any other variety. For quality it is superb, the peas fairly melt in your mouth. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Jung's Select Little Gem

One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. The vines grow 14 to 16 inches tall and require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem". Pkt. 7c.; 1/2 pt. 17c.; pt. 30c.; qt. 55c.

Mrs. Louis Ahlers, Ohio.—For a number of years I have bought my peas from you although last year I changed to a different kind. I have found there is no better kind so I am coming back to you for Jung's Honey Sweet Peas.

Albert E. Bailor, N. Y.—Planted your Peas and never had such a bountiful crop before.

LITTLE GEM

HONEY SWEET

H. J. Young, Ohio.—
June 23rd we had our
first meal of your Gi-
ant Peas and were
well pleased with the
quality.

GARDEN PEAS--Continued

Jung's Honey Sweet

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey". They grow a very healthy stock vine about 18 inches high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer, never failing to produce a crop of the giant pods. Pkt. 8c.; ½ pt. 20c.; pt. 30c.; qt. 55c.

Everbearing

A fine second-early or main crop Pea which combines quality and yield and will continue bearing a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 7c.; ½ pt. 17c.; pt. 30c.; qt. 50c.

Giant Tendersweet

A splendid main crop Pea that we can highly recommend. Vines grow 24 to 30 in. tall, they bear very heavy. Pods 5 to 5½ in. long and contain 8 to 12 large bright green peas that are very tender and of the finest flavor. See also page 11. Pkt. 8c.; ½ pt. 25c.; pt. 35c.; qt. 60c.

Special Offer No. 7

To have a supply of fresh tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

GIANT PODDED EARLY BLUE BANTAM
LITTLE GEM LORD LEICESTER
JUNG'S HONEY SWEET

1 Pkt. of each for 30c. 1 Pt. of each for \$1.40.
½ Pt. of each for 90c. 1 Qt. of each for \$2.65.

EVERBEARING

Mrs. E. E. Gardner, Ohio.—The
Everbearing Peas are the best
I have ever had.

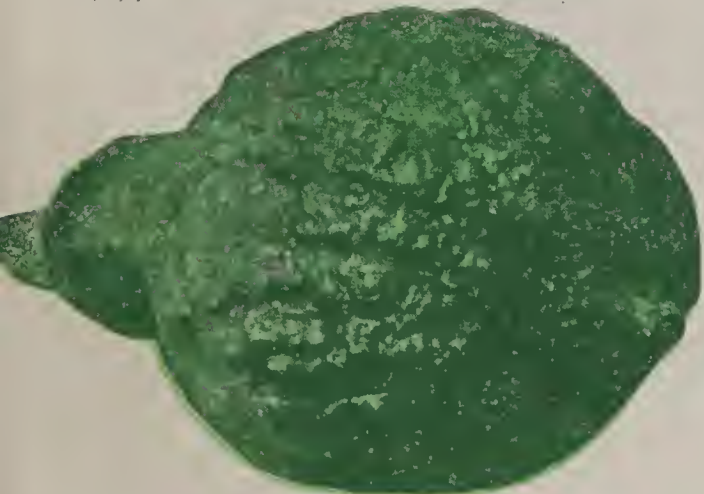

BANANA SQUASH

THREE FINE SQUASH

The Great Banana Squash

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish green, shell soft so that it can be cut with a knife. It grows from 18 to 30 inches long, and 6 to 8 inches in diameter. It is very prolific and a shy seeder which accounts for the high price of seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. Pkt. 8c.; oz. 15c.; ¼ lb. 40c.

IMPROVED HUBBARD

TABLE QUEEN

TABLE QUEEN A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "cuts" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills will produce enough for an average family. Pkt. 8c.; oz. 15c.; ¼ lb. 35c.

IMPROVED HUBBARD This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. Pkt. 8c.; oz. 15c.; ¼ lb. 35c.

JUNG'S RAPID RED

PERFECTION EXTRA EARLY

EX. EARLY WHITE DELICIOUS

CRIMSON GIANT GLOBE

Jung's Select Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

JUNGS RAPID RED—This we find to be the quickest maturing of them all, Radishes having been grown in the short period of 18 days. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED". Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

EARLIEST SCARLET GLOBE—A fine bright red Radish of quick growth, especially fine for bunching for early market, being ready for market in from 18 to 20 days. It is solid in character and very uniform in size and shape. The flesh is purest white, firm and crisp in texture and of mild flavor. The roots are entirely free from the hollow center or pithy fibre so often found in Radish. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 inches long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

EXTRA EARLY WHITE DELICIOUS—A splendid new olive-shaped radish, pure white in color. Very early as it has produced radishes fit for pulling in 18 days after sowing the seed. It has a small top, is solid and crisp, of fine flavor, in fact, a first-class radish in every respect. Size and shape ¼ lb. 35c.

Special Offer No. 8

To have a continuous supply of the finest Radishes plant the following:

EARLY MAILSTONE • JUNG'S RAPID RED
PERFECTION EARLY • WHITE ICICLE

CRIMSON GIANT GLOBE

1 PKT. OF EACH FOR 25c

1 OZ. OF EACH FOR 50c

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Crimson Giant Globe

This new variety is suitable for both forcing and growing outdoors. It is a fine shaped bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe in shape and 1½ inches in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

WOOD'S EARLY FRAME

EARLIEST SCARLET GLOBE

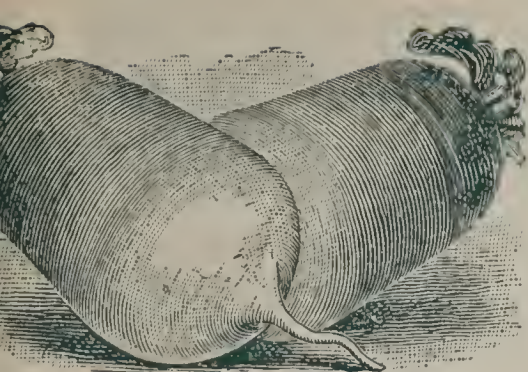

FRENCH BREAKFAST

SELECT WHITE ICICLE

Select Early White Icicle

Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 inches long and are ready for use in about 25 days after sowing. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. 85c.

CHINA ROSE WINTER

RADISHES

Chinese Rose Winter

This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c.; oz. 10c.; 1/4 lb. 35c.

EARLY HAILSTONE

Early Hailstone

The earliest and quickest growing WHITE RADISH in cultivation. It is ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring one inch in diameter and about half an inch in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

We Aim to Please A Satisfied Customer is Our Best Advertisement

Mrs. Leona Standing, Utah.—I received my shrubs and roses O. K. and I was so thrilled and pleased with them, even more than I can tell you and they are doing fine. I want to thank you so much.

Leon A. L. Caron, Methuen, Mass.—It was my good luck to see one of the nicest home gardens in Connecticut. Inquiring they recommended Jung's seeds.

Jack Heffner, Denbigh, N. Dak.—I have been planting garden for the last 25 years and I never had as good seeds as I had from this company for the last three years.

Mrs. Caroline C. Smith, Md.—I have had very good success with your seed and shrubbery.

Do Not Overlook Your Premiums on Inside Front Cover

OKRA

MUSTARD

Giant Curled

The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 5c.; oz. 10c.

OKRA

White Velvet

The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c.; oz. 10c.

MUSTARD

IMPROVED
STUMP ROOTED

PARSNIPS

IMPROVED HALF LONG

Improved Half Long

This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. Pkt. 5c.; oz. 12c.; 1/4 lb. 25c.; lb. 90c.

PRIVATE STOCK

Improved Stump Rooted

A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. Pkt. 7c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.00.

Jung's Private Stock

This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base, so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. Pkt. 8c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.00.

MOSS CURLED PARSLEY

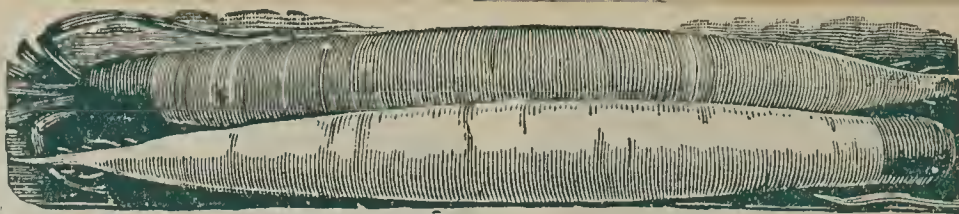

PARSLEY

Moss Curled

The leaves are of an extra dark color. It is very productive and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 5c.; oz. 10c.

Turnip Rooted

This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 5c.; oz. 10c.

SALSIFY

Mammoth Sandwich Island Salsify

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 7c.; oz. 15c.; 1/4 lb. 40c.; oz. \$1.35.

Mrs. H. M. Cummings, W. Va.—All the seeds from you last year were true to name and just grand. The True Mammoth Pumpkin grew one that weighed 70 pounds.

Mrs. J. F. Schnellman, Minn.—Your seed is the best and brings us wonderful results in the grandest vegetables.

MAM. WHITE BUSH

SQUASH

Mammoth White Bush

An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 5c.; oz. 10c.; 1/4 lb. 30c.

Giant Straightneck

A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 5c.; oz. 12c.; 1/4 lb. 30c.

"Buttercup" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yielder.

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet and entirely free from fibre of any kind. The highest Quality winter Squash. Pkt. 8c.; oz. 20c.; 1/4 lb. 50c.

Protect your Plants from Insects by using Hi-tox. See Page 1.

Golden Hubbard

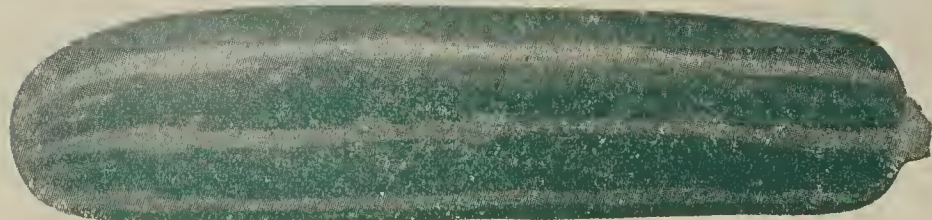

An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape, are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 5c.; oz. 12c.; 1/4 lb. 30c.

New Delicious

For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping until late in the Spring. Fruits are of medium size, weighing from 5 to 10 pounds. The rind is dark green mottled in lighter shades. The flesh is dark orange, very fine grained and thick. Pkt. 5c.; oz. 12c.; 1/4 lb. 40c.

Cocozelle

The most delicate and finest flavored Summer squash. Of compact bush growth, the vines yield heavily of fruit averaging 14 inches long and 5 inches in diameter, dark green in color with the yellow and green stripings. Used when 10 inches long and perfectly green. Pkt. 5c.; oz. 12c.; 1/4 lb. 30c.

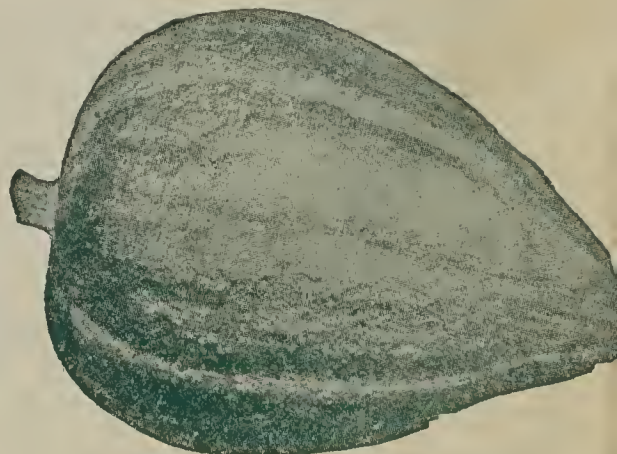

COCOZELLE

BUTTERCUP

GOLDEN HUBBARD

NEW DELICIOUS

PUMPKINS

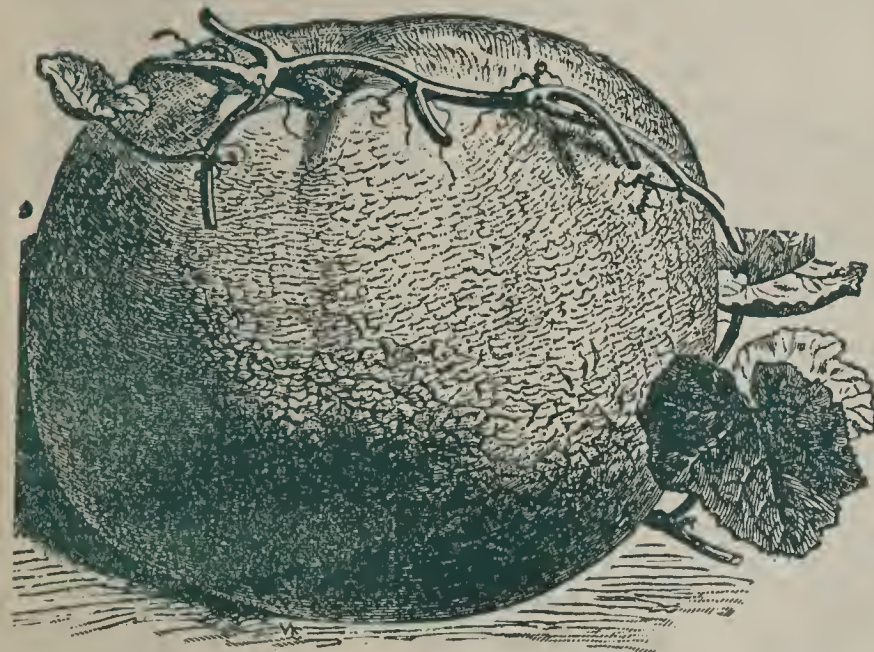

Luxury Pie This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving day plant **LUXURY PIE**. Pkt. 5c.; oz. 15c.; ¼ lb. 35c.

LUXURY PIE

Big Tom Field Pumpkin

Also known as Connecticut Field. Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 inches in diameter, round or oval in form. The skin is smooth and hard, of a reddish orange color, slightly ribbed with thick, rich orange flesh. It is the hardiest of all pumpkins and is good for pies. This variety is grown extensively for stock feeding and is generally planted with the corn. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 85c.

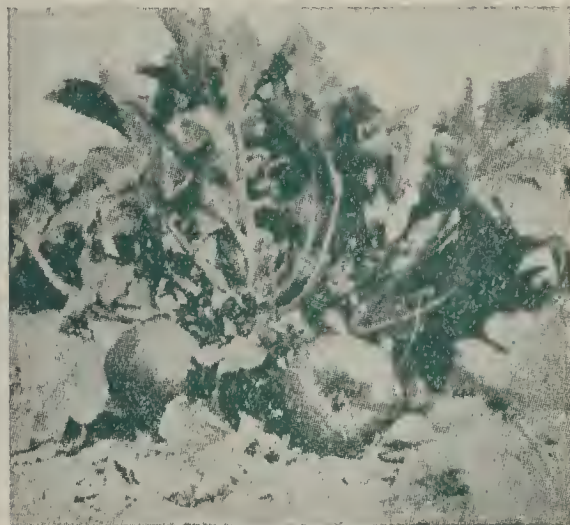

TRUE MAMMOTH

True Mammoth

This is a true Mammoth Pumpkin. Fruits grow to enormous size; specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick, bright yellow, fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.50.

Bush Pumpkin

A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies. Pkt. 8c.; oz. 20c.; ¼ lb. 60c.

BUSH PUMPKIN

RUTA BAGAS

Improved Purple Top Yellow

A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round and solid with a small tap root. Flesh richly colored, fine grained and very sweet. It is justly held in high esteem for both table and stock feeding purposes. The shape is well pictured in the illustration. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 70c.

PERFECT MODEL

Perfect Model

This grand variety is a highly improved Ruta Baga and is giving satisfaction wherever grown. It is of fine quality and keeps perfectly all winter. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 80c.

IMP. PURPLE TOP YELLOW

Mammoth Russian Sunflower.

SUNFLOWER

Mammoth Russian

Single heads measure twelve to twenty-two inches in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. They eat it greedily fatten well on it, and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground, any time from early spring to the middle of July. Oz. 5c.; ½ lb. 20c.; lb. 30c.; 5 lb. \$1.25, postpaid.

LARGE WHITE BELGIAN

FIELD CARROT

Large White Belgian

This is the largest yielding stock carrot grown. Nearly half its length grows above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

EARLY WHITE MILAN

Extra Early White Milan

A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.; lb. 90c.

Purple Top White Globe

This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure six inches and more in diameter, being of perfect globe form; the upper portion is of rich purplish red and the lower half creamy white. Flesh white, firm and crisp, of mild flavor. It is an excellent keeper and being so productive is one of the best to grow for stock feeding. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.; lb. 85c.

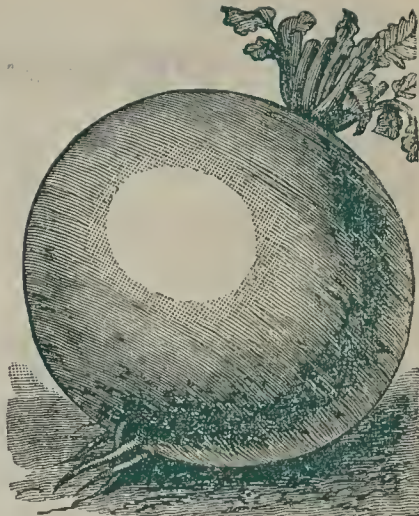

PURPLE TOP WHITE GLOBE

TURNIPS

Golden Ball

Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact, we consider it the best turnip for table use. Pkt. 5c.; oz. 10c.; 1/4 lb. 20c.; lb. 70c.

GOLDEN BALL

SUGAR BEET

Klein Wanzleben

This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analysis showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated as from 15 to 16 tons per acre but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. Pkt. 5c.; oz. 8c.; 1/4 lb. 20c.; lb 60c.

KLEIN WANZLEBEN SUGAR BEET

Jung's Northern Grown Potato Eyes

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the freight or express charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from select potatoes, treated with Semesan Bel, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below as follows: 100 for \$1.10; 200 for \$1.75; 500 for \$3.75, postpaid. No less than 100 eyes of any one variety. State when you wish same shipped.

Red River Early Ohio

The most popular and widely grown extra early potato. Skin light pink in color, flesh is pure white and of the best cooking quality. The eyes we offer are taken from certified Red River grown potatoes and treated with Semesan so are free from disease.

White Gold

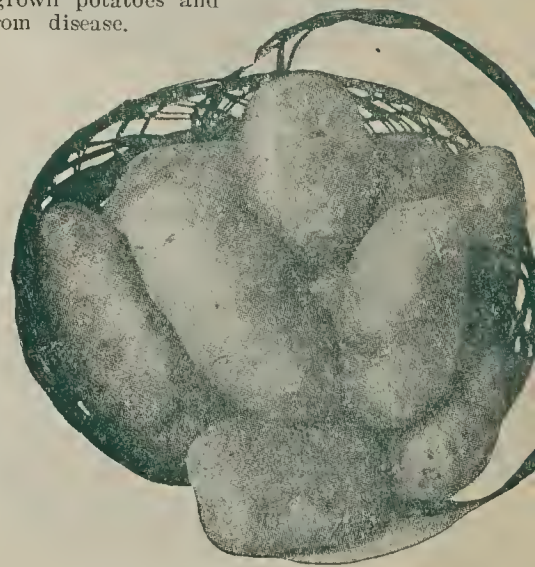

Earlier than Early Ohio and an even better yielder. Combines earliness, yield, handsome appearance and splendid quality.

Chippewa

A new main crop potato developed by the U. S. Dept. of Agriculture One of the heaviest yielding main-crop varieties, earlier than Rural New Yorker and of better quality. Oval shaped, skin is velvety white, eyes very shallow.

CHIPPEWA

WHITE GOLD

YELLOW CHRYSANTHEMUM

CANTERBURY BELLS

ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will blossom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 10c.; 3 pkts. 20c.

GOLDEN GLEAM

Special Offer No. 56

1 Pkt. of each of the 8 Fine Flowers on this page for 49c.

VINCA

Flower Seed Specialties

ASTER

YELLOW CHRYSANTHEMUM—The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c.; 3 pkts. 25c.

ANNUAL CANTERBURY BELLS

CANDYTUFT

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance, remaining in perfection longer than any other annual strain. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 20c.

LITTLE PRINCE

Double Fragrant Nasturtium

GOLDEN GLEAM—The most popular flower ever introduced, a double flowering sweet scented Nasturtium of rare beauty. Plants make a strong growth, they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c.; 1/2 oz. 10c.; oz. 15c.; 1/4 lb. 40c.

DWARF SWEET PEAS

DWARF or BUSH MIXED—Many people wish to grow Sweet Peas but do not care to bother with putting up a trellis or support. By planting this new strain you can grow fine large flowers without support as the plants grow but 15 to 18 in. tall and will delight you with their abundance of fine large flowers for a long time. Our strain is made up of fancy large flowering strains and will give splendid results. May also be sown in pots for winter blooming. Pkt. 10c.; 1/2 oz. 20c.; oz. 35c.

BUSH SWEET PEAS

VINCA

GIANT FANCY MIXED—Very lovely and free blooming plants that are suitable for pot plants or blooming outside in the garden. Seed started early will produce blooming plants by early summer and will then remain in flower until frost when plants may be taken up for pot plants. Flowers are produced in great profusion, 1 1/2 in. across, somewhat resemble geraniums. Pkt. 7c.; 3 pkts. 20c.

EVERBLOOMING ZINNIAS

GIANT MIXED—This is a special strain of these popular annuals that produces masses of brightly colored flowers and the plants remain in full bloom from early summer until frost. Flowers are of good size, very double and all bright colors. Especially fine for a showy bed or border and also for bouquets. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 20c.

EVERBLOOMING ZINNIAS

ASTERS

Jung's Ruffled Giant

Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. White, Rosy Red, Cream, Lavender, Purple and Mixed. Pkt. 10c.; 1 Pkt. of each color for 35c.

Jung's International Mixed

This splendid mixture contains every color known in Asters and includes early, medium and late varieties, thus giving you flowers throughout the season. It is not grown in mixture but carefully made up from the different kinds so as to get the right proportion of each color. If you want a fine lot of Asters at a low price sow this mixture. Pkt. 7c.; 1/4 oz. 35c.; oz. \$1.00.

BALSAMS

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical, well branched erect bushes about two feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. This variety is distinctly Camelia flowered. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

BABY GOLDEN GLOW

Baby Golden Glow Gypsophila or Baby's Breath

A most charming annual growing about 15 to 18 inches high, bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground, affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 7c.; 2 pkts. 10c.

AGERATUM

DWARF BLUE PERFECTION — One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf, compact growth, 9 to 12 in. tall. Pkt. 8c.; 2 pkts. 15c.; 1/4 oz. 20c.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July till November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c.; 2 pkts. 15c.

CANNAS

CROZY'S HYBRIDS — Very showy bedding plants with their tropical foliage and immense flowers borne on stalks three to seven feet high in all brilliant colors. Cannas are easily grown from seed. For best results pierce the seed and soak in warm water, then sow in a warm place or hot bed. Seeds sown in March or April produce a brilliant bed by July. Pkt. 8c.; 3 pkts. 20c.

Mrs. Clyde Hart, Wash.—My asters and carnations were beautiful and everyone admired them very much, have been very well pleased with all your seeds.

CANNAS

INTERNATIONAL MIXED

RUFFLED GIANTS

DISEASE RESISTANT ASTER

ASTERS

Disease Resistant Mixed

This fine strain of Asters is resistant to wilt (not yellows) and if you could not succeed with the ordinary Asters you can grow them by using the resistant strain. Our mixture is made up of the best large types and most desirable colors. Pkt. 10c.; 3 pkts. 25c.

AGERATUM

Special Premiums
See Page 1.

BLUE LACE FLOWER

CASTOR OIL BEAN

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Pkt. 7c.; oz. 20c.

CASTOR OIL BEAN

Canary Bird Vine or Flower

A dainty vine with fine, fern-like foliage that blossoms freely throughout the summer and fall, will also grow in partially shaded places. Flowers are clear canary yellow, very bright and attractive with their fringed petals which resemble a canary with open wings. Pkt. 7c.; 2 pkts. 10c.

Canary Bird Flower

GARDEN PINKS

GARDEN PINKS

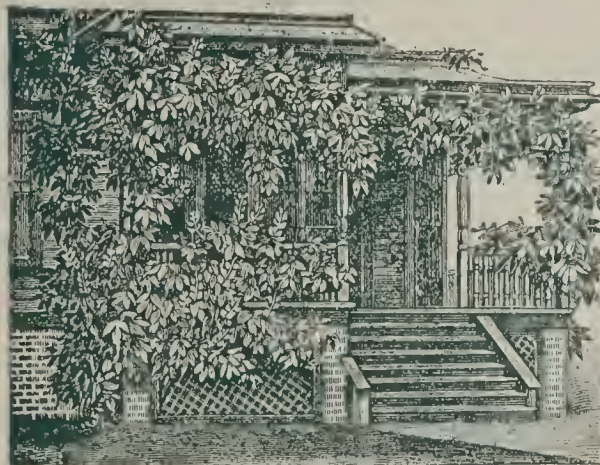

FAIRFIELD FINEST MIXED—These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. The plants spread rapidly and make ornamental masses of growth. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

HOLLYHOCKS

HOLLYHOCKS

EVERBLOOMING ANNUAL MIXED—This old but favorite flower may now be had in flower the first season. The diversity of form and color of our selection will afford you many surprises. Some plants will produce dense, double flowers, others will be semi-double while some are single with double centers. The flowers are unusually large, some measuring 5 inches across. In colors there is also a great variety, some richly brilliant, others dainty and elegant, ranging from black, maroon, crimson, rose, pink to white. Pkt. 7c.; 2 pkts. 10c.

JAPANESE KUDZU VINE

Japanese Kudzu Vine

One of the fastest climbers having beautiful flowers like a wisteria but larger in size and with better clusters. The foliage is very luxuriant and where quick shade is wanted this plant will prove of great value as it seems to thrive everywhere. It is perfectly hardy and will increase in size and beauty year after year. Pkt. 8c.; 2 pkts. 15c.

New Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinted deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c.; 3 pkts. 25c. 2 yr. Blooming size Bulbs: Each 20c.; 3 for 50c.; doz. \$1.40.

Tall or Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or brush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 ft. tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 5c.; $\frac{1}{2}$ oz. 10c.; oz. 15c.

GIANT CLIMBING NASTURTIUM

FOUR O'CLOCK

FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rival the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. Pkt. 5c.; $\frac{1}{4}$ oz. 10c.

How to Grow Asters

and all other Vegetables and Flowers is written in detail in our booklet on Vegetables and Flowers. A copy is sent free, if asked for with every order of 25c or more.

EVERBLOOMING LILY

MIGNONETTE

MIGNONETTE

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c.; 2 pkts. 15c.

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 5c.; 3 pkts. 10c.; $\frac{1}{8}$ oz. 15c.

NICOTIANA

SANDERAE HYBRIDS—These flower from early summer until late in autumn. Their beauty is beyond description, flowers being purple, dark red, snowwhite, violet, salmon, pink, crimson, and various other shades. It is a very easily cultivated plant, thrives in any soil, either in pots or in the open ground. The cut blooms last well, opening freely in water. All colors mixed. Pkt. 7c.; 2 pkts. 10c.

NICOTIANA
SANDERAE
HYBRIDS

PANSY

Giant Masterpiece

This giant Pansy is remarkable for having its petals waved or folded, giving it the appearance of a double flower. The truly giant sized flowers are of the most striking character; the petals being of a rich, velvety substance and heavily ruffled. The colors are mainly dark rich shades, bordered, blotched or marked in ray-like veinings. The mammoth size, richness and beauty of colorings makes the Masterpiece one of the most interesting pansies ever developed. Pkt. 15c.; 2 pkts. 25c.; $\frac{1}{8}$ oz. 50c.

GIANT MASTERPIECE

SUNFLOWER

SNOW ON THE MOUNTAIN

Snow on The Mountain

EUPHORBIA VARIEGATED—An annual growing 2 ft. high with broad green leaves veined and margined with white. Very fine and ornamental for borders and may also be very attractively used in a bouquet with other flowers. Pkt. 5c.; $\frac{1}{4}$ oz. 15c.

SUNFLOWER

CHRYSANTHEMUM FLOWERED—Grows 4 to 5 feet tall. Perfectly double. The color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 7c.; 2 pkts. 10c.

LARGE FLOWERING PANSY

SPIDER PLANT

Plants grow to a height of 3 $\frac{1}{2}$ ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty room. Pkt. 8c.; 2 pkts. 15c.

PYRETHRUM

PYRETHRUM

AUREUM — One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliaged plants. Pkt. 7c.; $\frac{1}{8}$ oz. 15c.

SPIDER PLANT

POPPIES

ICELAND MIXED — Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 12 in. long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. Pkt. 7c.; 2 pkts. 10c.

ICELAND POPPIES

Hardy Sweet Pea

JUNG'S FANCY MIXED — The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweet-pea like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 8c.; 3 pkts. 20c.

HARDY SWEET PEA

German Iris

Iris undoubtedly are one of the most popular hardy perennials and they well deserve their popularity. They are inexpensive, unusually hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors.

WM. MOHR—One of the most sensational and most pleasing ever originated. The flowers are truly mammoth in size, often 6 in. across, a beautiful shade of lilac. It makes rather small plants and WM. MOHR roots but the flowers are about the largest of any. Each 35c.; 3 for \$1.00.

RAMESES TOP LEFT—PERFECTION

1—DR. CHAS. MAYO—Another new giant flowered Iris of rare charm and beauty. Color is a fine blending of deep lavender and pink, blossoms early, and is very fragrant. Each 20c.; 3 for 40c.

2—CLARA NOYES—A fine blend of peach, apricot and orange. Very showy. Each 25c.; 3 for 50c.

3—ELIZABETH EGELBERG—A vigorous grower and profuse bloomer. Standards a fine blend of pink and lavender; falls a rich shade of violet. Each 25c.; 3 for 40c.

4—GRACE STURTEVANT—One of the richest colored and showy Iris. Standards dark mahogany-red with rich velvety falls that are still darker in color. Flowers of giant size. Each 20c.; 3 for 45c.

5—HEAVENLY BLUE—Gigantic deep blue throughout. A rare beauty. Each 25c.; 3 for 50c.

6—INDIAN CHIEF—This fine new Iris ranks as one of the best "near" red varieties. Standards are a beautiful violet-red, falls deep rich glowing velvety red. It is greatly admired by all Iris lovers. A rare beauty. Each 30c.; 3 for 65c.

7—PINK SATIN—Clear light pink. Flowers large with satiny sheen. Tall and stately. Each 25c.; 3 for 50c.

8—PERFECTION—Very showy and tall stately grower. Standards clear light blue, falls dark velvety violet black with orange beard. Each 20c.; 3 for 50c.

9—PRAIRIE GOLD—Deep canary yellow, profuse bloomer. Each 20c.; 3 for 50c.

10—RAMESES—Another of the new Iris whose beauty must be seen to be appreciated. Its color is a wonderful combination of rose, pink and buff beautifully blended together. A vigorous grower and free bloomer. Each 20c.; 3 for 40c.

Special Iris Offer No. 1

One strong plant of each No. 1 to 10, 10 in all, regular price \$2.25, for \$1.50. Never before have you been able to get such grand new Iris for such a reasonable price.

F. Sanford, Ohio.—The fine Iris roots you sent me are far superior to any I have ever purchased before and I have bought hundreds.

INDIAN CHIEF

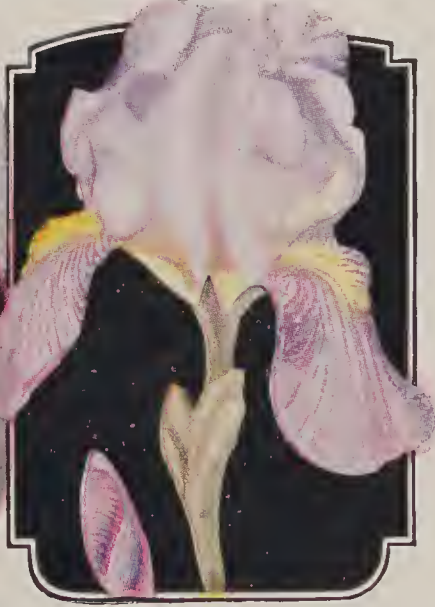

CORONATION

MORNING SPLENDOR

AMBASSADEUR

DREAM

AMBASSADEUR—The aristocrat of the Iris, considered one of the very best. Grows 3 ft. tall, flowers are giant in size, standards reddish violet, falls velvety purple maroon. Each 15c.; 3 for 35c.

CORONATION—One of the finest tall yellow Iris. Flowers large plant tall, strong and hardy. Each 15c.; 3 for 35c.

DREAM—A tall grower, 36 in., and the best of its color, both falls and standards a lovely lilac pink. Each 20c.; 3 for 40c.

MOTHER OF PEARL—A wonderful Iris due to its desirable color which is a lustrous bluish-lavender. A vigorous grower, and prolific bloomer. Each 15c.; 3 for 30c.

MIDGARD—The most profuse bloomer and also very fragrant. Color a lovely combination of pink and yellow. Each 15c.; 3 for 35c.

MORNING SPLENDOR—The most outstanding of the so-called "reds", one of the most showy varieties for landscape use. It grows tall and flowers very freely. Color is rich violet-rose, the falls a little deeper. Each 20c.; 3 for 40c.

LENT A. WILLIAMSON—A strong grower and free bloomer. Standards erect, soft violet blended yellow towards base; falls rich royal purple. Each 15c.; 3 for 30c.

SNOW WHITE—This is classed as the very best pure white. Flowers of giant size and heavy substance. Plants tall and entirely hardy. Each 20c.; 3 for 40c.

Special Iris Offer No. 2

One strong plant of each of the eight fine Iris as listed below lower picture for only 70c. Each plant labeled.

GEM EVERBEARING

Jung's Northern Grown Strawberry Plants

GUARANTEE—We guarantee all plants and shrubs to reach you in good condition and will replace free of charge any damaged plants but complaints must be filed within 10 days after receipt of plants. A guarantee certificate is sent with each shipment.

WAYZATA EVERBEARING—This giant fruited heavy bearing strawberry is hard to get this year. Plants very scarce. 25 for \$1.25; 50 for \$2.25.

Gem Everbearing

Another new Everbearing Strawberry that is sure to become popular. Plants set out this spring will bear one crop this fall, another next June and then again in the fall, or 3 crops in 18 months. "Gem" produces vigorous plants that soon form a wide fruiting row, and bear abundantly. Berries are of good size, even and uniform in shape, deep red in color and are very sweet flavored. You will be pleased in every way with this "Gem". Strong, well rooted plants: 25 for 60c.; 50 for \$1.00; 100 for \$1.50, postpaid.

Extra Early Premier

The Wonderful New, Extra Early Strawberry. Finest Quality. Heavy Yielder. Large Size Berries.

Premier is the very best extra early Strawberry. However earliness is not its only good feature as the berries are of the finest quality, color and flavor and every berry is of large size and uniform shape. The plants are strong, vigorous growers and can be depended upon to produce a good crop even under unfavorable conditions. Whether wanted for the home or market garden it is the strawberry you should grow. 25 for 50c.; 50 for 85c.; 100 for \$1.25.

JUNG'S WONDERBEARING

DORSETT

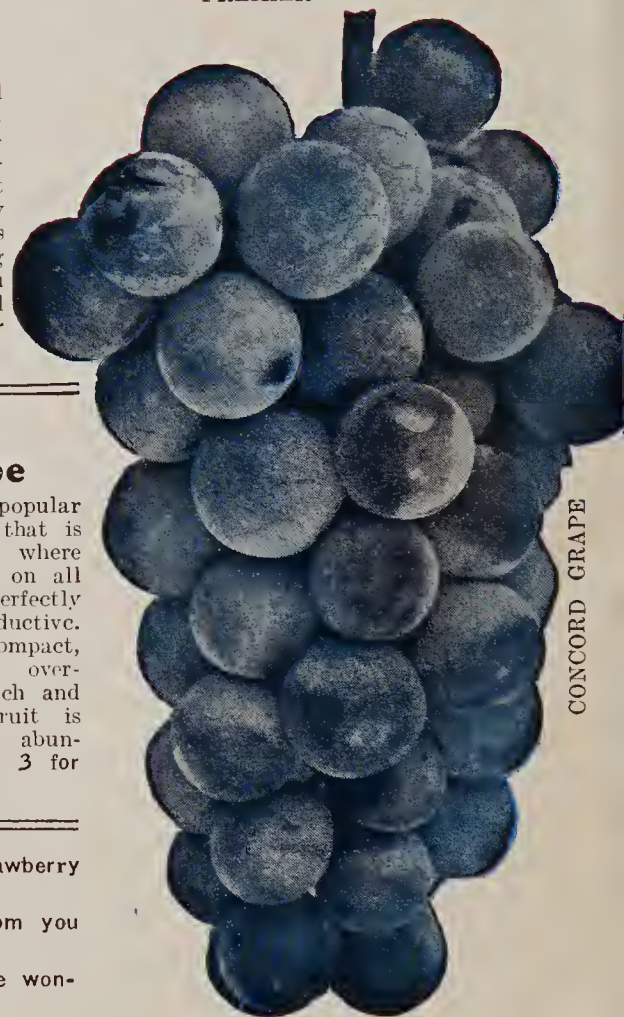

PREMIER

Jung's Wonderbearing

A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. We offer plants of our own growing: 25 for 40c.; 50 for 65c.; 100 for \$1.00.

Dorsett

This is a new Strawberry originated by the U. S. Dept. of Agriculture. Dorsett is one of the heaviest producing strawberries, berries are even larger than Premier. The berries are light red, average very large in size, very solid and always command top prices on all markets. It makes a strong sturdy plant full of life and vigor. You will be delighted with this wonderful new strawberry. 25 for 60c.; 50 for \$1.00; 100 for \$1.50, postpaid.

CONCORD GRAPE

Jung's Berry Collection

If you want the best Berries to be had try the following:

- 25 Gem Everbearing Strawberries
- 25 Jung's Wonderbearing Strawberries
- 12 Latham Raspberries
- 12 Giant Cumberland Raspberries
- 12 Giant Everbearing Raspberries

At catalog prices these amount to \$3.20 but as a special offer we will send the above all charges prepaid for only \$2.75.

The Wonderful Concord Grape

Concord is the most popular Grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black overspread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. Strong 2 yr. plants: 3 for 45c.; 12 for \$1.25.

Floyd D. Crane, Adrian, Mich.—We are now making money off of the fine strawberry plants you sent us three years ago. They certainly are great.

John J. Stryker, Rockville, Ind.—The Roses and Strawberry plants I bought from you last year are really fine.

J. H. Boniface, Perry, New York—The strawberries I ordered from you have done wonders.

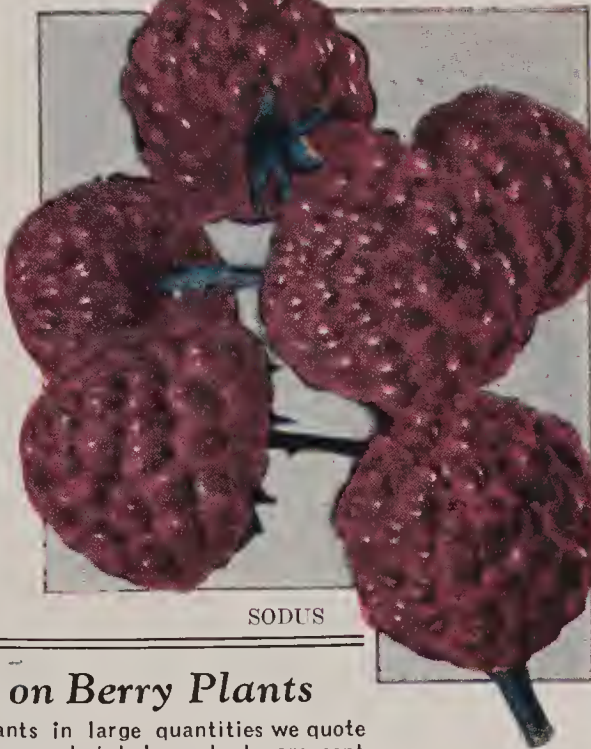

GIANT EVERBEARING

Giant Everbearing

BEARS FROM JULY TO OCTOBER

A wonderful raspberry that will give you a fine crop of berries from July until hard frosts in the fall; will produce a nice crop the first season if planted in good soil. Berries are bright crimson in color, large size, firm and sweet. Canes are vigorous growers and well covered with heavy green foliage. This is a heavy bearer in the regular berry season and besides will give you a crop in the fall when fresh berries are always welcome. Price of strong disease-free plants: 12 for 60c.; 25 for \$1.00; 100 for \$3.00.

SODUS

LATHAM

Raspberry Plants

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

How to Grow Berries

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete, cultural instructions for small fruits and will send same with every order for plants.

Latham

THE GIANT RED RASPBERRY

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily, together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either the home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 35c.; 12 for 65c.; 25 for \$1.00; 100 for \$3.25.

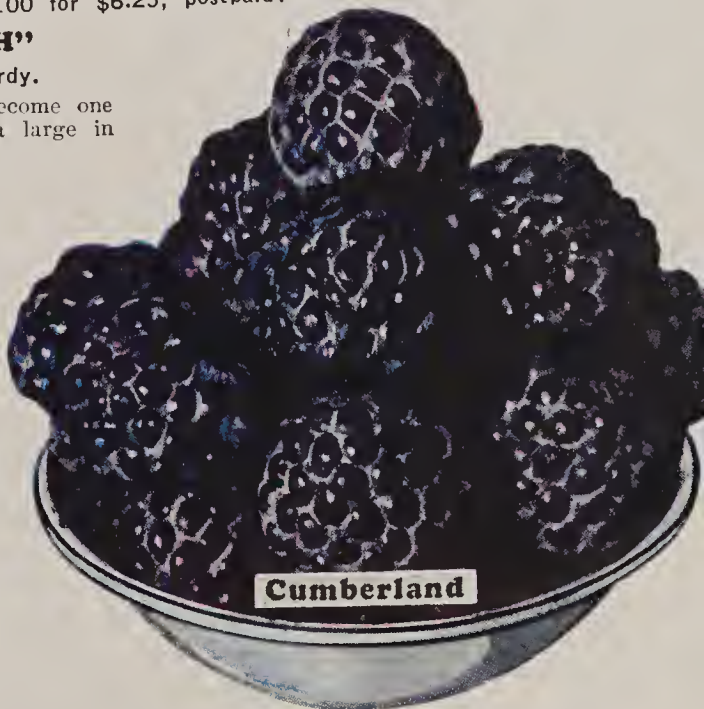

The Best Purple Raspberry

Sodus

Far superior to Columbian as the berries are larger, of better quality and the plants are hardier. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. Strong 2 yr. plants: 12 for \$1.00; 25 for \$1.75; 100 for \$6.75.

Cumberland

This is offered with the full assurance that it is the most desirable variety, because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor of growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. By far the best results in growing Black Raspberries have been obtained from 2 yr. to transplanted plants. We are now offering only 2 yr. old plants at prices very little more than was formerly charged for inferior 1 yr. plants. Please bear this in mind when comparing prices. Heavy 2 yr. Plants: 6 for 50c.; 12 for 95c.; 25 for \$1.65; 100 for \$6.25, postpaid.

Cumberland

Mrs. Elmer Mahaffey, Mich.—I am very proud of my Raspberry Plants which I bought from you last spring. Every one of them is growing.

New Red Raspberry "NEWBURGH"

Mammoth in Size. Heavy Yielder. Very Hardy.

This wonderful new Red Raspberry promises to become one of our most widely grown varieties. Fruit is extra large in

size, very firm and of a bright attractive red color, in fact the largest sized red raspberry grown. It grows a remarkably vigorous bush and often bears such a heavy crop that the canes bend to the ground.

Whether you grow berries for the home or market you will make no mistake in planting 'Newburgh'. Strong disease-free plants of our own growing: 12 for 75c.; 25 for \$1.25; 100 for \$3.90.

NEWBURGH

EVERBLOOMING WONDER LILY

New Everblooming

Easy to Grow. Sure to Bloom. Rivals Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 3 to 4 ft. tall and carry from 10 to 15 long, trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. The bulbs we offer are extra strong and will bloom this summer. Each 20c.; 3 for 50c.; doz. \$1.40.

Notice

Do not confuse our Lilies with some that are offered at "bargain" prices which usually are small inferior stock.

All of the Lilies we send out are strong select bulbs which are sure to bloom this summer.

SCARLET CLIMBER ROSE

Hardy Lilies

Hardy Yellow Day Lily

A perfectly hardy yellow lily that needs no protection and will thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies make a fine show in any garden or border with their many tall stems of fragrant wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. Each 15c.; 3 for 35c.; doz. \$1.00.

The Beautiful Regal Lily

A magnificent new lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-year, blooming bulbs which should not be confused with small sizes often offered at low prices. Each 15c.; 3 for 40c.; doz. \$1.40.

REGAL LILY

Red Russian Lily

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall, blossoms in June. One of the most easily grown lilies and is very hardy. Each 15c.; 3 for 40c.; doz. \$1.35.

Hibiscus

The beautiful perennials bloom in late summer when flowers are scarce. The plants grow 3 to 4 ft. tall and may be planted among shrubs or used as a background. Flowers are large and showy, 4 to 5 in. across, most of them bright red. **Strong Plants:** 3 for 40c.; doz. \$1.25. We can also offer seed at 10c per pkt.

Scarlet Climber Rose

The size of flowers, profusion of bloom and dazzling red color make this one of our most gorgeous climbing roses. The flowers are large in size, very double and are borne on clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2 yr. field grown plants:** Each 35c.; 3 for 90c.

For other Beautiful Hardy Roses See Inside Back Cover.

YELLOW DAY LILY

Special Offer

One large strong bulb of each of the four fine Lilies on this page for 60c.; 3 of each for \$1.50.

RED RUSSIAN LILY

HIBISCUS

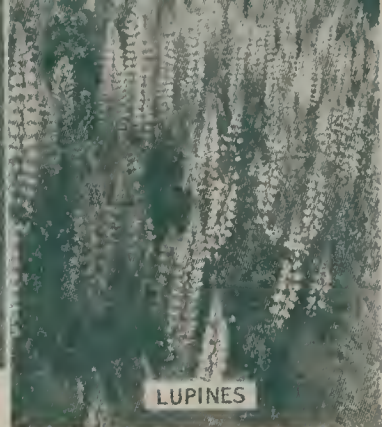

DELPHINIUM

GAILLARDIA

STOKESIA

LUPINES

HARDY PERENNIALS

We offer a list of the most popular perennials, varieties that are easy to grow and sure to please.

AQUILEGIA or HONEYSUCKLE

GIANT FANCY HYBRIDS—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations hardly two plants producing flowers that are exactly alike.

DELPHINIUMS

FANCY BLUE HYBRIDS—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plant that should have a place in every border or garden. They for cutting and very graceful for bouquets.

GAILLARDIAS

GIANT FANCY HARDY—A very desirable and showy hardy that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until fall. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets.

CANTERBURY BELLS

GIANT FLOWERED MIXED—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bellshaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

COREOPSIS

GRANDIFLORA MIXED—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

FOX GLOVE

MAMMOTH FLOWERED MIXED—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

CHINESE LANTERN

This is a highly ornamental and interesting plant grown for its bright colored balloonlike fruits or husks that cover the bush in late summer or autumn. The fruits are about 1½ in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets.

HOLLYHOCKS

DOUBLE ROSE FLOWERED MIXED—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 7 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer a superb mixture of the best double flowering varieties.

PLATYCODON

GRANDIFLORA MIXED—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bellshaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

SWEET WILLIAM

GIANT PERFECTION MIXED—Popular hardy perennials that are splendid for beds or borders. They produce large heads or clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

FANCY HARDY LUPINE

These beautiful hardy plants produce handsome bushes of soft green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

HARDY BLUE STOKESIA

A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

L. E. Crenshaw, Okla.
—We like your seeds, they give us a much better garden.

CANTERBURY BELLS

FOX GLOVE

PLATYCODON GRANDIFLORA

SHASTA DAISY

SHASTA DAISY

GIANT WHITE—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

SPECIAL OFFER

Any Perennials on this page: Pkt. 7c.; 3 pkts. 20c.; 6 pkts. 35c. One pkt. of each, 13 in all, for 65c.

H. Clyde Hoover, Ohio—Well pleased with your seeds and service these many years.

COREOPSIS

CHINESE LANTERN

SWEET WILLIAM

HOLLYHOCKS

DWARF IRIS

Dwarf Iris

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris, flower beds; also desirable for rock gardens. They come into bloom very early and spread freely soon forming a solid mass of color. Deep blue black in color. 6 for 30c.; doz. 50c.

For a Fine Selection of Fancy Tall Iris See Page 61.

RAINBOW FLOWER GARDEN

Rainbow Flower Garden

In this mixture we have made up a fine selection of easily grown, free flowering annuals that will make a bright spot in your garden besides supplying flowers for bouquets from early summer until fall. If you wish a grand collection of many bright flowers at small cost a packet of this seed will be what you want. Each packet contains enough seed to sow a row 40 to 50 ft. long or a bed 10 by 15 ft. Large pkt. 8c.; 3 pkts. 20c.

E. G. Warner, III.—The shrubs I received were very fine, am more than pleased with them.

Bridal Wreath or Spirea V. H.

This most popular and widely grown hardy shrub needs no detailed description. Can be grown singly, in groups and also fine for a hedge. We have an excellent lot of plants to offer this year at very low prices. Strong 2 yr. field grown plants: 3 for 50c.; doz. \$1.60; 25 for \$3.00; 100 for \$10.50, delivered prepaid.

BRIDAL WREATH

Protect Your Shrubs and Plants Spray with "DOG-ZA-WAY"

This new repellent is guaranteed to be the most effective and efficient spray on the market. Especially prepared for use in gardens where one is bothered by dogs and other animals. It is non-poisonous and guaranteed not to injure dogs, plants or others coming in contact with it. Only a solution having a disagreeable odor offensive to animals with a keen sense of smell. Applied with a small hand sprayer and lasts several weeks. Indispensable around the home and garden. 3 oz. can 35c.; 3 for \$1.00. Money refunded if not satisfactory.

AMOR RIVER PRIVET

Amoor River Privet

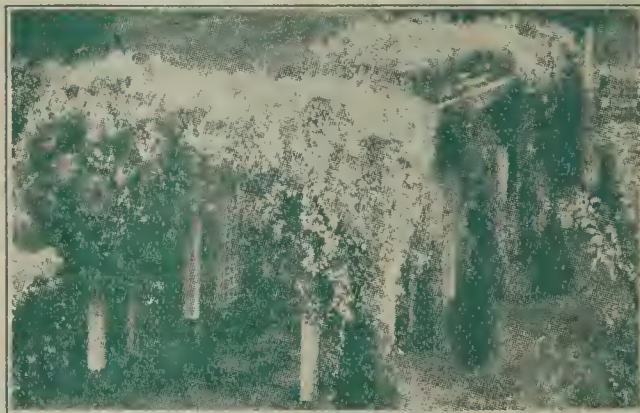

This is the true hardy strain and is one of our best hedge plants. They make a dense growth of foliage, almost like an evergreen as the foliage retains its green color and remains on the plants until late winter. Can be pruned to suit your fancy as the more it is cut back the denser it will grow. We offer 2 yr. transplanted plants, heavily branched and rooted: Doz. 95c.; 50 for \$3.25; 100 for \$5.95, delivered prepaid.

GIANT FANCY IRIS

Jung's Fancy Iris

Never before have you been able to get such a fine collection of Shrubs and Vines for such a reasonable price. Iris well deserve their great popularity as they are very hardy, easy to grow, sure to bloom and not bothered by any insects. A row or border of Iris is a grand sight when in full bloom and they remain in bloom over a long period of time. The Iris we offer in this mixture are all large flowering varieties and fine bright colors that are sure to please. We are offering them at such reasonable prices that you can well afford to plant a nice long row. Set the plants 12 to 15 in. apart, full instructions on planting are sent with each order. Strong select plants: 6 for 40c.; 12 for 75c.; 25 for \$1.40.

SILVER LACE VINE

Jung's Special Shrub Collection

(Illustrated in Colors on Front Cover)

One strong 2 yr. field grown of the following 7 Fine Hardy Shrubs and Vines for only \$1.50, postpaid.

FORSYTHIA—Golden Bell	PERSIAN LILAC
GOLDEN ROSE OF CHINA	SPIREA—Anthony Waterer
HYDRANGEA—Pan. Grandiflora	SPIREA—Van Houttei
SILVER LACE VINE	

New Improved Semesan Jr. increased the yield on the average 3.55 bushels per acre. Only 4 ears, or 3½ pounds of corn required to pay for this increase in yield.

Only 0.4 of a bushel of the average yield increase of 35.4 bushels was required to pay for the Improved Semesan Bel, leaving a return on money invested of 9830 per cent.

Treat Your Seed Corn With New Improved SEMESAN JR.

Diseases of corn, such as Ear, Root and Stalk Rots that attack corn cause millions of dollars loss every year to the American farmer. Semesan Jr., not only holds these diseases in control but it also increased the yields from 5 to 10 per cent. We have found it extremely valuable for treating all of the corn we plant, especially when the soil is wet and cold, as it will prevent rotting of the seed. It is easy to apply to the seed by dusting, using 2 to 3 oz. to a bushel of seed. It only costs 3 to 5 cents per acre to treat your seed corn and we believe is one of the best paying investments any farmer can make. Ask for booklet on Treating Corn With Semesan Jr. 4 oz. can 35c.; 1 lb. can 85c.; 5 lb. can \$3.50.

Treat Your Potatoes With New Improved SEMESAN BEL
Easy to Apply. Costs only 2c per Bu. Prevents Scab and Rot. Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of most any kind of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1½ to 3 cents per bushel. Full instructions on every can. 4 oz. can 50c.; 1 lb. can \$1.60; 5 lb. can \$6.75.

Increase Your Grain Yield by using Improved Ceresan

PREVENTS SMUT. INCREASES THE YIELD. LOW COST.

Why grow smutty grain, which greatly reduces your yield, when for 2 to 3c per bu. you can treat your seed and prevent a loss. Very effective in preventing bunt or stinking smut on wheat, covered smut and stripe disease on barley and smut on oats. Also improves the stand and will increase your yield from 3 to 5 bu. per acre. Easily and quickly applied, requires no water, and will not bother in sowing after it is treated. A pound can will treat 30 bu. of seed grain. Full instructions on every can. 1 Lb. can 75c.; 5 lb. can \$3.00.

Wis. Hybrid Ensilage Corn

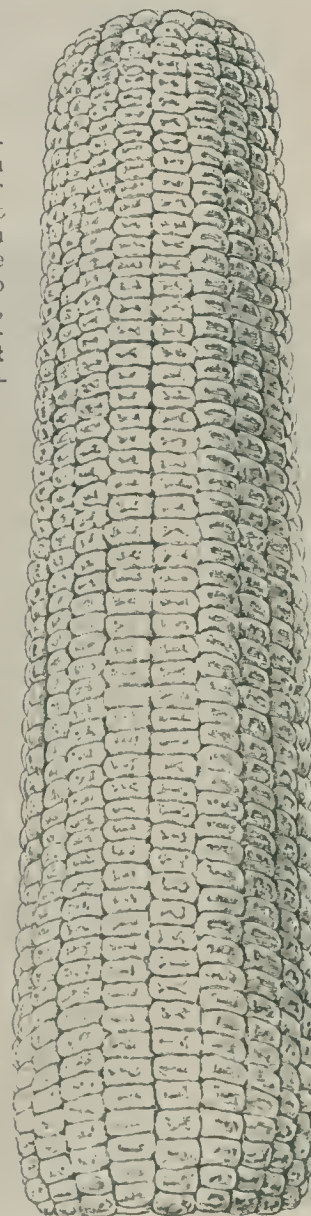

Giant Ears. Always Stands Up. Tall Leafy Stalks.

Here is a heavy yielding Hybrid Corn that is hard to beat for either ensilage or ear corn. It grows a strong, tall, leafy stalk, 9 to 10 ft. that will withstand lodging and in addition each stalk will produce a large well developed ear. The stalks and leaves remain green for a long time thus making a very fine quality of ensilage. Those who had lodged corn the past season will appreciate corn that stands up under adverse conditions like this corn did. Ears are well developed, 8 to 10 in. long and a rich golden yellow color. Yields of 60 to 70 bu. per acre have been frequent. We offer state certified seed grown on our own farms in Columbia Co., Wis. Flat kernels: Bu. \$5.75; 5 bu. \$27.00. Graded Round kernels: Bu. \$3.90; 5 bu. \$18.50.

Sudan Grass

The Wonderful New Forage Plant

Sudan Grass, although comparatively a new plant, is becoming very popular. It is far more valuable for hay than millet or any of the sorghums as it is just as easy to grow and will produce more and better hay. It makes a heavy yield, 3 to 5 tons of cured hay per acre, usually two cuttings per season can be made for if cut before the seed ripens it will grow again like alfalfa. The hay is of excellent quality and all kinds of stock eat it readily. An excellent crop to sow after early peas at it can be sown as late as July 10th and still make a crop. Sow broadcast like oats, 20 to 25 lbs. per acre, any time from May 20th to July 10th. Try some, we know you will like it. Lb. 30c.; 3 lbs. 65c., postpaid. Not prepaid: 25 lbs. \$1.35; 100 lbs. \$4.75; 500 lbs. \$22.25.

WISCONSIN HYBRID ENSILA

Jung's Select Farm Seeds

No other article will bring a farmer greater returns on his investment than planting the best seeds it is possible to purchase. It costs just as much to raise a poor crop as a good one and without good seeds the best land and cultivation cannot produce a good crop. The Farm Seeds which we offer are uniformly of the VERY BEST GRADE, free from foul weeds and of high germination. The Earliness and Tremendous Productiveness of Northern Grown Seeds needs no comment, they stand at the head of the list. No charge for bags, remember this when comparing prices. All prices subject to change.

Wis. No. 38 Barbless Barley

The Coming Barley. Smooth Beards, Easy to Handle as Oats. Large Plump Kernels. Heavy Yielder. Why grow the old bearded Barley any longer? The new barley is pleasant to handle, will also yield more and is a No. 1 brewing barley. The beards are smooth and will not cling like the ordinary barley and for this reason will soon displace the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wis. Exp. Station over a period of four years the Wis. 38 average yield was 54.6 bu. per acre. We have some very nice seed, clean, plump and free from foul weeds. Lb. 35c.; 3 lbs. 60c., postpaid. Not prepaid: Pk. 40c.; bu. \$1.10; 2½ bu. \$2.60; 10 bu. \$9.95. Bags free.

SEED OATS

We make a Specialty of Pedigree Seed Oats. This is not oats that is bought on the open market, given a fancy name and then sold at a good price. Our Oats is grown from the best Pedigree stock on clean land and can be relied upon to give the best satisfaction.

NOTE—Owing to extremely unfavorable weather conditions seed oats this year are not as heavy as normal. However, you will find they will grow and under normal conditions will produce a good crop.

WIS. NO. 38 BARLEY

Wis. No 5 Bumper Crop

A Pedigree Oats originated at the Wis. Experiment Station. Wis. Ped. No. 5 has a very thick, white kernel, medium in length, heavy and very attractive; in fact the finest looking oats we have; big fat kernels fairly bursting with life and energy. It grows a strong rank straw and is especially adapted for heavy clay soils. Has made splendid yield records. Lb. 25c.; 3 lbs. 50c., postpaid. Not prepaid: Bu. 75c.; 2½ bu. \$1.70; 10 bu. \$6.75. Bags free.

Wis. No. 1241 "Forward"

Forward is a new pedigreed variety from the Exp. Station. It is a handsome white, medium early, heavy yielding oats that is giving splendid results in all parts of Wis. The kernel is pure white, plump, medium in size and has a thin hull. It grows a medium height straw and stands up well. We have a fine stock of this seed to offer this year. Lb. 25c.; 3 lbs. 50c., postpaid. Not prepaid: Bu. 75c.; 2½ bu. \$1.75; 10 bu. \$6.85; 25 bu. \$16.75. Bags free.

Thatcher Spring Wheat

Rust Resistant. Ripens Early. Heavy Yielder.

We have tried out many different varieties of Spring Wheat on our farms and have had the best results with Thatcher. It was originated by the Minn. Exp. Station and has given the best yields of any variety. It is beardless, early maturing and stands up well. Tests have proved it to be equal to Marquis for milling and baking qualities. Sow not over 1¼ bu. per acre as it stools out heavily. Certified seed of our own growing. Lb. 30c.; 3 lbs. 60c., postpaid. Not prepaid: Bu. \$1.45; 5 bu. \$6.75.

Giant Japanese Buckwheat

Heavy Yields. Vigorous Grower. Large Kernels.

A new variety of great merit, it grows a stronger plant and yields much larger crops than the older strains. Seed dark brown, almost black, extra large in size and will command an extra price on the market. An excellent crop to kill out quack grass. Extra choice seed of our own growing. 3 lbs. 60c., postpaid. Not prepaid: Bu. \$1.85; 5 bu. \$8.75.

C. A. Heiserman, Wash.—Have tried many different firms but have not found any other seeds to equal those purchased from you.

WIS. NO. 5 OATS

FORWARD OATS

THATCHER WHEAT

GIANT JAP. BUCKWHEAT

WIS. GIANT ENSILAGE

Jung's Famous Wis. Giant Ensilage

WILL FILL YOUR SILO WITH LESS ACRES. TALL LEAFY STALKS—GIANT SIZED EARS.

Here is the corn for Wis. silos. Why plant southern ensilage corn that only produces stalks and leaves of little feeding value when you might just as well plant a corn that will give you the above and besides a very large developed ear that will make ensilage having real feeding value. This is a yellow dent corn and grows a very strong leafy stalk, 10 to 12 ft. on good soil, and produces ears larger than any Wis. Pedigree variety; it matures as early as Silver King and never fails to make the finest ensilage as the stalks are very leafy and juicy. It not only is the best ensilage for Wis. but is also very good as a general corn crop producing the most bushels per acre; the ears are so large that it does not take many to fill your basket. We have an unusually fine stock of this corn which was all grown in Wis. Lb. 30c.; 3 lbs. 75c., postpaid. Not prepaid: Pk. 75c.; bu. \$2.75; 2½ bu. \$6.50.

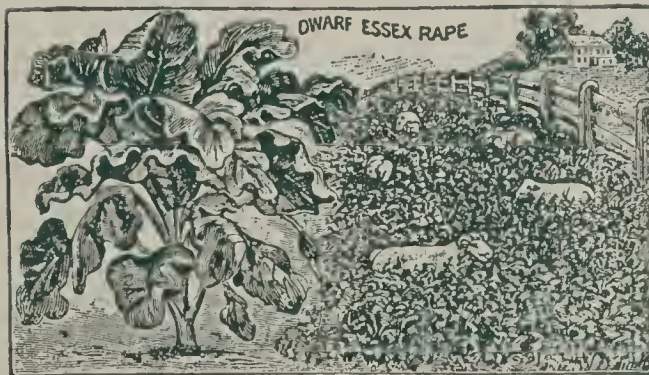

Soy Beans

German Millet

German Millet is very sweet, palatable and when fed to dairy cows produces a large amount of milk. On good soil it grows four to five feet high. It is very tender when cut at the right stage, which is when it is in full bloom. Not prepaid: Pk. 45c.; bu. (50 lbs.) \$1.40.

Japanese Millet

Japanese Millet is one of the most remarkable forage plants we have; remarkable for its marvelous luxuriant growth; remarkable for the immense amount of hay it produces from each acre; and remarkable for its feeding value. Requires less seed, 15 to 20 lbs. per acre. If desired for hay, cut just before it heads out. Not prepaid: Pk. 45c.; bu. (36 lbs.) \$1.50.

DWARF ESSEX RAPE

Wis. Grown Pedigreed Seed Corn

Our seed corn is fire dried as soon as husked. Seed Corn that is thoroughly and rapidly dried as soon as husked is much stronger in vitality and more resistant to disease than slowly cured seed.

All of our seed corn is carefully tested for germination before sent out. Order your seed corn and after it arrives test it in any way you wish within 10 days after you receive it. If it is not satisfactory in every way return it at our expense and your money will be refunded. Could anything be more fair?

Wis. No. 15-Improved Smut Nose Flint

EXTRA EARLY. ENORMOUSLY PRODUCTIVE. EARS OFTEN OVER 15 INCHES LONG.

This variety was developed, improved and first sent out by the Wisconsin Agricultural Experiment Association. It is more prolific than any other flint corn and also has a stronger stalk being especially well adapted to Wisconsin conditions. The ears are long, often 14 inches, and have eight rows of large yellow kernels which shade to deep red towards the tip. The stalks grow from 6 to 7 feet tall and make excellent corn to plant for "hogging down" as it matures so early. We have an excellent lot of seed of our own growing. Lb. 30c.; 3 lbs. 75c., postpaid. Not prepaid: Pk. 85c.; bu. \$2.95; 2½ bu. \$7.00.

Illini Soy Beans

Inoculate this Seed—See Page 71

Great for Silage; Equal to Clover for Hay.

Soy Beans have a double value as they are great for feed and also nitrogen gatherers, making the soil richer wherever they are grown. They can be sown broadcast for hay or sown in rows and cultivated if wanted for the beans. Soy Beans are much richer in protein than oil meal or bran and can be used to good advantage in making a balanced ration when ground with oats or barley. For ensilage they may be sown in rows or also planted with the corn as the corn binder will cut them very nicely. They are a tender plant and should be planted about the same time as corn. Probably the best all around variety as it makes a good growth about 30 inches tall and is excellent for ensilage. Lb. 25c.; 3 lbs. 50c., postpaid. Not prepaid: Pk. 40c.; bu. \$1.35; 2½ bu. \$3.25; 10 bu. \$12.50.

Reed Canary Grass

A very valuable pasture and hay crop suitable for low wet ground. Such land is almost worthless for ordinary farm crops but it can be made into some of your most productive land by sowing it to this crop. After once started it remains for many years, it will produce two cuttings of 3 to 4 tons of excellent hay or may be pastured. It is very hardy, never freezes out and has successfully come through the recent drought years. It makes a very high quality hay, much better than Timothy, is highly relished by horses and cattle. Requires 5 to 6 lbs. seed per acre, full planting instructions will be sent with every order. Lb. 50c.; 5 lbs. \$2.25, postpaid. Not prepaid: 10 lbs. \$4.25; 25 lbs. \$9.00; 100 lbs. \$35.00.

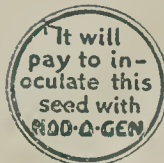

REED CANARY GRASS

Dwarf Essex Rape

The greatest of all forage plants. It is ideal for sheep pasture and is now largely sown for cattle and hogs. It furnishes an immense amount of green feed on a small area and its nutritive value is nearly twice that of clover. Under favorable conditions it is ready for pasturing in 6 weeks from the time of sowing and furnishes excellent feed throughout the summer and fall. Dwarf Essex Rape thrives best on good soil, rich in vegetable matter. Rape should be sown in drills at the rate of three pounds to the acre or broadcast using six to eight pounds to the acre, all through the summer months so as to furnish a successive crop of sheep and hog feed. We handle the VERY BEST SEED which is always sure to give satisfaction. Lb. 25c.; 3 lbs. 60c., postpaid. Not prepaid: 10 lbs. \$1.00; 25 lbs. \$2.45; 100 lbs. \$9.00.

Fancy Recleaned Clover Seed

Clover is without any question the most popular and widely grown crop for hay, pasture and also for building up or enriching the soil. This season the price of the seed is very reasonable and every farmer should sow clover liberally. In sowing clover nothing is more important than that the seed be pure and free from foul weeds. Beware of imported clover, it may be cheaper in price but it is not suited for our climate and often contains many foul weeds. Prices subject to market change.

Medium or Red Clover

We have an unusually fine stock of Medium Clover Seed. It is bright, pure, of high germination and free from foul weeds. This is the standard Red Clover and a dependable all-around variety for farmers and stockmen. It makes two crops a year. The first is usually cut when in bloom for hay; the second crop may be cut for hay, harvested for seed or plowed under to add fertility to the soil. It pays always to buy the best grade of CLOVER SEED that can be obtained. Even though the first crop cost is more than the cheaper grade, it will be found in the long run that inferior seed is the most expensive, not only on account of less hay or seed produced from it but from the fact that one's land is liable to become infested with weed seeds. Sow GOOD CLOVER SEED and plenty of it. Fancy Northern Grown Seed: Lb. 45c.; 3 lbs. \$1.25, postpaid; not prepaid: Pk. \$3.50; bu. \$13.20; 2½ bu. \$32.00.

NOTE—The Clover seed which we are offering is all fancy recleaned seed grown in Wis., Minn., and Idaho. Do not confuse this with southern grown or imported seed which is not suited for the northern states.

SWEET CLOVER

Sweet Clover belongs to the family of leguminous plants and adds greatly to the fertility of the soil on which it is grown. Sweet Clover will grow and make a crop on soil where other clovers and grasses would perish and makes a very good hay for cattle, also excellent pasture for hogs, being the first to start in the spring and the last to be killed by frost in the fall. It is coming into popular favor more every year as its good qualities are being recognized. As the price of the seed is very reasonable every farmer should sow some.

Fancy White Blossom

A very popular and widely used variety for pasture and soil enriching; largely sown for all purposes. Fancy Seed: Lb. 35c.; 3 lbs. 80c., postpaid. Not prepaid: Pk. \$1.45; bu. \$4.80; 2½ bu. \$11.75.

Fancy Yellow Blossom

This is the large strain of Yellow Sweet Clover very similar to White Blossom except for color of flowers. Some farmers like it better for pasture as they say it stays green longer. Fancy Seed: Lb. 35c.; 3 lbs. 80c., postpaid. Not prepaid: Pk. \$1.50; bu. \$4.95; 2½ bu. \$12.00.

Our Sweet Clover seed is all scarified to hasten and improve germination.

KENTUCKY BLUE GRASS

Alsike Clover

The advantage of Alsike over Red Clover is its true perennial character and great hardiness. It will adapt itself to extremes of either wet or drought and will flourish on soils where red clover would not grow; it is also more leafy and does not have heavy stalks and for this reason makes a much finer hay especially when sown with Timothy. It is highly nutritious and very fragrant; excellent for bees. Also excellent for pasture as it is very hardy and seldom winter-kills. Alsike is the only clover that will thrive and not kill out on low places. Fancy Extra Clean Seed: Lb. 45c.; 3 lbs. \$1.25, postpaid. Not prepaid: Pk. \$3.10; bu. \$11.40.

Mammoth Clover

This is well known for its enormous yield and is largely used as a fertilizer to plow under green. It is very hardy and hardly ever freezes out. Also excellent for pasture as it produces so much forage. It produces very large crops of hay, 3 to 5 tons per acre. As a fertilizer to plow under green it has no equal; also excellent to sow with small grain for fall pasture, using from 4 to 6 lbs. per acre. Lb. 50c.; 3 lbs. \$1.35, postpaid; not prepaid: Pk. \$3.75; bu. \$13.80. Bags free.

ALSIKE CLOVER

Fancy Recleaned Timothy

As a crop for hay TIMOTHY is probably unsurpassed by any other grass. It is highly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is not suited for a permanent pasture as it will run out in the course of a few years. The largest crops of hay are raised on rich land. It is not suited for light, sandy soil as well as some other grasses. The most important point in the growing of TIMOTHY is the selection of GOOD SEED. POOR SEED, besides containing weed seeds WILL NOT ALL GROW. Extra Fancy Seed: Lb. 20c.; 3 lbs. 50c., postpaid; not prepaid: Pk. 90c.; bu. \$2.35; 2½ bu. \$5.60. Bags free.

Fancy Kentucky Blue Grass

Also known as June Grass. A very valuable grass for sowing down pastures and also the standard grass for lawns. We offer fancy heavy seed and price is very reasonable this year. Lb. 40c.; 3 lbs. \$1.10, postpaid; not prepaid: 10 lbs. \$2.00; 25 lbs. \$4.00; 100 lbs. \$14.50.

Fancy Hulled Red Top

A suitable grass for moist, rich soils where it thrives most luxuriantly. It is a good variety to sow with Timothy or clover for meadow or pasture and is more permanent than either of the other two. Lb. 40c.; 3 lbs. \$1.10, postpaid. Not prepaid: 10 lbs. \$2.90; 25 lbs. \$4.25; 100 lbs. \$14.75.

TIMOTHY

ALFALFA THE GREAT HAY CROP FOR AMERICA

It will pay to inoculate this seed with NOD-O-GEN

A clover-like leguminous plant of great importance as a hay crop; nutritious and rich in protein elements. It grows from 2 to 5 feet high and roots 8 to 12 ft. deep. It needs one season to become established; after that it yields enormous crops annually for years. Two to six cuttings per season, aggregating three to eight tons of cured hay are harvested, according to conditions and locality. It does well on all good rich soils, except heavy clay, if it is well drained. It is a perennial plant lasting many years under good treatment. It should be grown by every farmer and dairyman.

NOTE—All of the Alfalfa seed we offer is strictly select quality seed of the highest grade. It is plump, of high germination and free from foul weeds. Do not confuse this seed with second or screening grade often offered at "bargain prices".

We offer only NORTHERN GROWN ALFALFA SEED. The seed we are offering this year was all grown in Idaho, Canada and Nebraska. Carefully conducted trials at the Wis. Experiment Station at Madison, Wis., have proved that NORTHERN GROWN ALFALFA is the only seed to use in our Northern States as it stands the winter and will produce heavy crops.

Hardy Canadian Alfalfa

This is probably one of the most hardy strains of Alfalfa, the seed we offer was grown in Ontario, Canada, and should, therefore, survive any Wisconsin winters. Its one great merit is the fact that it has a spreading root system instead of a long straight tap root like common varieties, this enables it to withstand heavy freezing without injury. You will find this strain to compare very favorably with the regular Grimm and it does not cost as much. We quote from the Agricultural college, Guelph, Ont., Canada. A large number of tests in past years have proved that common Alfalfa would not live long in Ontario. Variegated Alfalfas, such as Grimm and Ontario Variegated, however proved very hardy. In one experiment at the college hay has been cut 3 times a year for eleven years without re-seeding. The average yield of hay per acre was slightly over four tons each season. We offer Canada grown seed: Lb. 60c.; 3 lbs. \$1.60, postpaid. Not prepaid: Pk: \$5.25; bu. \$20.50; 2 1/2 bu. \$49.85.

Fancy Nebraska

This seed has been used in Wis. for many years with gratifying results and many farmers sow nothing else for their alfalfa crop. We have an unusually nice stock of this seed to offer this year, the seed is very plump, bright in color and free from foul weeds. Lb. 55c.; 3 lbs. \$1.50, postpaid. Not prepaid: Pk. \$4.75; bu. \$18.00.

Why You Should Grow ALFALFA

It is always advisable to inoculate Alfalfa.

It contains as much protein as wheat bran.

It does not exhaust but enriches the soil.

It produces from three to eight tons of hay to the acre.

One acre will pasture 20 hogs for 6 months.

Thirty-five pounds makes a full feed for fattening steers.

A lamb will winter and thrive on three pounds a day.

There is no state in the Union where ALFALFA cannot be successfully grown.

GRIMM ALFALFA

Certified Grimm Alfalfa

THE HADIEST OF ALL ALFALFAS. Succeeds where other varieties fail. Heavy Yields of fine stemmed and heavily leaved Hay. This is probably the hardiest and most popular Alfalfa. It was brought to Minn. by a German farmer named Grimm in 1857 and the seed we offer can be traced back to the original stock. Grimm Alfalfa can be distinguished from other varieties by its blossoms, which are yellow, blue green, etc., instead of all purple and by its branching root system. The great hardiness of Grimm Alfalfa is no longer questioned as under farm conditions and carefully conducted trials of the University of Wisconsin it has proved to be the hardiest variety known. We offer genuine Certified seed, of high germination and absolutely free from foul weeds. Lb. 60c.; 3 lbs. \$1.70, postpaid. Not prepaid:

J. R. Peek, Ohio.—Your service and products have always been most satisfactory and deserve the highest praise.

A SECOND CUTTING OF GRIMM ALFALFA

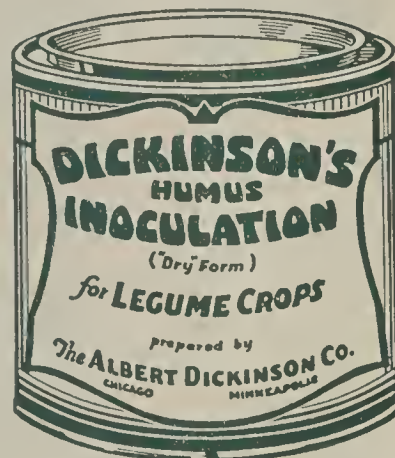

Dickinson's Humus Inoculation

Now you inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodules bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

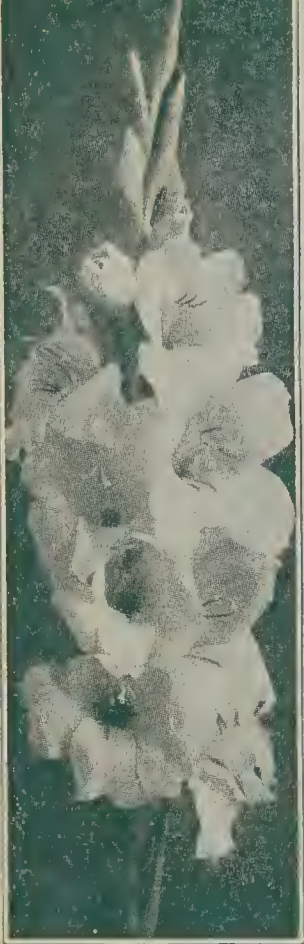

Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

This inoculation is put up for Alfalfa, Clovers, Soy Beans, Field Peas and Beans. Always mention for what crop inoculation is wanted.

SOLVEIG

Giant White Gladioli

"Solveig"

One of our best white glads. Immense flowers, heavily ruffled with a touch of rose on lower petals. Plant early for best results. 3 for 35c.; doz. \$1.25.

Two Grand New Peonies

"Le Cygne" the Aristocrat of Peonies

With a rating of 9.9, the highest rating, this ranks as the most nearly perfect Peony. Comes into flower early, blooms very large, ivory-white and exquisitely fragrant. Perfect rose type, a perfect flower on every stem. Special price on strong plants: Each 75c.; 3 for \$2.00.

"Solange"

Another grand new Peony with a rating of 9.7. Large rose-type flowers of a delicate soft cream pink color. A rare beauty and the nearest "yellow" peony to be had. Strong Plants: Each 60c.; 3 for \$1.50.

Mrs. Bert Sloan, Ind.—We got some Iris from you last year and they sure proved to be wonderful.

Bella M. Carpenter, N. Y.—Your Iris and Gladioli were the most beautiful we ever had, never expected Iris could be so wonderful.

LE CYGNE

Grand Special Iris Collection

25 Giant Flowered Gorgeous Iris for \$3.50

This fine Collection contains one of each of the 19 Iris described on page 61 and in addition 6 other new varieties that recently sold for \$10.00 each, also some of the new Everbloomers. These will all be strong plants, each labeled and many will bloom this year. Never before have you been able to buy such a grand selection of really select Iris for such a low price. If you want a real bargain this is it.

BUSH STRAWBERRY

New Annual Bush Strawberry

An entirely new strain of strawberry that may be grown from seed. If seed is started in March plants will commence to bear in August and continue until hard frosts. Unlike our standard strawberries this variety grows in bush form and has no runners. The deep red berries have the delicious flavor of wild strawberries and are borne abundantly. Pkt. of 200 Seeds 15c.; 2 Pkts. 25c.

Jung's Colossal Gladioli

These are mammoth sized bulbs, 2½ in. and up in diameter, and are for those people who want something extra special. The bulbs will grow plants 4 to 5 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and 3 spikes of flowers. Only the very choicest varieties are used and whether you order 3 or a dozen bulbs no two will be alike. Only a limited quantity is available. Order early. 3 for 30c.; 6 for 50c.; doz. 85c., postpaid.

Mrs. D. Hasty, Iowa.—The Gladioli I had from you last year were the largest and most beautiful I've ever had.

Mrs. J. C. Herwig, Nebraska.—I am writing to tell you how pleased I am with your nursery stock and seeds. Everything received from you grew and is so thrifty.

John F. Simmons, Ala.—More than pleased with my order, everything is growing beautifully.

COLOSSAL GLADIOLI

BANTAM RICE

POP CORN

Bantam Rice

The Bantam Rice is a dwarf growing corn, a heavy yielder of attractive ears which are very thick and yield an unusually large quantity of shelled corn. Its greatest merit, however, lies in the superior popping qualities, there being hardly any hull or shell when popped. It is most tender and delicious as it fairly melts in your mouth. It combines both quality and quantity being a heavy yielder and superior to any other in quality. Pkt. 7c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 50c.

FANCY GOURDS

GOURDS

Fancy Mixed

An interesting and valuable vine: grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{4}$ oz. 15c.

Mrs. Jack C. Graves, Neb. —I used your seeds for the first time last year and was certainly pleased with the crop I raised. From now on I am using Jung's seeds.

BABY DELIGHT

WATER MELON

Baby Delight or Climbing

Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The first melons ripen very early and the healthy vines keep on bearing until the end of the season. The melons weigh from 4 to 6 pounds, there are no misshapen melons on the vines, all running uniform and marketable. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 10c.; 3 pkts. 20c.; oz. 25c.

HENDERSON'S BUSH

Children's Page

On this page we list vegetables and flowers that children like. Your children will enjoy planting these things and watching them grow. Let your boys and girls have a little garden of their own, you will be surprised how much enjoyment they will get out of this work.

PEANUTS

Early Virginia

This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them; it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 5c.; pt. 25c.; qt. 45c.

RAINBOW FLOWER GARDEN

Rainbow Flower Garden

We have made up a choice mixture of easily grown, free flowering and brightly colored flowers. Each packet contains sufficient seed to sow a row 30 to 40 ft. long or a bed 10 by 15 ft. Sow a packet of this seed, it will make a bright spot in your garden and also supply many beautiful bouquets. Pkt. 8c.; 3 pkts. 20c.

MUSK MELON

Henderson's Bush

The Melon for Small Gardens; Requires Little Space. The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c.; 3 pkts. 25c.

Children's Collection

One pkt. of each of the 6 Fine Vegetables and Flowers on this page for 25c.

With each collection we will include a booklet on gardening free.

BELLE POITEVIN
SIR THOMAS LIPTON

TOP—AGNES
HANSA

Hardy Everblooming Roses

These roses are very hardy and can be grown in any part of the U.S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses. Once planted they are permanent, about all they require is to keep the soil worked around the bushes and occasionally a little well rotted manure well spaded in. They grow dense heavy bushes, 3 to 5 ft. tall and are well supplied with heavy shiny foliage.

AGNES One of the new hardy Rugosas. Grows a strong, bushy plant. The beautiful double yellow, fragrant blossoms are borne in abundance. Strong 2 yr. plants: Each 30c.; 3 for 75c.

BELLE POITEVIN Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. Strong Plants: Each 30c.; 3 for 75c.

SIR THOMAS LIPTON A pure white Rugosa Rose, flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2 yr. plants: Each 30c.; 3 for 75c.

HANSA One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong Plants: Each 30c.; 3 for 75c.

Mrs. J. Hamilton, Calif.—My order of roses and lilies from you arrived in fine condition; very much pleased with them.

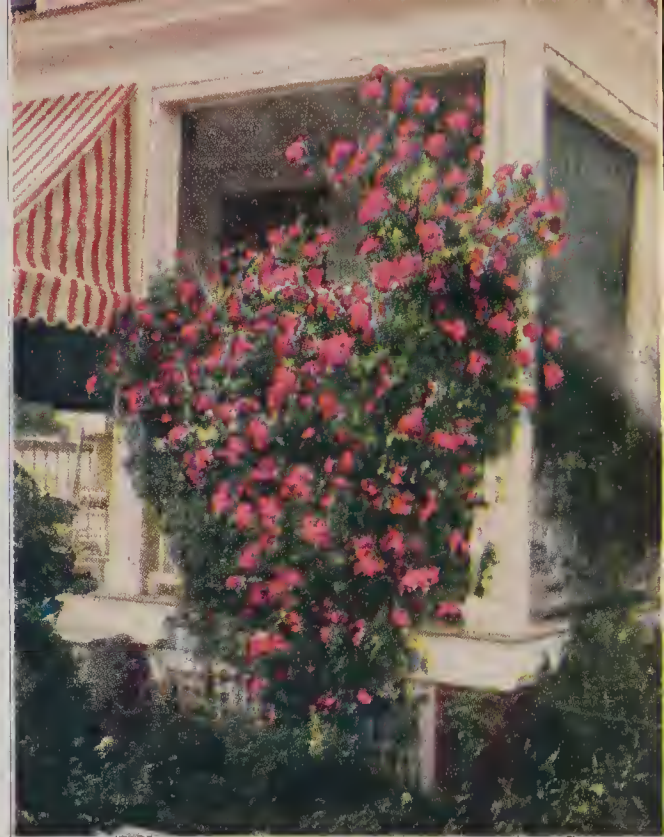

GOLDEN ROSE OF CHINA

CLIMBING ROSE

Red Dorothy Perkins

A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms which are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attack. Select 2 yr. Plants: Each 25c.; 3 for 65c.

RED DOROTHY PERKINS

PLEASE NOTICE

When comparing prices please bear in mind that we sell only 2 yr. strong field grown Rose Bushes. We do not offer small 1 yr. grafts such as are often offered at low prices.

Mrs. Lona Standing, Utah.—Received my shrubs and roses and am thrilled and pleased with them. Am enclosing another order.

GROOTENDORST

Dwarf Rambler Rose "F. G. Grootendorst"

A cross between Rugosa and Baby Rambler that blooms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red and very fragrant. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select Plants: Each 35c.; 3 for 95c.; 12 for \$3.50.

"Hugonis" or Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2 yr. plants: Each 25c.; 3 for 65c.; doz. \$2.25.

The Greatest Seed Bargain of this Year!
